Growth

"Growth" to a business, is the natural outcome of efficient service.

"Growth" to be healthy, is derived from a long experience with a planned procedure.

"Growth" to this great organization of Stores has been gradual, continually reaching out to more and more communities.

"Growth" has resulted from being faithful to the people, serving them in their everyday needs so as to make their transactions profitable.

"Growth" from one Store in 1902 to 475 Stores twenty-two years later, is evidence that it has been merited, and while this is the record of this Nation-Wide Institution, it finds its greatest satisfaction in the belief that during all this time it has served well.

"Growth" for this great multiple of Stores is the result of that very hearty patronage given to the deserving.

"Growth" is to go on and on, for it is ever our aim to expand our service.
