Scalding Water Refuge For Ticklish Workman

RYDACUSE, N. Y. (IN8Y)—In an effort to avoid being tickled by a foreman of the Halcoult Steel Plant, Archie Bernier, of No. 114 Richmond street, jumped from a window of the Halcoult plant into a vat of boiling water. State compensation referee Richardson, after reviewing testimony, held that Bernier's exit through the regular doorway was blocked by the foreman and accordingly awarded him six weeks' compensation at \$20 per week.

Evolution has been going on a long time, and it isn't likely that a little opposition will stop it now.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your plugged nostrils open right up, the air passages of your head clear and you can breathe freely. No more howling, sniffling, blowing, headache, dryness. No struggling for breath at night. Your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just this. Don't stay stuffed up with a cold or nasty catarrh.

France Names Balloon Team For Bennett Cup Contest.
BRUSSELS, (AP)—The balloon team which will represent France in the Gordon Bennett Cup race next June has been chosen and France is the first nation to inform the Belgian organizing committee to that effect. Maurice Bonnaire, Georges Cormier and J. P. Laporte were the three aeromane selected, with Georges Blanchet and Victor Denis as substitutes in case of accident.

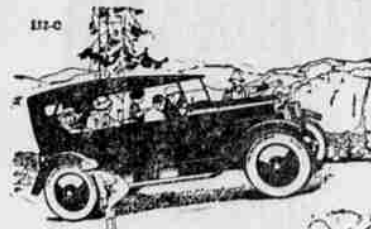

Bonnair won the race in 1912, flying from Stuttgart to Hohen in Russia. Cormier has made more than 150 ascents and Blanchet 200. The latter has won the French Grand Prix for balloons three times.

SAYS U. S. WOMEN HAVE ADVANTAGE OF ENGLISH.
LONDON. (IN8Y)—American women have much better opportunity to carve a career for themselves than their English counterparts, in the opinion of Mrs. McElbert, prominent member of the engineering trade in Ohio and now in London to represent American women at the International Conference of the Women's Engineering Society.

The reason for this is that the American husband is less selfish than the English husband, according to Mrs. McElbert, who thinks that the English are mistaken in bringing their boys and girls up apart in different schools instead of letting them play and work together in their school years.

"Correct this sentence: 'I don't like this photograph,' complained the pretty girl; 'it flatters me too much.'"

Provincialism is the gratitude you feel because your section of the country isn't as wicked and low-brow as other sections.
