

# NEWS of SOCIETY

Social news must be in the hands of the society editor by 5:30 o'clock. Due to the fact that the social page is made up before noon, it is practically impossible to insert stories after that hour. Hereafter, items, no matter how important they are, that are delayed beyond that hour, will not be printed until the following day—News Editor's Note.

A very attractive affair took place last Thursday evening at the rectory of the Presbyterian church when the Bonae Amicæ Sunday School class gave a Mothers and Daughters banquet. This is the first affair of this kind given by the class and it is possible that it may become an annual affair.

At 6:30 o'clock approximately fifty mothers and daughters were seated at a beautifully decorated banquet table, green and white being the color scheme used in the menu, as well as in the placards and other decorations, and a delicious four course banquet, entirely prepared by the girls of the class, was served.

Miss Bess Gehbel acted as toastmistress, and was excellent in her position, and the toast arranged in the order of the name of the Sunday school class were responded to by mothers and daughters in attendance. These toasts were not only very clever but thoughtful as well and enjoyed by everyone fortunate enough to be present.

Because of Memorial day falling on Friday the Friday Bridge club met on Thursday afternoon at the home of Mrs. Dick Lindsay. A very enjoyable afternoon was spent at bridge, with Mrs. Hill Tompkins winning high honors and Mrs. Elmer McManus winning the consolation prize.

The Lindsay home was artistically decorated with spring flowers and during the afternoon a dainty refreshment was served by the charming hostess.

The club will meet in two weeks with Mrs. Stanley Lyons and Mrs. Lawrence Prescott as hostesses.

Mrs. C. J. Edenhorn proved herself a delightful hostess Thursday afternoon, when she entertained the Thursday Auction Bridge club at her home on Depot street. Bridge was the feature of the afternoon with Mrs. Bert Pattison winning high honors.

The home was attractively decorated, spring flowers being used, and during the afternoon a dainty two course luncheon was served.

Miss Helen Anthony and Miss Nicholas teachers of piano, will present their younger pupils in a costume recital at the library auditorium Tuesday evening, June third at eight o'clock. The pupils, dressed in typical national costumes, will play compositions characteristic of the countries they represent. A cordial invitation is extended to the public.

Mrs. J. F. O'Connell will be hostess to the Monday Bridge club Monday afternoon at her home on O avenue.

Mrs. L. M. Hoyt and daughter, Myrtle, spent Decoration Day in Baker. They also attended the Macabee Rally at that city Thursday, May 23.

Mrs. R. T. Langroff of Baker, is visiting at the home of Mrs. L. M. Hoyt.

### DO YOU SHAMPOO YOUR HAIR?

Shampooing one's hair in hot weather is most unpleasant. Have your hair shampooed in the modern, comfortable way and quickly dried with the pedestal drier. We feature the popular shampoo and rinse or gray hair.

Bobbing - Marcelling - Curling  
AT THE COLONIAL  
Phone 521-J  
1802 Fourth St. Apt. B

### Imagination

This dress started out to be a simple, straightline frock, but the designer couldn't help letting his imagination work when it came to the girde which is of wooden beads with a large embroidered parrot in natural colors worked in too. The gown is of black, and the collar and cuffs are of white organdie outlined with the green, yellow and red that appear in the embroidery.

### Fashion Notes

#### Beige Hat Returns.

Paris.—Once more the beige hat returns, more a favorite than ever. It is large this time, with drooping brim that nearly touches the shoulders. Also it is decorated with big flowers, made of uncurled ostrich.

#### Hangs Scarf Differently.

Paris.—Trust the Parisienne to give a different twist even to the scarf. She wears it at present once around her throat, exactly midway from the base of her neck to her chin and allows the ends to hang—some longer than the other—down in front. The embroidered points of the scarf frequently echo those on her hat.

#### Burned Peacock.

London.—Burned peacock is a delightful new trimming which has taken its place today with burned goose feathers. It forms the heart of many two-colored satin and tulle flowers, with which evening costumes are decorated.

#### Garden Party Frock.

London.—An extraordinary garden party frock recently worn here is made up chiefly of ribbon loops of varying lengths, about twelve inches in width. The skirt is altogether composed of these loops, while the bodice is straight and slim.

### Yale Leads Stanford In Eastern Track Meet

CAMBRIDGE, Mass. (AP)—Yale, chief hope of the east led Leland Stanford, favorites of the far west by a narrow margin in the qualifying heats at Harvard stadium for the intercollegiate track and field championship marked by the shattering of two meet records.

The Blues' well-balanced squad accounted for 14 places in the finals Saturday, one more than the total selected by Stanford's much smaller but equally brilliant team. Others qualifying were Pennsylvania and California with 10 each, Princeton 9, and Southern California with 8.

Few stables are erected to men whose chief concern is the way their hair looks.

## SHOP PROGRAM LAST EVENING

### Musical Numbers Made Up Major Portion of Entertainment at L. D. S. Tabernacle.

With a fair crowd at the Mormon Tabernacle last evening the Albina shopmen gave an interesting program. Mr. Nowland was chairman of the evening's entertainment and the first number was the Overture by the Albina shop band. An address of welcome was then given by city commissioner, C. J. Black. Two speakers were introduced, Mr. Buschamps, vice president of the Union Pacific, and Mr. Peck, superintendent of Motive Power, who gave short talks.

