The members of the Pioneer association, the Sons and Daughters of Union County Pioneers and old members of the congregation are most urgently requested to be present at both services, but that is not all; it is purely a public service and reception, and all friends of the church and of the pioneer traditions, and of Mr. and Mrs. J. H. Stevens are most cordially invited, declare the joint committees in charge.

It has been hoped that Dunham Wright, president of the Pioneer association, could come down from his Medical Springs home to assist in the program, but this is doubtful. It was learned at a committee meeting of the three bodies directly interested, yesterday afternoon.

Anthrax Abates Its Attack Upon Carabao of Luzon

MANILA, (AP)—Restocking of central Luzon provinces, which were almost swept clean of work animals recently by the anthrax plague, has begun with the importation of carabao from the northern provinces. It is estimated that three northern provinces of Luzon have 2,000 carabao for sale which can be quickly brought in to help in replacing approximately 9,000 which died of anthrax during the last two months.

The department of agriculture reports that the situation in the infected region is favorable and that only a few new cases are developing. Strict quarantine, however, is still in force.

FIGURES DISCOUNT TALES OF "REAL" FOG IN LONDON

LONDON (INS)—Old timers scoff at the modern London fog and call it a "mist." The gist of the complaint of the veterans is that "in our day we had fogs that were fogs." However, the moderns present the following claims: The visibility of a 1924 London fog is slightly less than that of a coal mine at midnight; during the latest fog the street lights were on London \$5,000,000 a day, according to Lawrence W. Chubb, secretary of the Coal Smoke Abatement society.
