

# NEWS of SOCIETY

Social news must be in the hands of the society editor by 9:30 o'clock. Due to the fact that the social page is made up before noon, it is practically impossible to insert stories after that hour. Hereafter, items, no matter how important they are, that are delayed beyond that hour, will not be printed until the following day—News Editor's Note.

Miss Mary Alice Campbell and Albert C. Brinker were united in marriage at the home of the groom's mother, Mrs. D. N. McCallum, Tuesday evening, May 6. Rev. Keith officiating. Only the relatives attended. The rooms were charmingly decorated with tulips and apple blossoms. The bride wore a grey traveling suit and carried pink rose-buds. She was attended by her sister-in-law, Mrs. W. S. Campbell, and W. S. Campbell was best man. The couple left Tuesday for a short wedding trip and upon their return will make their home in La Grande.

With Miss Adelaide Clark as hostess the Girls' Friendly Society of La Grande met last evening at the home of Dr. A. L. Richardson in their final meeting of the fall, winter, spring season. Following last night's gathering no more meetings will be held until September when the society will again begin functioning.

The resignation of the branch president, Mrs. Robert A. Pratt, already accepted by national headquarters, was read and accepted by the members, who, in appreciation for the splendid service that Mrs. Pratt has given the society, presented her with a beautiful array of gifts. Mrs. Pratt has always been an active worker and it was through her efforts that the society was first organized here. She has been branch president for the past three and one-half years.

A special meeting of the Greenwood Parent-Teachers' Association, to be held in the Greenwood school building, has been called for Friday afternoon at 2 o'clock. The officers of the association urge that everyone be present inasmuch as several important business transactions are scheduled to be attended to at this time. Incidentally, this meeting will be the final one of the association this school year.

Coincident with the meeting, the art exhibit of the Greenwood schools will be held on Friday and everyone is invited by the teachers to visit the school and view the displays. Exhibitions are to be held in each of the three grammar schools and in the high school Friday.

## Practical

Here is a frock at once decorative and practical. It is of black satin trimmed with rows of narrow braid jagged together, and with bell-shaped sleeves richly embroidered. The cut is very simple, merely a straightline frock, unbelled, but the general effect is excellent.

## Fashion Notes

**Small Hat, Large Trimmings.**  
Paris.—One little hat shown here today makes up for its smallness by the magnitude of its trimmings. The hat, of black, piled straw, is hardly more than a skull cap. But on the right side it has a black ostrich feather of enormous proportions that hangs in front almost to the waistline.

**Striking Bathing Suit.**  
New York.—One of the striking new bathing suits is a replica of a Spanish silvest. It is of regulation bathing suit length, but has the Spanish ruses and fringes.

**Real or Artificial.**  
London.—It is fashionable today to wear either real or artificial flowers. A woman in the Savoy

ballroom recently carried a bouquet of real roses, each of which had an artificial dewdrop of crystal in its center.

**Newest Coiffure.**  
New York.—Where is the girl who intended to wear her hair smoothed tightly back from her face? The newest coiffure brings the hair down low across one side of the forehead and fluffs it out across the cheeks half way to the mouth.

## HOLDS HUSBAND NEEDS TELL WIFE OF BUSINESS

LIMA, O. (INS)—In ruling that it is no act of cruelty for a husband not to discuss his financial matters with his wife, Judge H. A. Miller, Celina, has established a precedent, it is claimed. The judge's ruling was announced during his hearing of the contested divorce suit instituted by Mrs. Maude M. Downing, claimant, who asked for separation from Frank H. Downing, attorney and republican politician. "In many instances it is much better for the wife not to know anything about such finances," Judge Miller is credited with saying. The judge issued his ruling when he held that Mrs. Downing had not established her claims of cruelty sufficiently to be awarded a divorce.

## WOMEN M. P.'S WANT TO BE CONSIDERED AS MEN

LONDON (INS)—"Women have now gone on to a footing where they can talk to men quite differently," says Lady Torrington, aristocratic woman member of parliament. "Women have now shown that they are quite prepared to stand side by side with men, not only from the point of view of being wives, but to work with them in industry and to bring about a feeling throughout the world that they are necessary."

The Duchess of Atholl, also a woman M. P. speaking at the same gathering, remarked that women members of parliament would not wish men to regard them as peculiar or odd. "We want," she said, "our men colleagues to regard us as very ordinary human beings who wish to work beside them and we hope that men will think of us as fellow workers."

