

PRINCE WILL GET DEGREE

University of Idaho Commencement Exercises Monday to Honor Nobility.

MOSCOW, Idaho (AP)—The honorary degree of doctor of laws is to be conferred upon Prince Gelasio Chetani, Italian ambassador to the United States, and upon James A. McLean, chancellor of the University of Manitoba, at the 29th annual commencement exercises of the University of Idaho here next Monday, June 2.

Twenty-one years ago Prince Chetani, just graduated from the Columbia university school of mines, began his practical mining work as a laborer in the copper mines in northern Idaho. Chancellor McLean was formerly president of the University of Idaho.

Commencement exercises will begin on Friday. Saturday has been designated an annual day and Sunday as baccalaureate Sunday. Dr. McLean will deliver the commencement address and Dean Paul Roberts of St. Michael's cathedral, Boise, will give the baccalaureate sermon.

Eighteen masters' degrees in the various colleges and departments of the university will be awarded—four master of arts, three master of science in mechanical engineering, three master of science in metallurgy, and three of science in education.

Tranquilino Fajardo of Iloilo, Iloilo, Philippine Islands, and Miss Naomi Chapman of Asotin, Wash.,

the latter holding the distinction of being the first woman graduate of the college of agriculture are among those who will receive degrees in masters of science in agriculture. Miss Chapman received her bachelor's degree a year ago.

MEDICAL MEN TO HOLD AN ANNUAL SESSION SOON

CHICAGO (AP)—The forward strides of the science of medicine in the last year will be surveyed by thousands of American physicians who will attend the annual session of the American Medical Association, to be held on the Municipal pier the week of June 2.

Various state and national health associations will have statistical and public health displays. The federal government will be represented in three exhibits, given by the departments of agriculture, interior and public health.

The official scientific meetings will be divided into sections covering all of the medical specialties. In the section on medicine, special attention is to be paid to progress in the treatment of diabetes with insulin, and to the treatment of heart disease and closely related conditions. In the section on surgery, virtually every field of operation on the human body will be discussed. Ophthalmology, eye, nose and throat operations and authorities on the diseases of children will reflect their progress in addresses and clinics.

The sections on the use of drugs and on preventive and industrial medicine will confine one meeting to discussions on modern methods of resuscitation after gas poisoning and electric shock, and also on the prevention of lead poisoning in modern industries.

Two other sessions will be concerned with modern anesthesia including papers on painless childbirth and the use of ethylene. Another special meeting will be devoted to the more advanced aspects of the use of the X-ray. The program includes about three hundred papers.

Many distinguished medical men of foreign countries will be present and each will bring an important record of medical achievement.

BRITISH EMPIRE AID SYSTEM NOW ON FOOT, CLAIM

(By Charles A. Smith) LONDON, (INS)—Official announcement of a state-subsidized, commercially-run trans-British Empire airship service is to be made shortly, it is learned.

The scheme for an airship service to connect Britain with her dominions has been extensively urged by Commander Burney and other influential people for the last two years, and it is understood that it is the Burney scheme which the British government is proposing to act upon.

It is unlikely, however, that the full Burney scheme, entailing expenditure of more than \$200,000,000, will be accepted, but that some sort of compromise arrangement will be made for the time being.

This would include the building and testing of two giant airship liners, one of 5,000,000 cubic feet capacity, to represent the commercial interests involved in Commander Burney's scheme, and the other to be a purely government craft, to be handed over to the Admiralty, after completion, for experimental purposes.

The commercial airship will be built to carry 200 passengers and will have sleeping berths, bath rooms and dining cars. It is expected that in an airship of such dimensions and power it will be possible to reach India from England in three days.

The government airship will be structurally different, being built to carry fighting aeroplanes and personnel and having a cruising radius of more than 20,000 miles. Both airships will be built at the government airship factory at Cardigan.

The date of the actual commencement of the service will rest on the speed and success of the experimental work to be carried out.

MILCH COWS ARE SECURED

SUMMERVILLE, Special)—Mr. and Mrs. J. A. Monaghan and Mr. and Mrs. Frank Woodell were visitors Sunday at the home of M. D. Sanderson.

Mr. Landman was transacting business at Imbler recently.

Fred Hamilton, who went to buy cattle, returned to his home here the first of the week, bringing a car load of milch cows with him. He was assisted by Earl McKinney who returned to the Willamette valley Thursday.

Nell Tucker has gone to The Dalles, where he will visit for a while at the home of his father.

Burt Oliver was a La Grande business visitor recently.

Low Stanley was a business visitor to La Grande recently.

Mr. and Mrs. Grant Tucker, of Imbler, was transacting business in town Friday evening.

Randall Bean was a visitor in Elgin recently.

Mr. and Mrs. C. M. Hale came down from the Mill Monday and took supplies to the mill.

Inez Woodell has gone to La Grande where she will be employed during her vacation.

Billie Ray was a business visitor to Imbler Monday.

Marie and Henrietta West, of Pumpkin Ridge, were weekend guests at the home of Mr. and Mrs. Ira Landman.

Rev. Youkum of La Grande, came down Sunday afternoon and preached at the M. E. church.

Mr. and Mrs. John Seldner of La Grande, came down and spent the day at the home of Dave Sanderson recently.

Mrs. Royce Conley and baby, of Cove, were visitors during the week at the home of her parents, Mr. and Mrs. A. C. Glenn.

Wellington Hamilton spent Sunday afternoon visiting friends at Imbler.

Virgil Cheate was a visitor in town recently.

Jim Foster of Pleasant Grove, was transacting business in town recently.

Mr. and Mrs. Ed. Combs and son, John, came down from the mill and spent the week-end at their home here.

