VALUES!
It Isn't Necessary to Copyright Our Values—They're Too Hard to Copy Now!

No store has a monopoly on giving value or in talking about it.

Still, in every city you've ever spent any time in—haven't you noticed that there is always one store that seems to have a copy-right on value by the token that their values are too difficult to copy?

Our Case—

If we weren't so all-fired determined to increase this business season after season — you would never see such values here as we are showing this Spring.

Yes — there's more money in getting all the goods are worth — but there's more excitement in building up business for all you are worth — and that's what we are doing.

To Demonstrate Cooking—

Miss Beryl Mauburn, electric cooking specialist for the National Electric Range, with J. J. Cordier, range expert, also of the National Electric Range, arrived in La Grande today from Northern Idaho, where they have just completed a successful demonstration of electric cooking, and are now ready to aid in conducting the electric cooking classes in La Grande for the Eastern Oregon Light and Power company. E. L. Crockett and G. E. Anderson of the light company have arrived from Baker to assist the local force of the company during this week. Miss Mauburn demonstrated electric cooking in La Grande last year and made many friends while here. The cooking classes to which all home-wives are invited, will be held, as last year, in the Hotel Sommer sample room from two until four o'clock each afternoon of this week. Every phase of this modern method of cooking will be explained. "The demand for electric ranges for cooking in La Grande indicates that the people of this city appreciate the low cooking rates which the Eastern Oregon Light and Power company allows," Mr. Crockett declared this morning.

DR. SITTON IS TO LEAVE SOON

(Continued from page 1)

"I have been here four years," he said today, "and our church is in excellent condition. It therefore seems to me that the time has come for a change in pastors, for perhaps a new man can rejuvenate things for the cause of Christianity in La Grande. My stay in La Grande has been most pleasant. In fact, it is home in every way to myself and family, but we who work in the vineyard of the Lord must not let our thoughts be so predominately, and therefore in the belief that our church may enjoy greater growth with a new pastor I am resigning."

No plans have been made for the future by Dr. Sitton and he does not know where he will be located.

talk on the recent economic conference held in Union and La Grande. He gave reports of some of the committees which followed in the valley undoubtedly will get results.

Representative A. R. Hunter explained the McNary-Hansen wheat export bill and told of the campaign that had been made for the measure over the northwest. Mr. Hunter has devoted a great deal of time to the work of organizing and collecting sentiment favoring the bill and he gave the grangers full benefit of all of his experience and his knowledge of the measure.

William Jasper spoke in a humorous manner of grange in general and the Brothers' Day gathering in particular, stressing the personality of each of the ladies present. Mr. Jasper explained his danger in mentioning the favor ones by name and calling up some feature of their nature which he insisted could be improved upon, but he stuck to his text and finished his talk even though he met with considerable "caviling down."

Other speakers during the afternoon included E. J. Eklie, Alex Roberts, William Sherwood, J. H. Hugg, Charles Owsley and Bruce Dennis.

Wild animals are not really more healthy than men. They, also, die early in captivity.

Hummel of La Grande received the appointment as second all-star team center although some placed him at forward because he lacks the height necessary to a center. His selection nevertheless, at pivot position, was ample proof of his excellent work. In Medford, La Grande game Hummel was stellar performer scoring 15 points and working on the floor like a whirlwind.

Complete Scoring.
Complete scoring of the tournament follows:
Thursday: Independence 18, 19; Rock 2. Friday: North Bend 24, McMinnville 22; Eugene 33, 28; Helms 18; Medford 25, La Grande 20; Independence 25, 24; 10. Saturday (semi-finals and finals): Medford 18; Independence 13; Eugene 18, McMinnville 14, Medford 21, Eugene 15.

What outside writers thought of La Grande's team follows: Salem Capital Journal: the La Grande-Medford game saw on the part of the La Grande team the best playing exhibition in the tournament. Portland Oregonian: Medford high beat the fast La Grande outfit. Medford displayed wonderful team work.

Most of Players Back.

in coffee, "high-grown" means high quality and fine flavor. Only coffee grown at an elevation of 3000 feet or higher is top quality.

High-grown coffee beans are rich in caffeine—the aromatic essential oil that gives good coffee its fine flavor. In Golden West, nothing but high-grown coffee beans are used. These are blended and roasted "just right", then steel cut (not crushed) and vacuum packed in the handy key-opening Golden West can.

To be sure of getting "high-grown" and finest flavor always ask for—