## CENTENARIAN ATTENDED HANGINGS AS DIVERSION

LONDON (INS)—Britain possesses an old lady, resident in Somerset, who has just celebrated her one hundredth birthday and has been entertaining her countryfolk with her recollections. Mrs. Sarah Bloomfield married her husband, a shepherd, just 50 years ago. His income was eight shillings—less than two dollars—per week. But the farmer who employed him gave him a raise of another shilling weekly on condition that he did the milking for the farm on Sundays. But they were prosperous in their way and perfectly happy. One of their rare diversions was a trip to Taunton to see public executions outside the jail. Mrs. Bloomfield remembers four people being hanged at one time. One of them, a woman, was hanged in a hammock which had been specially presented to her for the occasion by her friends.

## CALIFORNIA RAISES MORE HOPS AT HIGHER PRICES

SANTA ROSA, Cal. (INS)—Hops, a drug on the market last fall, were sought today at the record-breaking price of 51 cents a pound. Despite prohibition between 400 and 500 more acres of hops will be grown this year than ever before in Sonoma county, and already 2,000,000 pounds are under contract for from one to three years at prices ranging from 20 to 24 cents.

## RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours. Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allen's, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment. Allen's has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless. Mr. James H. Allen, of Rochester, N. Y., the discoverer of Allen's, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allen's decisively conquers the worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. ## COVE HAS WEE FIRE SCARE

COVE, (Special)—A little blaze in the heart of the little city of Cove recently brought forth a crowd of men, women and children but the alarm of fire has sounded too many times in Cove to even consider a bonfire a joke and this fire proved to be little more than a bonfire, as it was an old shack across the street from the post-office building that has long been vacated and an unsightly scene. The wind blew sparks toward the Masonic building and other buildings nearby, but the fire department made quick work of them and there was no damage done except to the trees surrounding the building. The fire originated from some small boys striking matches.

Miss Helen Cowgill, assistant State Club leader, was in Cove one day this week in the interest of girls' clubs.

Mrs. Rena Palmer and daughter, Mrs. Walter Palmer, of La Grande, were visitors in Cove recently. Miss Mae Stearns, of La Grande, spent the day in Cove recently taking pictures at the school.

Mrs. Karl Landers, Mrs. J. E. Stearns, Mrs. Ritter and Mrs. Albert, of La Grande, were Cove visitors last week.

Reverend N. E. Hammock, Mrs. Chester Sasser and baby and Mrs. Walter Hammock and little Leta Couch, all of Enterprise, were week-end guests at the home of Mr. and Mrs. J. W. Houston, Jr. Mr. and Mrs. Karl Peterson opened their home on Friday evening for an ice cream social given by the Dorcas Society. It was well attended and was a success both socially and financially. Mrs. Joe Dehl and Mrs. Harry Kemp, of La Grande, were guests at the Houston home last week.

Mrs. Henry Muir, the teacher at Prosty, will close her school on Wednesday, May 7.

The Cove school put on an interesting program on the morning of May 7, after which the remainder of the day was spent in a track and field meet. Various contests consisting of high jump, pole vault, discus throw, relay race, baseball, swimming contest, water polo, etc., filled the day. Miss Laura Richards winning most laurels among the girls and Earl Surby among the boys.

Scientist says a man's skill is more highly developed in his descendants. If this is correct, Babe Ruth's grandson ought to be a mighty sweet ball player.

## GOLD STRAWN IN SEA ON CALIFORNIA COAST

LOS ANGELES (INS)—Wreckage at the bottom of the sea off Point Honda, Cal., is carpeted with gold, and already \$30,000 of this store has been returned to the Pacific Salvage company, it is announced. The golden treasure is not pirate loot, but part of the United States navy pay roll which went beneath the waves when seven United States destroyers crashed on the rocks last year and sank. The salvage company, it is said, is planning to recover the remainder of the loot.

## SPAIN LETS DIVORCEES AND USWED WOMEN VOTE

MADRID (INS)—All unmarried or divorced women who have attained their majority will have the right to vote by the terms of a new electoral law recently decreed by the Directorate. The law will exclude married women living with their husbands from having the vote, since under an old Spanish law they are regarded as dependent on their husbands.

## OLDEST WAR TWINS

KENNE, N. H. (INS)—The honor of having the oldest twins who served in the civil war is the claim of this city. They are, William F. and William H. Chandler, who recently observed their eighty-fourth birthday anniversary. They are not, however, the oldest twins in the country as Andrew H. and Aaron B. Woodbury, of Winchester, passed their eighty-fifth anniversary December 22, 1923.
