### L. H. S. Will Play Friday In Pendleton

Boys and Girls Teams to Invade Buckaroo Camp—Games Here Saturday.

(Continued from page 1)

but expect the strongest competition of the season against the Buckaroos.

The boys' team of Pendleton high school is making things hum in Unadilla county and is expected to be the strongest quintette the Blue and White boys have met yet this season. The Pendleton team, in the making last year to a certain extent, managed to defeat La Grande and this year, with a bunch of seasoned veterans, they are favorites over the local tossers although fans here believe that the Tigers have a good chance to win despite the odds.

Coch MacFavish has not announced yet how many men he will take to Pendleton, but a large number of student body rooters are expecting to accompany the team.

#### Union Strong

The game here with Union Saturday night is sure to be a fast one. Union, beaten by La Grande early in the season 17 to 18 at Union, has been steadily improving since that time and a week ago took Joseph down the line 24 to 21. La Grande was able to beat Joseph the following night but by a smaller score—13 to 12. Union is anxious to annex the coming game due to the defeat early in the season and reports from the Stock Show town indicate that the Maroon and White tossers are undergoing some intensive practice this week in preparation for the coming contest.

Officials have not yet been announced.

### RIVAL LACKING FOR DEMPSEY

Jack May Have to Look Ahead for Real Opponent in Ring; Stribling May Develop.

By DAVID J. WALSH, NEW YORK (INS).—Were fact divorced from fiction in an unguarded moment, it is altogether possible that Jack Dempsey might indicate to his superior now at home, that he is a contender for the world's championship. It is possible, even probable, that Dempsey must look beyond the present generation of contenders for the man who must beat him, inevitably and become champion.

Three men—Young Stribling, Paul Berlenbach and Art Stone—are conspicuous as possibilities at this immature moment. They are merely embryonic prospects, nothing more.

In the first place, one of them, Berlenbach, is just a heavy middleweight now, the other two light heavyweights. They are growing, but must continue to do so for some time to come before they can receive even heavyweight rating. After that they can look forward to an interesting season of trying to prove that they, all and severally, qualify for a bout with the champion.

In brief, it is a long slide from chump to champ, too long for the average homie.

All three, however, have one great virtue, to wit, youth. It is the great leveler. As time goes on, they can temper youth with strength and experience, if they survive the rigors of competition and mayhap a new world's champion will be created.

Stribling is the best of the three prospects at this moment. He is a tough, fast young man, quite devoid of punch. If he doesn't get one as he develops, Stribling will never become heavyweight champion, although the light heavyweight title may yet fall into his hands.

Neither Berlenbach nor Stone have proved that they can launch off a punch, because they have not yet met a first class man. Stone is a fair boxer and hitter, very fast for a big man. He has much to learn and may neglect this trifling detail, like many another before him.

Berlenbach is compared to Dempsey at an early stage of Jack's career—a great hitter, but easy to reach. Even at that time, however, the champion had given every indication of being able to weather a storm. Perhaps the same is true of Berlenbach. If so the young man will go extremely far.

That, however, is trifling with the future, an experiment open to either seer or sap. We are neither.

### OREGON WILL MEET AGGIES

Webfoot Tossers to Play O. A. C. Team Friday and Saturday.

EUGENE, (Special.)—The University of Oregon now leads the list in the race for Pacific Coast conference basketball honors. Last Monday evening the Webfoot tossers defeated the University of Washington Huskies by a margin of one point and now stand as the only undefeated contestants in the conference race.

Next Friday and Saturday night the University tossers will meet the O. A. C. quintet in the Eugene armory. These two games, Coach Billy Reinhart declares will be the hardest contests of the season. It is here that the lead the varsity has attained in the coast conference standing may go a glimmering.

To begin with Reinhart will have to meet the Aggies with a patched-up team. Harold Chapman guard for the varsity is out of the game for the rest of the season. An injured knee keeps him from playing. Holson, fast varsity forward was injured in the game with the Huskies and will probably not be in the lineup against the Aggies.

On the other hand, Reinhart has King to take Hobson's place and Gillenwaters and Just to fill the berth vacated by Chapman. All of these substitutes are good men, their only defect being that they have not had the benefit of extensive experience and intensive training.

During the week Reinhart will be occupied in getting King, in condition to take a forward berth and Gillenwaters and Just ready for a place at forward. Reinhart believes that four days of training will be sufficient to put these men in shape for the go with the Aggies.

In the game with the Huskies the varsity showed unexpected strength. Reinhart's coaching system has proved highly successful so far this season. The coach's novel tactics supported by a speed team such as Oregon, is recognized to have, should make the tilt with the Aggies one of the most interesting games in the conference series.

### K. C. TOSSERS DEFEAT M. I. A.

The Knights of Columbus quintette last night defeated the M. I. A. Quintette here 29 to 15 in a fast, interesting game.

Bud Thelison was high point man, Toots Garity second and Bob Garity third on the K. C. team. Reid Geddes was high point man on the M. I. A. team.

At Palm Beach, Newport—wherever smart folks gather—Lucky Strike is a reigning favorite.

The K. C. team was made up of the following players: Bud Thelison, Toots Garity, Bob Garity, Bud Newlin, Gus O'Connell and William Peare.

The M. Quintette personnel was Reid Geddes, Neph Combs, Warren Ashby, Frank Kilpack, Lloyd Walsh and Lovell Kilpack.