Mrs. Sylvia Sanderson spent the latter part of the week visiting in La Grande.

Mr. and Mrs. Bill Owens of Imbler, were business visitors in town recently.

Mr. and Mrs. Grace Morris spent the week-end at the home of Mr. and Mrs. Elmer Vermillion.

Hally Horn of Elgin, was a visitor over Sunday at his home here. Lyle Sanderson spent a few days

ST. LOUIS HOME OF GRANT WILL BE A MEMORIAL

ST. LOUIS, (AP)—Dilapidated, its occasional green shutters nailed tight, its front and side walls splattered with glaring signs, such is the present condition of the quaint old red brick building here in which Ulysses S. Grant, commander-in-chief of the federal forces in civil war, and later president of the United States, spent several happy years of his life.

In this building the great military leader, then a lieutenant, married Miss Julia T. Dent in 1848, and here he lived for several years following his graduation from West Point, when assigned to Jefferson Barracks.

Here is planned a shrine, in the full sense of the word, to St. Louis' humble but great son, a home for

memories of his life and a headquarters for patriotic societies and organizations that care to use it.

Solicitations of relics of pre-civil war days and later years, which will remind visitors of Grant's greatness, already has begun in St. Louis and throughout the country.

The property, acquired at auction by John H. Gundlach, of St. Louis, president of the Grant-Grant memorial association, was turned over by him to the association and a campaign has been launched by commercial organizations to raise \$10,000, that the old home may be restored.

Arizona editor refused to pay a \$200 fine. It does seem hard, but an editor could make it back in a few years.

Estimates show 100,000 men will be needed in the wheat belt. What a pity harvesting what can't be made as popular as golf.

Even being a best man is dangerous. Bridegroom failed to show up at Fall River, Mass., so the best man was substituted.

Here is planned a shrine, in the full sense of the word, to St. Louis' humble but great son, a home for

WIND STORM HITS POWDER

Accompanied by Some Rain Which the Farmers Greeted with Open Arms.

NORTH POWDER, (Special)—This section was visited by a heavy windstorm followed by an electrical storm with a light shower recently. The wind blowed very hard and just was so thick that it was hard to see any great distance. The electrical power was shut off for some time by the severe wind. Although the rainfall was very little it was welcomed by everyone.

Paul Elliot, Mrs. Myrtle Mullen and Miss Barnes left for their homes in Portland Friday evening. Mr. Elliot and Mrs. Mullen were instructors in the North Powder high school and Miss Barnes was the principal of the Wolf Creek school. These teachers will not teach here again next year to the regret of the many people here.

The North Powder delegates attended the meeting of the Grand Lodge of the L. O. O. F. and the Ketchikan lodge held at Hood River. Those attending from here were James Wickson and Mrs. Laughlin and Mrs. R. P. Williams. Mrs. Williams received the degree of citizenship.

Visited Lakes.
A party reached the North Powder lakes on May 18, with a train and buggy. This is very unusual for this time of the year, as the snow is always too deep. These lakes are noted for excellent fishing.

Dr. W. T. Piny spoke here Monday evening on the pageant to be given at Union during the Stock Show, "The Friends of Mankind." A large crowd was in attendance.

Little Betty Ballard is rapidly improving after a serious operation. The little girl was operated on Thursday morning by Dr. Houvy. Miss Ballard has many friends at North Powder who hope for a speedy recovery.

Mr. and Mrs. John McPhee, Jr. and daughter, Leona, made a business trip to Heppner last week.

Mrs. Earl O'Bryant and Mrs. Will Tully made a business trip to Heppner recently.

Two Graduates.
Commencement exercises took place here recently, with two high school students graduating. Miss Rose Gilmason and Miss Heaster Fisher. Miss Fisher delivered an address and Miss Gilmason played a beautiful piano number. Mr. Heim, chairman of the board presented the graduates with their diplomas.

Eighteen members of the eighth grade received diplomas at the same time that the high school graduates received theirs. Ben Evans gave out the eighth grade diplomas and made a few remarks, appropriate for the occasion.

HERE WAS THE WORLD'S WORST BASEBALL GAME

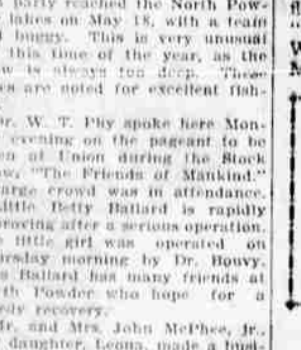

PHILADELPHIA, Pa. (INS)—A game which had all the earmarks of comedy opened the city baseball league here this season.

Sixty-nine players took part in the contest, played between the United States Naval Home and the Fourth Philadelphia League teams. Ten men played on the Naval team and fifty-nine opposed them.

To add to the handicap of the Naval team, Jack Keefe did his hurting. He lost 3 to 2. Only 12 hits were made by both teams.

So live, brother, that if ever you have to be pulled out from under your ear, the reporters will not have to write, "There was an odor of liquor about the wreck,"—Deatur Herald.

Brighten Up Your Home With

The sun rises in the West upon a cup of coffee

STREAMING wisps of rare coffee fragrance call the West to breakfast. A vigorous start for a work-filled day. Knowledge of and insistence upon quality coffee built the coffee tradition of the West—recognized and respected everywhere.

How carefully this tradition is guarded you will know the instant you pierce the vacuum seal of a tin of Hills Bros. Red Can Coffee. What a bouquet! Brew a cup and lift it to your lips. Isn't it simply perfect? No wonder the West is known as the home of wonderful coffee!

With all its high quality, Hills Bros. Coffee is not high-priced. It is economical to buy—and economical to use. Hills Bros., San Francisco.
