Not Counterfeit But Real Values

Plus the harmonious blending of dependable quality and low prices are the factors which have placed this sale in a class by itself, and will cause it to linger in the memory of those who attended and saved.

We regret that we must announce the end. We would like to sell at these low prices indefinitely, but IT CAN'T BE DONE. Few merchants would be able to remain in business 90 days if they sold their wares and merchandise at as close margin of profit as we are now doing, and in many cases at an actual loss.

HUNDREDS OF PEOPLE from distant points as well as the home folks and old customers have attended this SUPER SELLING EVENT and christened it a "Sale with a Conscience." Here they found everything as advertised, nothing marked up for the purpose of marking it down; no exaggerated price comparisons used just to make a low price impression for the purpose of deception.

We are going to sell thousands of dollars worth of goods in the next few days, and if good, clean, honest merchandise at an unusually big money-saving prices has any effect upon the people, then we will sell \$10,000 worth in 10 days!