The remainder of the evening was spent in a musical program with Mr. Mink playing an excellent cornet solo; Mr. Drews rendering a pipe organ solo and responding to a hearty applause by playing a selection on the piano; a whistling solo by Nephth Combs, accompanied by Miss Ruth Bramwell, at the pipe organ; a vocal solo by G. L. Dutton; a vocal solo by Miss Kathleen Campbell, a saxophone solo by Mr. Ryel and a vocal solo by Miss Baxter.

Following the program a dance was given at the Rex hall, with a large attendance.

## 'GRAND EAGLE' IS NEW CIGAR

La Grande has a brand new cigar factory which is producing the "Grand Eagle" cigar, a two for a quarter piece of goods that is hand made and promises to take its place in all of the places dealing in cigars.

It is made by W. Y. Layden, a veteran cigar maker of the western states who has located here permanently. "The Grand Eagle," said Mr. Layden, "is a cigar like we used to get years ago. It is made from properly cured tobacco and does not possess any rank flavor, but on the other hand is smooth and lovely to smoke. I have been in the business all my life and I know that to claim a portion of trade in La Grande and Eastern Oregon I must make a superior article. This I am doing and I ask all smokers to try it, for the trial will make them customers of mine."

### Limited Parking Plan To Solve Traffic Jams

ALBANY (AP)—Traffic experts of New York state have recommended the discontinuance of parking cars in congested districts as a relatively easy solution of the automobile problem. The immediate question confronting cities is to fit traffic to the streets, they declare. This can be done with little expense and little delay by proper control of parking. The ultimate problem is to fit the streets to traffic, which will cost much money.

### Alaskan Placer Operations Planned on Immense Scale

Fairbanks, Alaska. (AP)—A placer gold mining enterprise will be launched next summer in Alaska to wrest an estimated \$50,000,000 from a single section of interior Alaska. The operations will require 100 miles of ditches and laterals and a small army of men.

The area to be worked over will include such historic bonanza regions as Goldstream, Fairbanks, Fish, Cleary, Big and Little Dome, Eldorado, Pedro and Pecker. The enterprise was made possible by the construction of the government's Alaska railroad, over which will be transported the materials for building flumes, pipe lines and steel siphons. The hydraulic method of mining will be used. To take the water over the mountain ranges steel pipes from one-half to three-quarters inches in thickness and five feet in diameter will be needed.

Alaska has a number of large low-grade areas which are supposed to contain more gold than has been taken from the territory.

### Berlin Mammals' Complaint.

BERLIN. (AP)—The mammals of Berlin, spurred by the splendid business done by the stores here this spring, are talking of organizing a union. The young women contend that something "must be done for art's sake," because it is terribly difficult to strut about all day like the wife of a millionaire, and then have waterkrout, cheese and sausage and maybe a small glass of beer and go to bed in a room in the attic somewhere which we call home.

Fortunately, closed cars are not essential in the belt where tobacco is considered edible.

### Five Out of Seven Need The Combination of Port Wine and Olive Oil Portolive

If you are health worried—if you fear secret ingredients in "medicines"—you have at last found a tonic and stimulant to assimilation in the juice of this grape combined with the oil of the olive.

Doctors everywhere and of every school, proclaim Portolive is needed by five persons out of seven in this age of nerve tension and highly predigested foods.

Portolive contains port wine and olive oil and other natural body builders.

Red Cross Pharmacy will supply you. (Mail orders accepted.)—Adv.

## LEGION PLANS GREAT CAUCUS

### Night Carnival to Be One of Features; "Battle of the Marne" to Be Fought Again.

PORTLAND, Ore. (Special)—Window panes for blocks in every direction from Multnomah club have been heavily insured—in some cases taken out entirely in anticipation of the heavy barrage to be laid down by the American Legion in that part of the city on the evening of Thursday, June 12th, when the grand Night Carnival, a big convention entertainment feature will hold the boards.

Throwing of hand grenades, gorgeous displays of lights, the staccato of rat-a-tat-tat of machine gun fire, interspersed with regular explosions of "ashcans," the whine of rockets shooting every where and many other exciting and thrilling stunts promise to make the elaborate pyrotechnic "Battle of the Marne" alone worth a trip to Multnomah Field on the night of June 12th.

The committee arranging this stupendous and most spectacular event includes Chester A. Fuller, chairman; Judge Jacob Kanzier, Judge Martin Hawkins, Judge W. A. Elwell, Arthur M. Geary and E. E. Wilson and that lineup alone insures visitors of their moneys worth of fun that night.

Chairman Fuller announces that in addition to the "Battle of the Marne," the program at Multnomah Field on the night of June 12th will also include competitive drills for 12 silver cups hung up by the American Legion and Rose Festival association, between the various legion drum corps which will be here for the occasion. The cities which have already announced they will be in Portland with classy drum corps and marching clubs are: Oregon City, Salem, Roseburg, Eugene and La Grande, and of course Portland Post will have its new drum corps out for all to see.

