BRISK STORM HITS MEDICAL

Lightning Strikes and Ignites Two Trees; Blaze Quickly Extinguished.

MEDICAL SPRINGS (Special)
—There was a thunder and lightning storm followed by a hail hour of rain recently. The lightning set two trees on fire in the mountains, but C. O. Bloom was there a few minutes after it was started and put the fire out before any damage was done.

Mr. and Mrs. L. A. Chandler, of La Grande, motored to Medical Friday evening, returning home Sunday.

Mrs. Hogg is visiting in Baker.

Mr. Williams, who has been staying at the "Cottage" since December, returned to his home at Portland Saturday. His health is much improved.

Medical Springs grange met Saturday, May 24. There were several members planning to take the third and fourth degrees, but owing to the rain only four were given the degrees. After the business meeting all marched to the banquet room, where chicken and noodles, toast, cake and coffee were served. Those present reported a very enjoyable evening.

Mrs. L. A. Chandler, Mrs. J. F. Kennedy and daughters, Lillie and Jean, Mrs. Grace Johnson and sons were guests of Mrs. S. S. Doby recently. After dinner all enjoyed a swim at the dam.

George South left Sunday to help with hay at the ranch at Huntington. Mr. and Mrs. South expect to leave the first of June to attend the State Grange convention at The Dalles.

L. S. With will leave the first of June for The Dalles, where he will spend a week.

Mrs. M. Whitten, Mrs. J. E. Walker and Miss Walker were Friday afternoon guests at the home of Mrs. C. O. Bloom.

Mr. and Mrs. C. Turner spent Saturday at Union.

W. Duncan was a business visitor at Baker last week.

Bok Wanker, Lloyd Chandler and Vivian Kennedy spent the week end in the mountains hunting bear.

Mrs. Rowin of Boise, Idaho, was a passenger on Tuesday's stage. She came to spend the summer with her husband at the "Twin Baby" mines.

Mrs. Bert Van, of The Park, spent Monday with her sister, Mrs. George Looney.

Mr. and Mrs. Bob Wanker and Mr. and Mrs. J. Whitten spent Wednesday and Thursday hunting bear.

The weather has been quite cold recently, with a light frost that killed some of the early garden.

Grain Needs Rain.

GASTON, Or.—If rain does not fall in this part of the Willamette valley in a few days the crop of spring and fall-sown grain will be a short one. A good soaking down-pour would mean thousands of dollars to the farmer. The grain is just heading out and it is not too late for it to fill, if there is plenty of moisture.

TROUBLED WITH YOUR STOMACH?

Use Smith Bros' M. A. C. the Guaranteed Treatment

If you want genuine, lasting relief from stomach distress, go to your druggist and obtain a bottle of M. A. C. the guaranteed stomach treatment. Take a spoonful after each meal, as directed, and see how quickly it gives results. The very first dose should convince you that this medicine is exactly what you need to forever rid your stomach, heartburn, nausea, excessive gas, bloating, indigestion or nervous dyspepsia.

M. A. C. invigorates the stomach glands, promotes the secretion of gastric fluid and cleanses the entire digestive system of food, irritating waste matter. It gives you new appetite, new energy, new interest in life. Sick headaches, dizziness, constipation or other symptoms of disturbed digestion will vanish completely when your stomach is restored to proper working order.

Passion Play in Berlin

BERLIN (AP)—Freiburg's Passion Play, which is somewhat similar to the celebrated German-gau spectacle, is playing for a month in Berlin under the direction of A. G. Pissnacht, whose family has been directing the play for three generations.

Two thousand persons participate in the performance and the hall affords seats for 500 persons. The play is attracting large crowds and has been favorably received by the Berlin press.

MONTH TOUR WAS ENJOYED

Mr. and Mrs. Stoddard Find Beauty in Atlantic Seaboard States This Spring.

Mr. and Mrs. Earl Stoddard recently returned from a four weeks tour across the continent from Salt Lake City to New York by rail and return by motor from Syracuse to La Grande, remark most enthusiastically of the beauty of the Atlantic seaboard states at this time of year.

The trees in particular caught Mrs. Stoddard's eye. She says they are unlike anything seen in the west. Every village and wayside hamlet has numbers of majestic shade trees lining the streets, some of them of incalculable age, all of them beautiful.

Mr. and Mrs. Stoddard left Salt Lake City, traveling through the Grand Canyon and visiting Niagara falls en route to Syracuse where they purchased a new car to make the return trip in.

Their route led them from New York City to Atlantic City, thence to Salt Lake City by the way of Philadelphia, Indianapolis and Chicago.

While in New York Mr. and Mrs. Stoddard visited with Howard and John Stoddard and Belle Lyman. Howard Stoddard is attending Columbia university and John Stoddard and Belle Lyman were in training at a school in New York in preparation for a church mission. They have since left New

York and are now stationed in Vermont.

The trip was made without accident of any kind while on the road. **CLARENCE BORG**

210 Miles of Jointless Pipe
To Carry Natural Gas Supply

KIRBYVILLE, Tex. (AP)—A continuous steel tube 210 miles long without a coupling of a screw thread connection will be laid this summer between the Texas-Louisiana natural gas fields near Shreveport, La., and Beaumont, Tex.

When completed, the longest 16-inch diameter pipe line in the world will cross two rivers, innumerable creeks and run underground through four counties to carry the natural gas to Beaumont. Oxy-acetylene welding will seal every joint, replacing the old method of screw couplings, thus reducing the upkeep to the line to the vanishing point, and conserving a great quantity of gas from the leakage which has at times been unavoidable with threaded joints.

Danville Register: The man who whines that he never had a chance is probably one who wouldn't recognize one if he met it in the road.
