Some astounding information.
Without a doubt few people know that 63 per cent of the money spent for materials from the drug stores in America is spent by the women. It amounts to a great sum in the retail line in America. Women spend 20 billion dollars a year to run our American homes, an amount equal to the property investment of all railroads in the United States. These statistics are those of Miss Elizabeth Bohn, an expert in home economics, recently given in an address before the Brooklyn Chamber of Commerce. We hope to be able to appeal to all the women of La Grande to make our store their drug store and do their purchasing with us. We are striving to make the quality of our goods most attractive as well as our prices. Silverthorn-Wright's Family Drug Store. 2-14-24

MANY STARVING TO DEATH IN FATHERLAND

BERLIN, (I.N.S.) — One hundred and five Berliners died of starvation in the first ten months of last year. More than 200 persons living in Berlin or Berlin suburbs committed suicide to avoid starvation.

Police statistics show a 20 per cent increase in suicides against last year's total. While deaths in consequence of starvation chiefly occurred to elderly people of the poor classes the suicide wave swept its victims especially among the middle-class people. The death toll of suicides from fear of starvation contains the names of one university professor, one Ph.D. one lieutenant-colonel, several pain-