### DORMITORY IS ADDED TO IDAHO NORMAL SCHOOL

LEWISTON, Ida. (AP)—The latest addition to the Lewiston normal school group, a dormitory building constructed at a cost of \$60,000, was formally accepted by the Lewiston dormitory association and occupied recently.

The building has been named Elizabeth Spaulding hall, in memory of the wife of the missionary who established a mission at Lapwai in 1826. Seventy-six women students will be accommodated in the building.

### Berlin May Burn Famous Oaks

POSTDAM, (AP)—The royal parks of Potsdam, which fringe various avenues often traveled in the past by German rulers and their families, are threatened with destruction. The authorities say the trees have outlived their usefulness, that many of them are diseased, and that the municipality would realize quite a sum if they were turned into fire wood.

Members of former royal families who still make their home in the Potsdam palaces have joined with citizens in protesting against this plan, and assert that all the trees should be spared.

### Fourist Stanship Revives Old Ritual of Quaint Singing

LIVERPOOL, (AP)—For the first time in many years a Liverpool ship put to sea with passengers and crew "chanty" singing, up in the days of the old sailing lugger.

When the Orpesha, started re-

cently on an 11 weeks' four round South America, "chanty-master" W. S. Jones led the singing of "Down to Rio" passengers and crew later joining heartily in the chorus.

During the 19,000 mile tour of the Orpesha, the singing of chanties will be observed with all-its-own ritual.

February 11th, is last day to pay water rent without penalty. 2-7-24

### NOVEL PROGRAM NOW ARRANGED FOR SPORTSMEN

SPOKANE, Wash. (AP)—Members of the Spokane County Sportsman's association who attend the annual game dinner here this month will find a novel program arranged for their benefit, which, according to Dr. H. C. Litton, chairman of the banquet committee, should harmonize with the occasion. It is planned to have the banquet room decorated with greens from the forest, moss and other vegetation and among these settings, wandering about unrestricted, will be a number of live game birds, a mountain goat and a deer.

Another feature of the program will be that of having the superior court judges of this city, sitting on

### BRITAIN TO HAVE TWO MORE PLANE CARRIERS

LONDON, (I.N.R.)—The British Admiralty is considering a proposal to convert two of its biggest light cruisers, the Courageous and the Godolus, into naval aircraft carriers, bringing the number of these up-to-date carriers in active commission when completed to three.

The two ships will have to be reconstructed practically from the water-line, and the reconstruction work will take several months to complete.

Critics are asking whether it would not be cheaper to build two entirely new ships.

### PREACHER RAPS DOUBLE STANDARD OF MORALITY

COLUMBUS, (I.N.R.)—"There are not two moral standards, one for man and another for woman," declared Rev. Daniel F. Rittenhouse, pastor of the First Baptist church here. He asserted that "modern society must completely reverse its judgment about the woman who has fallen."

"Paine, indeed, is that judgment which brands a woman as fallen and beyond recovery and beyond community respect, while at the same time for masculine accomplishments flouts about the neighborhood as a gentleman," said Rev. Rittenhouse.

### ARM POWER AIRPLANES POSSIBLE, SAYS EXPERT

LONDON, (I.N.R.)—"I have little doubt that it is now possible to design an airplane capable of flight by a man's muscular power." This statement was made by Colonel Ogilvie, famous British aeronautical expert, during a speech on low-powered aeroplanes of the future at a scientific exhibition.

"It will not be long," continued Ogilvie, "before we get light aeroplanes with a speed range of three to one, or twenty-five to seventy-five miles per hour, with a consumption of one hundred to one hundred and fifty miles to the gallon, depending on speed."

"Such a machine would have so good an angle of climb that with a little head wind it would be able to go up like a balloon."

### Auto Park Uncertain

HOOD RIVER, Ore.—Hood River may not attain the goal of a new automobile park this year. Unless Charles Batchelder of New York city, who had offered the municipality a 37 1/2 acre tract on the Columbia River highway just west of town for \$12,000, agreeing to take in part payment the old three-acre city park at a valuation of \$3000, guarantees that the old park will not be used for auto park purposes for a period of five years, the deal is off. Mr. Batchelder offered to limit his period of restriction to one year only.

Following action last night the council today telegraphed him that he must accept the five-year limit or call the deal off in 24 hours.

### Turks Must Serve Their Country

CONSTANTINOPLE, (AP)—The military service bill has been approved by the national assembly. It establishes compulsory military service for all men, 18 and a half years is required for the infantry; two years for the artillery, cavalry, air force and engineers; and four years for the navy.

## What Became of the Peddler?

EVEN in remote regions, the once-familiar figure of the peddler is rarely seen. In the cities the brass-lunged huckster has practically disappeared.

Advertising has banished those outworn hangers-on of trade. Through advertisements, women learned discontent with the limited choice offered by the peddler's pack and the huckster's cart.

Advertising teaches us to be more exact in judging values; to require things to measure up to better standards; to make better use of every cent we spend.

Advertising has done away with haphazard choosing by showing how wide and precise a choice you really can have. Haphazard buying is going the same route. People who read advertisements know what is what—and they make sure they get it at the right price!

ADVERTISEMENTS GIVE YOU LIVING NEWS OF ECONOMIES. READ THEM REGULARLY!
