STOCK SHOW CALLED OFF DUE TO RAIN

day, Rose Boy winning by inches. The ladies relay allowed considerable improvement over yesterday—Hornell's string winning at the writer's predicted yesterday morning. Cantrell's string was second.

Hardwood won the 3-5 mile dash in 33 3-5 seconds, snappy time. Bell Star was second and Iron Dick third.

The roman race, with a close finish, went to Rose's string with Cantrell second and Byron third. Time 55 1-2 seconds.

Teapot Dome Wins Teapot Dome, the buckler, who gave Late Geiger some trouble Thursday, found that Babe Hogg wasn't so much of an oil promoter and so his lease was withheld. Babe hit the dirt about the fifth jump. Late Geiger rode his broncho yesterday in fair fashion.

Miss Ann Stange won the blue ribbon in the mixed riders competition.

Pulp Wins Prize Bull Elmer Pulp, of Cove, who two years ago won first place in the grade dairy class and therefore received a prize. Holstein-Predican half calf from the Plymora farm, yesterday repeated with the same cow and was again presented with a bull, with Dr. W. T. Phy as the donor. Last year Mr. Bean of La Grande, won first.

Other races went off in nice shape without any accident occurring—that in the second 2-mile race when a rider was slightly injured.

Swine Exhibit Attracts Of the exhibits that drew a great number of people was the swine exhibit, which is one of the finest ever brought together in eastern Oregon. Not only the swine exhibit is first class, but the others are just as fine in comparison.

About half a million dollars worth of stock is on display this year and the numbers are also much greater than in past years.

Due to the rain, the pageant, "Friends of Mankind" was not staged last night.

The Trullmen, from La Grande, were present in their straw hats, white trousers and dark coats, despite the inclement weather. They, led by the Union County Chamber of Commerce quartette, sang several songs arranged for the stock show and were applauded heavily.

Both the La Grande band and the quartette were appreciated enormously, according to Union people.

DEER RULING TO STAND SALEM, Ore. (Special)—Judge G. G. Bingham of the Marion county circuit court, granted a permanent injunction restraining the state game commission from enforcing any order changing the opening date of the deer season. The suit was filed against the game commission by Walter Wieslow, Salem attorney.

My Winslow last year filed a similar suit against the game commission and was upheld by both the circuit and supreme courts.

Judge Bingham held that the opening and closing date of the season was fixed by the legislature, and it was not in the province of the game commission to change there by any arbitrary order.

Two Motorists Injured KEILSO, Wash.—G. L. Potts of Portland sustained a broken leg and J. P. Shure of that city was injured when Potts' car in which they were riding turned over on the Pacific highway between Kalama and Woodland, according to a report at the sheriff's office by George Laton, whose car passed the Potts car almost at the moment of the accident. Laton states that a year with Oregon license 21925, issued to L. H. Curtis, 159 Morrison street, Portland, passed at about the same time.

THE OLD HOME TOWN

By Stanley

HUNT'S LETTER

(Continued from page 1)

put himself out of further consideration for the honor by announcing that he would not be present at Cleveland.

That, he felt, would be counterproductive. Also final.

If he wasn't there, he couldn't be carried. He'd still be free to exercise independent judgment and leadership.

But the demand for Borah as an active participant in the Coolidge campaign has persisted. And the inclination that he volunteer may now be replaced by an order that he be drafted.

The one big deterrent to this program is fear of how Borah would take it. Would he submit himself as a conscientious objector, or would he raise a hue and cry of "Kidnappers," and by flitting for freedom mess up the whole abduction scheme and frustrate the forced marriage of his progressivism with Cain's caution and conservatism?

Well—that's one of the things that only time will tell. Borah just says when he's asked about it.

It's hard to think of Borah as a vice president. It's harder to think of Borah thinking of himself as vice president.

To all day after day, perched up on a dinky rostrum listening to the drone of senatorial debates and with never a chance to pitch in and stir things up a bit.

To be the fall of a presidential life, without real leadership or influence, instead of an independent leader, feared and respected by friends and foe alike.

So, some how that doesn't sound like the role for that Borah.

No man was a closer friend or more staunch admirer of Theodore Roosevelt than was Borah.

Yet he refused to follow Roosevelt when T. R. rode out of the reservation in 1912.

