The La Grande Pirates opened their home season here Sunday on the new athletic field back of the high school with an imposing win of 14 to 0 over Dayton, Wash. A crowd, probably about 2000 strong, witnessed the Pirates put up an exhibition of baseball that literally proved to them that La Grande's team is going to be in the pennant race of the Blue Mountain league until the last game is played.

Charley Bench's pitching was about as faultless as one could expect. Thirty men faced the moundsman and of that number, ten went back to the bench via the strike-out route. Two of the

Late News Flashes

FOREST FIRES SUBSIDING.

PORTLAND, Ore., (AP).—Forest fires in Oregon and southeastern Washington, which during past days damaged timber and buildings, are reported this morning either subsiding or under control, owing to the absence of a stiff breeze which fanned the flames Friday and Saturday.

Volunteers are still combatting the flames in Clarke county, Washington, which yesterday swept two farms near Ecfel and which menaced bridges near Yacolt. Fires are still smouldering in the Yale district. Telephone lines to Venersburg are still out. In Cowlitz county, where 2,000 acres burned over, officials believed there will be no further danger. Fires in Oregon are reported not dangerous today.

MOVE FOR COMPROMISE ON.

WASHINGTON, (AP).—A move for a compromise between the executive and legislative branches of the government on the Japanese exclusion provided for in the immigration bill was carried forward at a conference today between President Coolidge and Chairman Johnson, of the house immigration committee. The president later conferred with Hughes and Lodge.

Professing the conviction that neither the conference committee nor the White House would attempt to alter the Japanese exclusion program, Senator Shortridge, Republican of California, announced today he would make a plea to the president against executive interference.

TELEGRAM READ AS EVIDENCE

Chairman Norris Introduces Wire as Proof of Assertion During Project Hearing Today.

WASHINGTON (By the Associated Press) — President Coolidge was quoted in a telegram produced today at the Muscle Shoals hearing as having stated he was trying "to deliver" Muscle Shoals to Henry Ford.

The telegram was sent by James Martin Miller to the Dearborn Independent, Ford's newspaper, October 12, 1923.

In offering the telegram Chairman Norris said that White House records showed that Miller had an interview with the president that day.

The telegram read: "In private interview with president this morning he said incidentally, I am friendly to Mr. Ford, but wish someone would convey to him that it is my hope that Ford will not do or say anything that will make it difficult for me to deliver Muscle Shoals to him, which I am trying to do."

DUESSELDORF, Germany, (By the Associated Press) — Dr. Wilhelm Marx, the chancellor, Sunday delivered a campaign address here before an audience of 4000 persons. Doctor Marx declared the fulfillment of the terms of the program would be the best method for reconciling the situation between France and Germany. It would be, he said, to the best interests of both countries.

TWO TO ENTER PLEA TUESDAY

G. Couch Saturday afternoon and were placed under $1000 bonds to appear before the county court Tuesday morning at 10 o'clock to enter pleas of guilty or not guilty.

The two brothers, who were first known as the Kendall brothers, are not expected to plead not guilty as the evidence seems so great that officers believe they will not attempt to fight the case.

U.H.S. Wins East Oregon Debate Title

Misses Audrey DeLap and Vera Shaw Defeated Hood River Team Two to One.

UNION, Ore. (Special) — Pitted against the Hood River team which won over Pendleton recently, Vera Shaw and Audrey De Lap won the eastern Oregon debating championship for Union high school at the gymnasium Saturday night.

Deep interest was shown by the local people and the gym was filled to hear the contest.

The three judges, from Baker, voted two to one in Union's favor.

Miss Shaw showed unexpected strength snapping into the rebuttal with such a vim that her part added greatly in winning the decision. Miss De Lap's part in the contest was exceedingly well taken care of.

Mrs. John Wortman deserves much credit for her work in training the two girls who will now make the trip to Eugene to participate in the state debating contest.

AUTO PARTS HOUSE WINS

Dreaming of the method whereby he could cease to work on all kinds of machine work and repair all makes of cars; constantly thinking that some plan should be devised whereby eastern Oregon people would not have to send auto cylinders to Portland to be reground, and also wait indefinitely for auto parts needed in repairing machines, Robert Leighton, one of the early pioneers in the automobile business in La Grande, set his mind to work to solve the problem.

That he has done a good job of solving it is shown by his store on Washington avenue which he has just remodeled and re-arranged to handle in a most modern manner his auto parts business. His campaign with regrinding cylinders has been completed and now blocks from garages all over Eastern Oregon comes to his place to be reground instead of being shipped to Portland.

Successful in this feature he gradually added a line of parts and as the demand grew he grew with it until today he has thousands of dollars in stock which at a moment's notice fills practically any order for standard material that goes into an automobile. He supplies all these things at Portland cost plus freight, the reason being that he is the authentic agent for

Athletic Carnival Is Ended; Was Successful

The final night of the high school athletic field benefit carnival came to a close Saturday night with a large attendance registered for both evenings. The proceeds, which will be used in improving the athletic field back of the high school, have not been completely checked yet but it is believed that a good sized sum was cleared.

The carnival, which was well received by those who attended, was one of the first attempts of that nature by high school students and much of its success should be attributed to Lester MacTavish and W. K. Gilbert who were largely instrumental in preparing the various stunts and drilling the actors and participants.
