In further speaking of the condition of the highway, Mrs. Leiter said that the worst section was between Pendleton and Meacham where the road is very soft and difficult to drive in some places. We crossed this section minus chains and though the driving was necessarily slow, we had no trouble," she concluded.

THE BAT' ON HERE TONIGHT

First of Three Road Attractions to Be Presented at Arcade Theater.

A short time ago Meyers and Ford, of the Arcade theater, announced that they had contracted three of the best road attractions on tour this season. The first of these, "The Bat," is to be presented at the theater tonight and in speaking of the play, Mr. Ford said: "We wish to impress everyone that 'The Bat' is not a pleasure. We have had scores of inquiries about this but most decidedly it is not a movie."

Mr. Ford further stated that they were bringing the show to La Grande, despite the great cost, for the management of the theater considers a show that is in keeping with the new Arcade theater. "If the people want this class of shows it is entirely up to them," Mr. Ford concluded, "and if they patronize them we will continue booking them."

They are now making preparations to complete their 1924 contracts but before finalizing the details they intend to see just how the public receives the three shows they have booked at the present.

The curtain will raise tonight on "The Bat" at nine o'clock, due to the fact that the business section does not close until a short time prior to that hour.
