STATE CLUBS ARE FORMED

North Powder Children Join the Organizations Formed by Miss Helen Cowgill.

NORTH POWDER (Special)—Miss Helen Cowgill visited the local school recently in the interest of the state clubs. Two clubs were organized, one for sewing and another for cooking. Miss Cowgill gave talks to the prospective club members and showed several prize articles in sewing. Mrs. Ruthman will have charge of the sewing club and Mrs. O'Bryen the cooking club. The parents of the children do the work allotted to them as it will make the work much easier for the club leader. This work is all done by the teachers without extra pay. North Powder is noted as a stock producing center and for its fine stock as well. This should be a fertile field for stock club work.

A dog belonging to Mike Correll was observed acting mad and was killed. The head was sent to the state board of health, of Portland, and a telegram received by Dr. Tenbrook stated the fact that the dog had rabies. There has been no reports in the past few days of any new developments in the disease. Mrs. Pearson and her little daughter are taking the serum treatment. A more strict order for the muzzling of dogs has been issued by the city council. Every precaution is being taken to stamp out this dread disease. That the people of North Powder do not get excited seems strange to visitors but it is known that the authorities have the situation well in hand and there is no cause for excitement.

A. H. Hunter and H. G. Avery were in town the first of the week lining up the farmers with a plan for the wheat growers and a number were out to hear them. Whatever promise relief to the wheat grower will prove welcome to them.

Mr. and Mrs. Chris E. Johnson was called to Portland by the death of a sister. Mrs. Johnson returned home on Saturday.

Mr. and Mrs. John McPhee and daughter, Leona, have returned to their home from a trip to Portland. They have been away for several days.

Gear Jacobson has shipped out four thousand head of sheep to his ranch at Huntington for lambing and early pasture.

Leo Sloan has moved his flock of the breed sheep into his lambing shed for the lambing time.

Thos. Gilkinson, one of the members of the teachers' training class of North Powder high school, substituted for Mrs. Ted Fisher in the West creek school two days last week on account of sickness of Mrs. Fisher.

January Chinook struck North Powder on the morning of January 27th and the snow is disappearing very fast.

The pupils of the North Powder high school will give the play entitled "When a Feller Needs a Reason" on Thursday evening. This is a three act comedy and promises to give all who attend an evening of fun and laughter. The students were divided into two divisions for the purpose of selling tickets and the latest report says that nearly all tickets have been sold. The losing side will have to give a food report in the past few days of any Million, who has charge of the play, has been in charge of other plays put on by the pupils of the North Powder high school and they were very good. She is coaching the players in this play.
