

NEWS of SOCIETY

Social news must be in the hands of the society editor by 9:20 o'clock. Due to the fact that the social page is made up before noon, it is practically impossible to insert stories after that hour. Hereafter, items, no matter how important they are, that are delayed beyond that hour, will not be printed until the following day—News Editor's Note.

There was a large attendance yesterday at the Neighborhood club meeting and a very interesting afternoon was spent. After the regular business meeting with Mrs. J. D. Lyden, president presiding, Mrs. L. B. Pierce took charge of the program with "War Memorials" as her subject. She very ably reviewed the Revolutionary War and its memorials, the War of 1812 and the Civil War, telling of the memorials of each war in a most interesting manner. Following Mrs. Pierce's excellent talk Mrs. George Vehrs discussed the War Memorials of the late World war, bringing out the most interesting incidents. Mrs. Vehrs is a very interesting speaker and her topic was highly appreciated by those present. At the close of one of the most entertaining programs of the year Lawrence Dutton sang two delightful vocal numbers, produced by the World war, after which the regular social hour took charge with Mrs. Robert Eakin in charge.

One of the big subjects of the Lenten course will be given at tomorrow's meeting of the Bible and Art class, at the home of Mrs. E. P. Mossman. The world's great masterpieces, "The Last Supper," painted by Leonardo da Vinci, will be the topic for the afternoon and a very interesting time is anticipated. Much enthusiasm has been shown in the Lenten Bible and Art course and all interested are urged to be present tomorrow afternoon.

Mr. and Mrs. James H. Stanley celebrated their fifty-fifth wedding anniversary recently, when their children and grandchildren gave them a delightful surprise party. Only relatives were present and a very enjoyable afternoon was spent and a delicious dinner served. Mr. Stanley crossed the plains in 1864 and is now eighty-one years of age. Mrs. Stanley came to the west when she was quite small, having crossed the plains in 1862. They have made their home in Grande Ronde valley since 1864. They were married in 1869 and have three children all of whom are living in Union county.

Those present were Mr. and Mrs. L. P. Stanley and children, Mildred and Dale, Mr. and Mrs. August Beckman and children, Anita and Charles, Mrs. Edna Long of Imbler, and Mr. and Mrs. Adolph Walker. Their daughter, Mrs. Lizzie McCallister, of North Powder, was unable to be there.

In the spirit of St. Patrick's Day, with beautiful flowers and table decorations in accordance, Mrs. Joseph J. Pearson and Mrs. T. George Banks entertained a number of friends at bridge Monday afternoon. Seven tables were in action with high score going to Mrs. Charles Beddingfield, second Mrs. Mrs. J. P. O'Connell and third to Mrs. Walter C. Freeman. At the close of the afternoon dairy refreshments were served and the guests departed proclaiming they had spent a very enjoyable time.

The Girls Friendly Society will meet this evening at the home of Miss Vera Beatty. A very interesting meeting has been planned and a good attendance is desired.

The W. C. T. U. will meet tomorrow afternoon, March 20, at 2:20 o'clock at the home of Mrs. L. W. Leighton, 1507 Cedar street, to plan for the coming of State Vice President, Mrs. J. J. McAllister and Joseph J. Linville, Federal prohibition officer. They will

be here the 25th of this month to give a talk on law enforcement and to work with the officers here for better enforcement of the laws. All members are requested to be present.

Chapter I. P. E. O. will be entertained at the home of Mrs. E. P. Mossman Friday afternoon at 2:20 o'clock. The subject for the afternoon program is "American Art" and Mrs. Mossman will be in charge. All members are urged to be present and promptly on time.

The Ladies of Mooseheart Legion will meet at the home of Mrs. Wallace Cuss, 1505 Jefferson avenue, Thursday afternoon with Mrs. Margery Collins and Mrs. Edna assisting as hostesses.

CHURCH HOLDS FINE BANQUET

(Continued from page 1)

The focus of interest among the Methodist people for the five weeks.

The program of **What Next?** addresses were all of high caliber. Mr. and Mrs. Sherwood Williams rendered a vocal duet in their usual pleasing manner and being recalled. Mr. Williams sang a solo, Miss Dorothy Brown sang a solo and the choir sang a number of songs. The Rev. A. B. Stilton spoke of the fine harmony and communion of the people.

Dr. J. P. Landis used his subject "The Value of Educational Campaigns in and out of the Church." The peoples who have developed their own resources and have become self-sufficient are the ones to be envied and admired.

The Rev. Hall K. Wallis of Tall City spoke of "The Spiritual Significance of the Christian Stewardship movement in the churches." He said "This is the heart and the essence of the movement. It is Christian in the center and will solve not only the financial problems of the churches, but will make a large contribution to the spiritual work." A. W. Nelson spoke to the question "What Next?" Mr. Nelson said in part "We must keep this work going. Put the church building in repair, beautify the lawn, release the women from working to raise money and permit them to turn their service into channels for service to the community more fully. Relieve the pastor from being Secretary and a manager of budgets and permit him to give full time to his pulpit and spiritual church work. Provide the church and pastor with a secretary to do the more material affairs in the churches on going."

