FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it falls, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grand mother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value their hair, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Thousands of people get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyneth's Sage and Sulphur Compound," which darkens the hair so naturally, so easily, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyneth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the color and lustre and gives it an appearance of freshness.

FOR SALE
