Allen Forrest, Star In "Noise in Newboro" Looking for Bad Luck.

Allen Forrest is waiting for the blow to fall. The well known leading man ran up against a series of bad omens during the location trip he made with the Viola Dana company for the screening of the little star's newest Metro play, "A Noise in Newboro," produced by Harry Beaumont, now at the Sherry theater for last showing.

It was a coincidence that he had lower berth No. 13 going to the little northern California town of Visalia both going and coming. He returned to the studio on November 13. He had room 113 in the Johnson hotel in Visalia.

"I'm just waiting to be knocked down by an automobile or to have a brick wall fall on me," he said.

Others appearing in support of Miss Dana in this picture, which Harry Beaumont produced, include David Butler, Malcolm McGregor, Betty Francisco, Eva Novak, Bert Woodruff and Alfred Allen. The picture was adapted by Rex Taylor from the story by Edgar Franklin. It was photographed by John Arnold.

A comedy is also being shown.

"Ashes of Vengeance" Is Superb Picture Critics Claim.

It seems hardly sufficient to say that "Ashes of Vengeance," Norma Talmadge's latest First National starring production, which comes to the Arcade Monday is a masterpiece. It is a most ambitious picture combining a marvelous spectacle of the 16th Century and a love story of delicate charm exquisite in a thoroughly entertaining manner.

It is the story itself which stands out from these massive settings, a story hereditary hate and desire for vengeance which is dissipated by the valor of a man upon whom humiliation in every form is visited, and turns to an exalted love which wipes out a long feud of two noble families.

Mob scenes, thrilling sword fights, romance and political intrigue figure in a succession of situations in natural and logical sequence—and dominating it all is Norma Talmadge as Yoeland.

And opposite her, Conway Tearle is superb as the brave and noble de Vrieac, despised by Yoeland when brought into her house by her brother. Comte de la Roche, his enemy, after sacrificing himself for his fiancee and becoming the slave of la Roche.

"Duley" Now on At Arcade, Said Excellent Picture.

The Arcade Theatre is presenting a picture which will give the tired business man supreme satisfaction which his wife, sons and daughters and their kiddies will find delight in. We recommend Constance Talmadge's latest picture, "Dulcy," to all of them. Here is rich humor in abundance, amusement for everybody, a sparkling film that the censors had no cause to slip the shears through—but the Constance Talmadge pictures are always bright and cheery and devoid o' sex complexes.

"Dulcy" is a dumb-bell. Constance makes her the very personification of a bonehead—with enthusiasm. She plays the role of a young wife whose forte is to spill the beans. She is imbued with a desire to help and only succeeds in hindering. The climax of her stupidity comes when she thinks a woman's wit and intuition would be a powerful ally in her husband's affairs, and seeks to interject hers into their almost ruining hubby. Just how the situation is retrieved is one of the best laughs of the picture, and we'll let you enjoy it.

ARGENTINA MAY ENGAGE IN DEVELOPING OIL FIELDS

BUENOS AIRES (AP) — The Argentine government proposes to intensify the production of oil in the state-owned wells during the next four years, in accordance with a plan submitted to the ministry of agriculture by the government oil-lands office. During the year 1924-1927 it is estimated that 4,637,000 cubic meters of oil can be produced from wells now operating together with new ones to be sunk as set forth in the plan.

It is estimated that after four years of work under the improved conditions, the capital account would show an increase of 90,000,000 pesos, consisting of the new installations, tank steamers, etc. Moreover, a net profit of 65,000,000 pesos would be shown.

It is proposed to sink 75 working and six exploration wells in Comodoro Rivadavia, while 13 wells would be sunk in Plaza Huincul, in the Neuquen territory, in order definitely to establish the value of those oil beds. The plan includes also building an oil distillery in La Plata able to handle 2,000 tons of petroleum daily. This plant will be set up by the Bethlehem Steel Corporation.