The Pastor as toast master reported that during the five weeks of intensive study, 2200 pieces of literature had been distributed to the families of the church and constituents. 37 copies of a good sized book had been sold and that 9 larger books had been in circulation during this time. All this bearing directly on Stewardship. In the literature sent out there were over 21,000 pages, Mrs. Cyrus Duncan, an director of the content reported the total pages of Stewardship literature read during the five weeks were 57472. In addition, the church has received a large amount of money into the treasury and showed plainly what things will do. Already a large number of the membership have signed Acknowledgment cards declaring their purpose from now on to live their income and set this aside apart for kingdom purposes.

KNOCKER WARNING OUT
SALEM, Ore.—One state "knocker" can do more harm than 100 boosters can overcome, according to H. D. Pier of Portland, field secretary of the Oregon state chamber of commerce, who was the principal speaker at the week-long meeting of the Salem chamber of commerce here.

Mr. Pier said that Oregon has many advantages and resources, not found in any other state, but that cooperation is necessary to obtain the best results.

If Rheumatic Begin on Salts

Says We Must Keep Feet Dry, Avoid Exposure, Eat No Sweets.

Stay off the damp ground, avoid exposure, keep feet dry, eat no sweets of any kind for a while, drink lots of water and above all take a spoonful of Jad Salts occasionally to help keep down uric and toxic acids.

Rheumatism is caused by poison toxins, called acids, which are deposited in the bones and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and excrete it in the urine. The pores of the skin do this a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this poison, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove body waste also to stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

Mah Jongg Dress Is Approved

Paris Sees Initial Bow of New Drapery—Skirts to Be Short.

PARIS (By the Associated Press)—The Mah Jongg dress made its initial bow to Paris at the Autoel race track on the occasion of the 27th annual running of the Grand Prix du Printemps.

It was the first outdoor display of 1924 styles.

The Mah Jongg dress consists of three distinct frocks, entirely independent one from another, but worn all at the same time and presenting a delightful "fused" color effect. The three dresses can be worn singly or jointly.

Americans, who formed a large percentage of the 50,000 in attendance, predicted that the dress worn three fold would be very popular upon approaching American shores in view of the sumptuous regulations. Furs have disappeared. When the sun sank behind the grandstands, leaving a chill in its wake, only a few neck pieces of silver and black fox were visible. Tailor made costumes ruled supreme, embroidered with great masses of buttons. Toggles no larger than some of the jacket's caps and as varied in their colors lined the front of the stands. Picture hats were absent.

Heels showed a tendency to be lower.

BOSTON TO WEAR BRIGHT COLORS; GREEN PURPLE

BOSTON, Mass. (By the Associated Press)—Bright colors are to predominate in women's fashions this spring. Apple leaf green is a new shade for the street, while cerise and purple also promise to be popular.

PARIS DECRIES SHORT SKIRT; OXION SKIN HOSEERY SEEN

PARIS (By the Associated Press)—Spring styles show a tendency to shorten the skirts, in some cases to as much as eighteen inches from the floor. Generally, however, the garments fall to a point four or five inches above the ankles. It is the belief among Parisians that American women prefer shorter skirts.

Most of the models being taken back by American buyers are a sort of a compromise, 10 to 12

inches from the floor.

For day wear the skirt remains uniformly short, less abbreviated than in 1923, but a departure from a year ago.

Prehistoric Skeleton Found in Side of Cliff

LEWISTON, Idaho, (AP)—A huge skeleton believed to be that of a prehistoric human being, has been discovered in the Salmon river country, south of here, by two members of the state highway department who have brought their find to this city.

The lower jaw and vertebrae will be sent to the Smithsonian Institution at Washington, D. C., for analysis as to the probable date of existence.

The bones were found in the side of a cliff at a depth estimated to be 50 feet. Nearly the entire skeleton was recovered, the excavator proceeding with more care after determining that the find might prove to be of scientific value.

Measuring more than eight feet in height and possessing numerous sharp teeth, the skeleton has aroused widespread interest.

Three physicians who examined it pronounced it to be that of a woman.

Belief that the person was of a horribrous race has been expressed, owing to the peculiar formation of the jaws and teeth. Both the upper and lower jaws have only 10 teeth each and all are intact.

Drivers Join Safety Club

BAKER, Ore.—With over 40 members enrolled, Baker automobile owners are fast joining the local organization of the Safe Drivers club, first formed by The Oregonian for Portland drivers and now spreading throughout the state and nation. The red tag showing membership in the organization, which is being sponsored in this city by the Kiwanis club, arrived here Saturday night from Portland.

Kiwanis Hold Parade

SALEM, Ore.—Thirty-five members of the Kiwanis Club, said to be from Salem, Astoria, Stayton, Turner and other towns in this

vicinity held a parade at Astoria, where Rev. H. L. Putnam, pastor of the Court-street Christian church here, is holding a series of evangelistic meetings. The Kiwanis entered the church

where they presented to the minister a check for \$30.

"We need a slogan to end war," says a magazine writer. What about "Pay as you enter?"

Improvements Must Be Permanent

A WISE MAN will not spend his money in temporary improvements that must soon be repaired or replaced. Every improvement must be permanent.

CONCRETE is the permanent building material, and as time goes on it becomes stronger and sturdier. Depreciation and upkeep costs are reduced to a minimum.

TO BUILD with concrete is easy. The wise man will make his improvements of concrete made with cement.