He would have helped Roosevelt then so he can help Coolidge now. He held thousands of votes in the G. O. P. for Taft, as he can hold them for Coolidge if he but says the word.

But will he? If Borah won't tell in the meantime, June 14' will!

If you're going to get shot in a battle between hoodluggers and prohibition agents, get elected to the senate first.

The senate has authorized payment of \$7500, for hospital and doctor bills, to Senator Frank Green of Vermont, who was beaned by a hoodluggers bullet in a battle near the capital. Poor consolation at that!

We spend one-third of our lives in bed and another third phylaxing with bunk.

Wallowa County Road Work Is Progressing

(Continued from page 1)

All business is handled thru Mr. Kellogg's office, with W. H. Spencer as bookkeeper in charge of details. There are six men working on the job and seven other men, two of whom are running tractors which are used for some of the heavy work.

Surfacing North Road. The rock crusher was put into service on the state highway north of town and the contractor, W. E. Storm, began making rock fill in some parts of the grade last Friday.

The earth grade will be finished as the filling proceeds and then the real surfacing will begin. Coarse rock is now being produced at the crusher, and finer material will be turned out for the surface.

The rock is quarried out of the ground, insuring superior surfacing material. Experience has demonstrated that crushed gravel is decidedly inferior, as it makes a surface facing material which will not bind and hold smooth. It concentrates persistently, as on the Enterprise-Joseph highway, and at many places on the state highway outside the county.

Leap Market Road Done. The Lottino-Evans-Leap Market road of six miles up Parsip creek was finished week before last. It leaves the valley west of Evans, after paralleling the railroad to the Williams farm at the mouth of Parsip creek, and follows that stream to the Chris Johnson place. The old road climbed out of the creek valley with a very heavy grade, and returned to it several miles farther up in Leap.

The county let the road out on subcontract to various bidders, the Evans Construction company doing most of the work. It is satisfied with crushed river gravel.

BEAR CREEK ROAD TO BE FINE SCENIC REGION WALLOWA, Ore. (Special to the Observer)—The Bear Creek road in nearing completion, and in another week automobiles will be able to drive to the Pole Bridge. The Parsons Service road crew has been engaged in the work for about a month, which includes the widening of the road beyond the last Tuley cabin, and building one and a tenth mile beyond the former terminal of the road. Although the Pole Bridge cannot be used by cars, there is sufficient room at the end of the road to park eight cars. The bridge will probably be built next year, which will provide auto access to a splendid Forest Reserve camp ground.

WOMEN NOT TO LET UP FIGHT

FOR ANGELIZ (AP)—Mrs. Thomas C. Winter, retiring president of the General Federation of Women's clubs, in session here, said Friday that the federation would not take any official communique of remarks Thursday by Rupert Hughes, author, who, addressing the convention, told it that woman's place was in the home and that censorship was one of the great modern evils.

Mrs. Winter declared, however, that the federation would continue its campaign against what it considered objectionable in motion pictures.

"Films must not violate or attack decency of the home and school, or the morals of the American people," she said. She also said the war against jazz would continue.

The road under construction has a maximum grade of six per cent, and is nine feet wide. Eight men and a tractor and grader have been doing the work. The road was financed with \$1500 of the county appropriation for that purpose, \$300 of the sum being subscribed by the community; the remainder being money saved from the original road work by the elimination of bridge work.

Bringing back the "Swimmin'-Hole"

Even in the inland towns and cities there's one cool spot—the modern swimming pool. Here gather young and old, reviving all the joys that Dad used to know at the Old Swimmin' Hole.

After a sweltering day, it's great to dive into the cool deep water—to feel your nerves relax and your body take on new energy.

Along with the revival of swimming has come a new style—a new name, the swimming suit. Carl Jantzen, himself a swimmer, created Jantzen-stitch—a pure wool fabric, with the elasticity of rubber. He patented the non-rip crotch and the bow trunk, which make the Jantzen suit fit perfectly, wet or dry. No other suit can be like a Jantzen.

A Jantzen will outwear several ordinary suits. Get yours now, and learn what real comfort in swimming is. The new 1924 stock is now ready at our store. Come while the selection is complete. We have sizes and colors to please the whole family.

Table with 2 columns: Category and Price. Men \$6.45, Women \$6.85, Misses \$4.95, Boys \$4.45, Children \$2.85. All are pure Wool.
