

The Spring Frock Spells Youthfulness

What could be smarter than straight youthful lines accentuated by subtle touches. Apron effects, unusual scarf necklines, long tight sleeves with wrist puffs are a few of these touches. This just gives you an inkling of how fascinating our new Spring frocks are.

BALL PLAYERS TO WORKOUT

First Practice of Season to Be Held This Evening If Weather Permits.

The first ball practice of the year will be held on the school grounds this evening at 5 o'clock, weather permitting, according to announcement made today by Field Captain Trevor McGinnis, Jerry Coleman, who luffed around 300 for count teams last season was slated to join the local squad yesterday. He returned to his home in Portland last night to make arrangements and will be back here in uniform in a few days. With the season opening April 6, when La Grande plays Milton at Milton-Pasco, the local club officials feel that no time should be lost in getting the team underway. All who wish to try out for the team should be at the high school grounds this afternoon.

CLAY PIGEON SHOOT COMING

Wing, Fin and Fleetfoot Club to Hold Four-County Shoot Here Early in April.

The Wing, Fin and Fleetfoot club is planning on holding a clay pigeon shoot here taking in the best marksmen of Haber, Camillus, Wallawa and Union counties sometime before April 15. Arrangements are under way at the present time and most of the preliminary plans have been made with the exception of the actual setting of the date. At a banquet to be given in the evening it is expected that the sportsmen will again take up the matter of screening the outlets to Wallawa lake in order to keep the fish in the pond after they are planted. This was acted upon once before and the state game commission agreed to place screens in the lake but the action was never carried out.

Confirmed Dyspeptic Tells of Recovery

Mr. and Mrs. Bayes Give Full Credit to Tanlac for Remarkable Results—Mrs. Bayes Gained 21 Pounds.

"Mrs. Bayes and myself are both strong for Tanlac and could not over-praise it," declares T. H. Bayes, 675 College St., Springfield, Mo. Mr. Bayes is a popular musician and well known to the people of Springfield, having been associated with a leading music house here for thirty years.

"My wife had been a confirmed dyspeptic, having suffered from it for twenty years. She was sorely troubled with heart palpitation and about all the distressing symptoms a prolonged case of indigestion can cause a person.

"Finally she got down to only one hundred and eight pounds and landed in a hospital almost a nervous and physical wreck. In fact, her case seemed hopeless, but after everything else failed along came Tanlac and easily and quickly put an end to her twenty years suffering and restored to her the pleasure of living.

"Tanlac was soothing and healing from the very start and now she has a wonderful appetite and her digestion is the best I have ever known it to be. The change from eating a little toast and other very light foods to such things as sausage, cabbage, sauerkraut, etc., came about so quickly as to astonish and delight us both.

"Her weight has gone up to one hundred and twenty-five pounds, a gain of twenty-one pounds. Rheumatism about her arms and joints and swelling in the feet has also disappeared with the general building up Tanlac gave my wife. Her strength has returned, she has an abundance of energy and is altogether happy over her new found health."

Tanlac is for sale by all good druggists. Accept no substitute.
