Carbonate of Copper.
Carbonate of copper is used very generally to sterilize wheat and grain of all kinds. Blue Stone is also used by many farmers for the same purpose. Two oz. of copper to the bushel is more than most farmers use. We have both. What we are offering is the highest test that government say should be used. We have plenty on hand for probably a week's sale. If any one expects to use these disinfectants, they will find us ready to wait upon them. Silverthorn-Wright's Family Drug Store. 3-25-4t
