

NEWS of SOCIETY

The Neighborhood club had a very interesting and profitable meeting yesterday afternoon at the club rooms. During the business meeting with Mrs. J. D. Lynch, president, in charge, several standing committees made satisfactory reports. The Scholarship loan fund committee made their final report of the annual dinner, stating that they made \$200 profit. Mrs. H. Rosenbaum, chairman of the child welfare association, explained that the curfew would ring every evening at nine o'clock and asked the cooperation of the Neighborhood club to see that all children were home by this time. The Endowment Fund committee, with Mrs. P. E. Osner in charge, announced it is ready to be given on the Saturday before Easter. The club voted to organize a musical department of the Neighborhood club and Mrs. George T. Cochran, Mrs. Harry Zurbick and Miss Margaret Anson were appointed by the committee of organization to meet the musical members of the club tomorrow evening at the club rooms. This is to be a meeting for the purpose of organizing a musical department of the club and all members interested are urged to be present.

Following the business meeting Mrs. Henry J. Ritter took charge of the meeting, with Daniel Chester French, famous American sculptor, as her subject. Her excellent talk was demonstrated by a number of beautiful lantern slides of his works. Miss Nell Holdinger, field representative of the American Red Cross, gave an excellent address on the work of the Red Cross and much enthusiasm and interest was shown by the ladies for this branch of work. Mrs. Sherwood Williams had charge of the club singing for the afternoon and Dick Lindsay, a popular violinist of La Grande, rendered a beautiful number and responded to the hearty applause with an equally good selection.

After this excellent program, the usual pleasant social hour was spent and tea was served, with Mrs. G. S. Curry in charge.

During the Lenten season, while people have laid aside many of their social affairs, the Art League search class has decided to sponsor a series of lectures on the "Last Week of Christ." These lectures will be given by the best equipped art and bible students of this city. An especially attractive feature will be the wonderful colored slides of the great masters.

The life of Christ has always been the source of many of the real masterpieces of art and these will be analyzed and studied with their biblical inspiration.

The lectures will be given at the home of Mrs. E. P. Mossman every Thursday afternoon during Lent, starting March 6. All who are interested will be welcomed but reservations must be made ahead for due to limited capacity, only twenty-five can be accommodated. Reservations may be made by telephone to either Mrs. H. S. Brown, or Mrs. E. P. Mossman.

The ladies of the L. of L. E. and E. held their regular business meeting Saturday evening after which they were joined by their husbands and friends and a delightful social time spent. While the committee in charge served a delicious luncheon an excellent musical program was rendered, after which the evening was spent at dancing.

The Women of Moosehead Legion will meet Thursday afternoon at two o'clock for their social meeting at the home of Mrs. R. C. Provoost, 2514 N. Second street, with Mrs. D. Brennan and Mrs. L. A. Sloop assisting as hostesses.

The Sunday school which was organized last Friday evening in Everett's chapel for the first time Sunday afternoon, at 4:30 o'clock with a good attendance. This Sunday school is fostered by the Ladies Aid Society of the North Side and much interest is being shown in the work.

The Greenwood Parent-Teachers' association will hold their regular monthly meeting Friday afternoon at 2:30 o'clock at which time they will entertain the Riverside Parents' Teachers' association. Everyone is cordially invited to attend and especially the members of the Riverside association. A special program has been arranged and everyone is assured a pleasant and profitable afternoon.

Cove. (Special) — One of the most delightful social events of the season was the Lenten Week Valentine party given by the Ladies Guild at the Macabee hall on Friday evening. The hall was beautifully decorated in cupid and hearts, forming a fitting setting for the occasion, and about fifty couples were present to enjoy the music and dancing. Spendid music was furnished by the Milton Grey orchestra and at eleven o'clock a delicious luncheon was served. At one o'clock the music ceased and a happy crowd returned to their homes.

Fashion Notes

Publicity on Lingerie.
Paris—Jungle scenes, Japanese landscapes, Babylonian writing—all these are featured across the spring lingerie of one celebrated actress. The garments are invariably fine white linen, but the decorations are in brilliant hues.

Frank Hats.
London—Some women look well in any hat, however freakish. This is why a few very pretty women dare today to wear a little cloche of painted parchment which, with its valance of silk veil, looks like a wandering lamp shade.

Coat Frock and Underslip.
New York—With the coat frock—that is to say, the frock into which you slip as into a coat, with single fastening on one hip—there comes today the underslip of silk satin. A navy or a gray coat frock is desired, indeed, and a long slip of flannel or broadcloth—underneath, of green or scarlet slip beneath.

Silk and Leather.
New York—Silk and leather combine to make one sort of writhing beauty. The leather is suede or patent, overlaying the silk in panels of a contrasting tint.

Democratic Tax Plan Ousts Mellon Scheme

substitute, which was approved by a teller's vote. A record vote, however, on the amendment can be demanded before the bill comes up for passage and organization Madden proposed a surtax maximum of 25 per cent instead of the Mellon 25 per cent, the only point of difference in the two schemes.

The Madden substitute was rejected 244 to 152, about 40 republicans including Chairman Green of the ways and means committee, joining the democrats' opposition.

By a standing vote of 254 to 44 the Press amendment was thrown out and then a vote was taken on the Garner substitute. Representative Longworth, Republican leader, having announced that he would offer a compromise to fix the surtax maximum at 27 1/2 per cent, only in the event the Democratic plan was rejected.

Take Salts If Rheumatism is Bothering You

Tells Rheumatism Sufferers to Take Salts to Get Rid of Toxic Acid.

Rheumatism is no respecter of age, sex, color or rank. It is one of the most painful. Those subject to rheumatism should eat the sweets for awhile, dress as warmly as possible, avoid any undue exposure and above all, drink lots of pure water.

Rheumatism is caused by uric acid or body waste matter, and is often present in the bowels and absorbed into the blood. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this toxic acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste and stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive and is made from the mineral of sodium and lithium ions, combined with lithium, and is used with excellent results by thousands of folks who are subject to rheumatism.
