Mrs. D. T. Ellis of Emmett, Idaho, passed through La Grande last evening en route for her home after a visit in Pendleton.

Mrs. W. L. Pennington of La Grande, left for Baker last evening on a short visit.

Paul Yeek of La Grande, left for

action, states the El Paso Herald. These compounds have long been known to doctors and laymen as well for their beneficial effects. They enjoy a well deserved popularity for they give real relief and are known to be absolutely harmless, something that could not be said of some of the old time remedies which depended on opium or other toxic results.

The actual explanation of non-throat's action was for a long time somewhat of a mystery. Doctors knew it had an anesthetic action, but they did not know the exact mechanism.

In the course of the research it was found that the "stomped up" sensation was caused by mucus and pain, mostly in the form of foamy excretions. On making tests with foams of water and soap, blood, saliva, and similar liquids it was found that applications of menthol or peppermint quickly dissolved them.

Recently these foam-cutting agents have a similar effect in the human air passages, which explains the quick relief they give.

Kondon's Catarrhal Jelly is an old, well known remedy, which uses the foam dissolving action of menthol to get results in cases of catarrh, colds, and other ailments of head, nose and throat. It is again being advertised in this manner three times a week, and local druggists report that sales are showing a steady increase.

FILIPINOS TAKE UP JAZZ; FORMER LULLABIES TABU

MANILA, (AP)—The tendency of the present generation to imitate foreigners instead of preserving what is best in local customs was deplored recently by representative Serafin Hilado, member of the legislature from the province of Occidental Negros, in an address before students of the University of the Philippines.

"In Japan," said Mr. Hilado, "the girls, for example, are taught the civilization of the occidental, but the manners and customs of that country are also taught with a view to preserving what is good in them. Filipinos instead of preserving what is best in the local customs prefer to adopt what is foreign, in contrast to the practice of the Japanese. No wonder that Japan in the short space of a few years has become one of the leading nations of the world.

"Instead of committing to memory sayings and phrases of our leading men and heroes we are prone to learn by heart the sayings and phrases of American novelists and authors. Instead of singling our children to sleep with our beautiful lullabies, our mothers now prefer the jazz. Instead of

preserving our native dances we prefer the imported fox-trot.

"But the greatest of our mistakes is our tendency to spend beyond our means. Our old farmers used to hoard the money they saved, but some of our present day farmers believe that the more debts they have in the Philippine National Bank, the greater they become."

Editor Reported Alive.
PENDLETON, Ore. — Jean P. Kirkpatrick, formerly editor of the Pilot Rock Record, who disappeared in August, 1922, was working on a newspaper in Vinton, Ia., as recently as February 1, according to a story carried in the Pilot Rock Record Saturday.

According to the newspaper, the sheriff's office in Walla Walla holds a warrant for Kirkpatrick's arrest. At the time of his disappearance his friends assumed he had met with foul play. He left his wife and a little boy when he disappeared.

Calif Is Born Inside Out; Lives Few Hours

WESTFIELD, Mass. (INS)—A calf was born inside out at Westfield, Mass., last night. The head, liver and interior of the calf was on the outside of the animal. A portion of the head, legs and skin were inside. The animal died a few hours after birth. The mother was a high bred Guernsey cow.

Doctor Shows How Menthol Aids Colds

Everybody knows the disagreeable feeling of having one's head "all stopped up" by cold or catarrh. Probably few people know that it is caused by "foam." Yes, that is what was shown by recent experiments in determining the action of menthol and its compounds, which is much like menthol in its action.

RHEUMATISM GONE
Geo. E. Howe, of Union, Ore., said:
"Many people of Union know that I was almost a hopeless victim of rheumatism last fall, when I began taking your Whirlwind Kidney and Rheumatic Tablets. I have not had a twinge or sign of rheumatism for over a month. I wish every Old Veteran could try it."

Chief Whitehead
These Tablets are also recommended for all Kidney and Bladder derangements. Sold on money back guarantee by all La Grande druggists. \$1 per box.

Old Resident Near Death

"I had not eaten food for 10 days and was slowly starving to death. Given up by five doctors I tried a bottle of Mrs. W. W. Bunting's Tablets, which gave relief at once. I am 75 years old and would have died but for your wonderful medicine. The appetite is all gone and I am gaining strength every day." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists—Adv.

This Month We Think of Him with Respect and Affection

"All men are created equal."
—Lincoln

THIS is an eloquent fragment from the gettysburg address. But the meaning is clearer if two words are added:
"All men are created equal in opportunity." In these days the key to opportunity is ready money.
Ready money comes quickly and easily to those who save regularly in this bank.
Be ready for opportunity
