

LEWISTON TO ACT AS HOST

Fourth Annual Convention of Pacific Northwest Grain Dealers Association Planned.

SPOKANE, Wash. (AP)—The fourth annual convention of the Pacific Northwest Grain Dealers' association will be held in Lewiston, Idaho, June 6 and 7, according to announcement by T. J. Stephens of Spokane, president of the association. Representatives from Washington, Oregon and Idaho are expected to attend.

Tentative plans for the program include addresses by Dr. E. O. Holland, president of Washington State college, B. W. Whitlock of Portland, Oregon, federal grain supervisor, and E. W. Evans, grain operator of Lewiston. Mayor Thompson of Lewiston will give the address of welcome.

Dr. Holland, who recently returned from a tour of Europe, will take for his address the subject of "Conditions in Europe."

Mr. Whitlock's talk will deal with conditions in the orient. He recently returned from the orient where he conducted a study of

conditions for the United States government.

30-Passenger Mail Planes For England-Malta Service

LONDON (AP)—For non-stop flying between London and Malta, in connection with the England-India and Australia mail service, the air ministry is asking firms to submit designs for commercial aircraft which will perform such a journey.

The machines must make a cruising speed of 100 miles an hour and accommodate 20 to 25 passengers or the equivalent in mail and mail. The journey to Malta will occupy 10 hours; Cairo will be reached in 24 hours after leaving England; India can be reached in four days, and Australia will be brought within eight days of London.

Alberta Rich in Pulp

EDMONTON, Alberta (AP)—Alberta has enough pulpwood to supply the western portion of the United States with newsprint paper for 50 years to come, according to a report compiled by C. H. Morse, chief ranger for the province.

"Pulpwood resources in the province," said Mr. Morse, "total 247,800,000 cords. There are 52,500 square miles of pulpwood forests. Pine composes about 45 per cent of this growth, spruce 20 per cent, poplar 25 per cent and other coniferous varieties 10 per cent."

Historic Vincennes Fortress To Become War Museum

PARIS (AP)—The Vincennes fortress just outside the walls of Paris, which withstood countless sieges and served as a prison for political offenders under Louis XIV and other Bourbons is to become a war museum. It was here for long years that the "Man with the Iron Mask" is reputed to have been shut up, and against the walls of Vincennes the Duke of Enghien was executed in the dead of night by order of Napoleon.

The French parliament, just before its dissolution, appropriated a sum of 2,000,000 francs for the purpose of repairing the structure and gathering together all the arms and weapons available in the history of war.

Advertising Experts Will Discuss Their Problems

INDIANAPOLIS, (AP)—The rank and file of the Association of Newspaper Advertising Executives have selected the matters to be brought before that body at its annual convention at Columbus June 9-11, according to Frank T. Carroll, Indianapolis president. Of the hundred or more problems suggested for discussion, the program committee selected those that were proposed by the largest number of persons.

National advertising will be discussed June 10. William A. Thomson, director of the Bureau of Advertising, A. N. P. A., will be one of the speakers. The Association of Newspaper Advertising Executives, meeting with the Association of Newspaper Classified Advertising Managers, will cover classified advertising problems that are of interest to both organizations.

General advertising management is the subject for June 11. An important part of this session will be the proposal of a code of ethics covering varied problems and practices of newspaper advertising management.

Three separate noon luncheons also are on the program. Men representing newspapers published in cities of less than 75,000 population will meet; representatives of morning newspapers published in cities of more than 75,000 will get together at another luncheon while the third group will consist of newspapermen from the larger cities.

These men with blank minds usually recover their memory after they get tired of the second woman.

Ten Filipinos Drowned When Steamer Blazes

MANILA (By the Associated Press)—Ten native passengers were drowned when they jumped into the sea from the burning inter-island steamer Latic at Iligan bay, off the coast of Mindanao.

The steamer carried approximately 250 passengers, many of whom were teachers en route to the normal institute at Cagayan, Misamis province, Mindanao. They were saved by clinging to timbers thrown from the steamer from which they were rescued by small boats.

Soviet Experiment Collapses Among Portuguese Peasants

LISBON (AP)—A curious story of the peaceful establishment and equally peaceful death of a kind of soviet republic in the San Gregorio parish of Portugal, is told by the newspaper Seculo.

San Gregorio is a wine growing district and is most intensively cultivated. Nearly all the laborers also are small landowners and cultivators, but notwithstanding their general well-being their exactions in wages, hours of labor and extra privileges grow so onerous that the big landowners finally agreed

Bootlegger Escapes Jail

CORVALLIS, Ore.—Cecil Troyer, convicted bootlegger, broke jail here by sawing his way through the roof. He has not yet been apprehended. Troyer was under sentence for a second offense. He had been let out of the cell that he might exercise in the corridor because of the state of his health.

Germany Buying Dried Fruit

SAN FRANCISCO (AP)—A sudden heavy demand for dried fruit has come to central California from Germany. Since January 1 German imports of dried prunes, peaches and apricots have been increasingly heavy. Before the war Germany was one of California's heaviest buyers of fruit, but in recent years her purchases dropped virtually to zero.

to put thoroughgoing communism into effect. This land was turned over to the whole population with the condition that the proceeds were to be divided between labor and owner.

As a result offers for allotments of land poured in and now the new landlords are trying to regain their old status of laborers sure of day wages. The new tenants invoked the high cost of labor and

living, and all the old complaints, to excuse offers of about one-third less than the land is really worth, and the scheme has collapsed.

Road Rock Hard to Get

TOLEDO, Or.—A. Geibisch, operator of the state rock quarry at Chitwood, reports that difficulty is being encountered in securing sufficient rock to complete the west

section of the Corvallis-Newport highway. It appears that a large intrusion of soft sandstone separates the deposits of basalt, making the quarry operation difficult. There is plenty of rock adjacent to the quarry, but this cannot be moved at the contract price on account of having to move the sandstone.

LOS ANGELES TO BE CONVENTION MECCA THIS YEAR

LOS ANGELES, (INS)—During the last week of May and the first two weeks in June the eyes of the women of the world will be focused upon Los Angeles and vicinity, when five large meetings of women's organizations and one gigantic convention—the biennial of the General Federation of Women's Clubs—that is expected to bring at least 8,000 delegates to the city, will be held.

On May 23 and 24 the California section of the League of Women Voters will hold its annual convention here. At this meeting the women expect to re-elect the present roster of officers—Miss Marion Delaney, of San Francisco, as president; Mrs. Mollie Bloom Plank, of Lancaster, treasurer, and Mrs. Arthur S. Heilmann, of Los Angeles, as secretary.

The fourteenth annual convention of the Drama League of America and the first "Little Theatre Conference" will take place in Pasadena, starting May 27 and continuing until June 2.

Close on the heels of this convention come 2 others. The California Federation of Women's Clubs also will have a two-day session in Pasadena, starting May 29th. This convention is usually the high light of the club year, but has been forced into the background this year because of the demands of the biennial.

The national convention of the Daughters of the British Empire is to take place May 29, 30 and 31 in Los Angeles.

Also on May 29 and 31 comes the annual State convention of the American Association of University Women.

Important as all these conventions are they are only the shadow cast before the big event—the biennial gathering of the General Federation of Women's Clubs, which will meet here from June 2 to 14. Besides representatives from all over North America, delegates will come from several European countries.