The Knights and Ladies of Security drill teams will put on a spectacular and most interesting number during the Multnomah Field programme with Folk Dancing by the Swedish Ladies of this city. Multnomah club itself will provide a generous share of the entertainment and its fencing teams and dancers will be on the program. Seventy-five people, members of the Portland Social Turn Verein, will take part. The Glee girls and Saviors will be there strong while the Portland Fire Department Smoke-Eaters are down for a thrilling exhibition of ladder and net work, fire fighting and other stunts.

### Limited Parking Plan To Solve Traffic Jams

## CHURCH NEWS

M. E. CHURCH, SOUTH—Corner Fir street and O avenue. Rev. Floyd W. Dick, D. D. pastor. Services Sunday, June 1st. Sunday School 9:45 a. m. Preaching 11 a. m. by the pastor. Theme, "The Way of the Cross." Epworth League 7 p. m. Union service 8 p. m. This will be the beginning of the Union services among the various churches of the city for the summer and the committee decided that in view of the closing service of our "Special Meetings" to come with us for Sunday night. We extend a welcome to all. The theme for Sunday evening will be "The Home Life." The pastor will bring the message.

FIRST BAPTIST CHURCH—Sunday School at 10 o'clock. Mrs. C. E. Happerett, Supt. Subject, "The Last Days of Jerusalem." Sermon at 11 o'clock by the pastor. As he will only have two more Sundays in La Grande he is very anxious to meet as many as possible at the church. Mrs. P. S. Jester, director of music, will be away for the day with visiting relatives but she has arranged with Mrs. Happerett, pianist, for the regular gospel music. The Lord's Supper will be observed but the service will close promptly at 12 o'clock. At the evening hour we enter into the Union evening service for the summer, the first one being at the M. E. Church, South. Dr. Dick, the new pastor among us will preach the sermon. Let us give him a proper welcome to our city and state.—Albert H. Sifton, pastor.

ZION ENGLISH LUTHERAN CHURCH—M. Ave., opposite high school. Sunday School 9:45 a. m. Services, 11 a. m. While our cooperative title is "English," there really is nothing English about it save the language which we use in all our services. Other terms have been used, but rather confuse more than help. "American Lutheran" really includes Swedish and Norwegian Lutherans, and "American language" really means the Indian tongue. Therefore there is nothing left for us but to use the term "English," for a while until it is generally known that we preach in no foreign language, and then we will drop this term altogether.—Rev. Wm. F. Holt, 503 M. Ave.

CHRISTIAN CHURCH—Members of the Bible School—attention. The Bible school service and picnic that was announced for the day has been withdrawn and for this week we will have the regular service at the church. This holds good for the church service as well. The pastor will preach at the morning hour. The evening service will be a Union service of all the churches, uniting with Bro. Dick at the South Methodist. Bible School at 9:45, morning preaching at 11. C. E. at 7 and evening preaching at South Methodist at 8.—O. W. Jones, minister.

FIRST METHODIST EPISCOPAL—Elmer Grant Keith, pastor. The services at 9:45 a. m. in the church school will be of very significant importance. Special classes for all. And note that the school opens at 9:45 and not 10:00 a. m. The public service at 11:00 a. m. will be conducted by the pastor. There will be Holy Communion, Baptism and Reception into Membership in the church. This will be a very delightful service. The members of the Church Membership training classes will all present themselves for formal reception. A full attendance of the membership is urged. Strangers are always welcomed to the worship of the church.

The services at 8:00 p. m. will be a union meeting under the auspices of the Ministers' Association of La Grande and will be held in the Methodist Episcopal Church South. All of our people are urged to attend.

PRESBYTERIAN CHURCH—Government observers have said that in China there is not an organization of an uplift nature which cannot be traced to the Christian church. If all the Christian influences could be removed

from America we would take the mainspring of much of our life. The church needs your support by your presence, so that if you have no church home, there is a welcome for you with us in our new church home with its splendid equipment.

Our Sunday-school meets tomorrow morning at 9:45 with classes and teachers for all in separate classrooms. Our special music by the scholars is an attractive feature. Our morning worship hour at 11 is a most helpful time as we come into vital communion with our God. Our C. E. meeting at 7 p. m. gives the opportunity to the young folks to develop those Christian ideals of which we are all capable.

So we share in helping America continue to uplift our own people and also the world with the presentation of the message of Christ and His Kingdom. Would you gladly assist?

Wm. Crosby Ross, minister.

FIRST CHURCH OF CHRIST SCIENTISTS—Corner of First and Washington. Sunday morning service at 11 o'clock. Subject, "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced." Sunday school at 9:45 a. m. Wednesday evening meeting at 8:00 o'clock. Reading room open to the public every Monday, Wednesday and Saturday from two to four. All are invited.

English Professor to Expound America to His Countrymen

LONDON. (AP)—A. F. Pollard, professor of history at the London University, will occupy the Watson Chair of American History, Literature and Institutions, for the present year. Professor Pollard's general subject will be "Factors in American History."
