found themselves in the unenviable position of having excited and antagonized the majority of a man whose expressed sympathies are all with the opposition.

While President Coolidge has been named as the preference of Governor Alex. J. Groves and Earl D. Cady, chairman of the Republican state committee, United States Senator Hiram W. Johnson has whipped an organization into shape named his county and state committee and named Michigan as a battle ground by making one of his first campaign speeches here.

Johnson supporters recall that Michigan expressed its presidential preference for the California Senator in 1920 and they say that that favorable sentiment still exists.

A significant point in connection with Michigan's state politics is the almost lack of early election of issues. The Tappan State discussion created somewhat of a furor in Michigan political circles, mainly because they involved Edwin Denby, secretary of the navy, a Democrat. The reaction in the case of Denby has been somewhat of a blurring out of political lines in regard to the navy secretary's defection.

There have been other tempests in Michigan, but this is the only Tempest to arouse a tempest.

FORD PARADOX IN POLITICS

Name of Prominent Man on Democratic Petition in Michigan Nonplussing.

DETROIT, (AP) — A political paradox looms ahead of the presidential primary in this state on April 7, with the possibility of President Coolidge being the choice of the Republicans at the state and Henry Ford, whose "I am for Coolidge" proved a political sensation recently, being the Democratic choice.

A few days before Mr. Ford said: "I still am a candidate against me on any other, whatsoever," and petitions circulated through out the state were presented to the secretary of state in the candidates for the regular Democratic preference election. Having put this far the Democratic leaders again in an abrupt turn with Mr. Ford's announcement that he was for Coolidge.

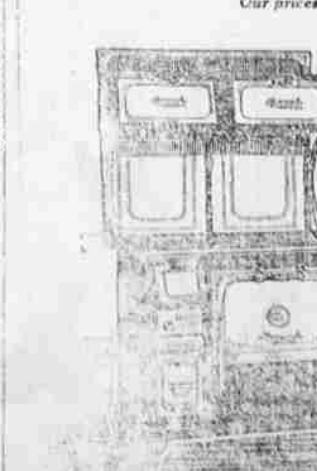

But they could not withdraw the names as the law specifically states that only the candidate himself has this right, and the petitions are presented and accepted. To date Mr. Ford has not withdrawn his name, and has given no intimation that he wishes to. Hence the Democratic leaders of Mr. Ford.

When Your Range Wears Out—Consider Why

Is it broken?
Is it rusted out?
Has it grown so wasteful of fuel and generally unsatisfactory that you have to discard it?
Or, is it getting to look so badly that you just want a new one?
No matter what your experience has been, note this:
Whatever is the reason for discarding your old range—that thing cannot possibly happen to the Monarch.

The Monarch is made of malleable iron that cannot break.
The Monarch is protected against rusting out by its Vitrified Finishes.
The Monarch's riveted joints stay tight forever so that it gives the same satisfactory and economical service after years of use as when new.
The Monarch is easy to keep clean and looking like new for many, many years.

Come and let us tell you all about this wonderful range. Our prices are most attractive—investigate them now.

CUT-OFF!!

Sometimes during a telephone conversation the subscriber finds himself "cut off." This condition is often caused by one of the parties pressing or jiggling his receiver hook. Under the telephone system now in use in La Grande the pressing down or jiggling up and down of a receiver hook during a conversation always results in "cutting off" the party you are talking to.

It is not necessary to "shake your phone." If at any time you have trouble in hearing or being heard over the telephone, kindly report this trouble to the central office.
