NORTH UNION HOMES ROBBED

Burglars Take Several Articles from Residences During Stock Show Period.

UNION (Special) — Thursday night and Friday some burglars took advantage of the absence of people who were attending the stock show, and entered some business houses in North Union from one residence they took an overcoat and what cash they could find.

Mrs. Shaudies and daughter Florence, who have been living in Union since last September, the former having taught in the grade schools here, left Saturday afternoon to drive to Portland, where they will spend the summer. They will return to Elgin before school starts as Mrs. Shaudies has a position in the school there for next year.

Mr. Hendricks came over from Baker Friday to do the stock show and program in the interest of the Baker Herald.

A fight at the show Friday afternoon was quelled by the police before it had really developed into much of a fracas. Many of the spectators wanted the contest finished out on the track so they could see, but the officers couldn't see it that way.

Rev. Goidle and his wife and daughter were in attendance at the stock show and drew much interest with their pair of goats and the two kids which arrived at the grounds only one day old. The Goidle family reside at Cove where he has charge of the Episcopal church.

Jitney dances were held at the gymnasium on the last three nights of last week. They were well attended and netted the stock show association a neat sum that will cut down the deficit which the management is facing as a result of the rain Friday and Saturday.

Scott Callahan, former employee of the Ferguson Drug store here, out later with the Smalley store at Walla Walla, is home for a few weeks vacation.

Miss Alta Tanner, one of last year's teachers training girls of the Union high school has accepted a position in the grade schools of Myrtle Point. She leaves Wednesday for Bellingham, Wash., to attend the normal for the summer term.

Mrs. Will Hayden came over from Baker the last of the week and is visiting for a few days with friends in Union.

The Methodist and Presbyterian churches have arranged for union services of Sunday evenings for the remainder of the summer. They will be held alternately at each of the two churches.

Merton Davis put his service station into use this last week although it was not quite finished. This station is located across the

street from the Union hotel and will make an attractive corner when finished. It is rumored that another similar building will be erected on the property just south of the telephone exchange, which has recently passed into the hands of Dr. Little of Cove.

Mrs. Dillon who directed the pageant here during the stock show left for Portland Saturday. She will come back later when the committee decides on a date to stage the pageant again.

Flord Maxwell and Mrs. Maxwell came up from Portland Thursday for a short visit with his father W. A. Maxwell. While here he covered the show for the Oregonian. On the first day of the show the Oregonian had two

MUSCLE SHOALS PROJECT DATES BACK 100 YEARS

connecting it with the Tennessee river in the north. The company formed under these acts by congress and the legislature was unable to sell its stock and on May 23, 1812, congress passed another act ceding 200,000 acres of land in north Alabama to the state so the shoals would be improved.

The first act of congress with reference to the Shoals was passed when congress gave its consent to the operation of an act passed by the Alabama legislature on December 20, 1827, to improve navigation in the Coosa river, in the center of the state, and to act in

total of \$4,598,098.50 on Muscle Shoals for navigation alone. In 1829 congress gave its assent for the first time for the construction of a dam and power station.

Forester Memorial Planned. CORVALLIS.—A bronze memorial tablet in honor of Oregon Agricultural college foresters killed in the world war will be placed near the forestry building. The tablet was cast in the college foundry by A. K. Ridenour, instructor in foundry practice. The casting was made from a plaster model molded by Clyde Archibald of Albany. The

plate is patterned after a tree trunk. A hemlock lies at the bottom of the trunk and at one side the names of the men who died in the service are inscribed. It weighs 20 pounds.

WHITE SHOES

Vary in Style with Occasion

So some of them are simply almost unto severity, as becomes the tailored mode, while some plan to accompany sports costumes and are more strikingly styled. Still others consider airy frocks their match, and are dainty accordingly.

Such nice discrimination is sure to appeal to women who are exacting in the details of dress.

Valuable Minutes

IN THE few minutes required to run your eye over these advertising columns, you may learn of something that will serve your convenience for years.

Rather valuable few minutes!

You aren't spending time when you are reading advertisements. You are saving both time and money. Each day advertisers help you to compare values and prices. They tell you where you can secure the best and most serviceable at lowest cost.

Advertised goods are more dependable than goods unadvertised. They must be exactly as claimed. They can't afford to be otherwise.

Make a daily habit of reading the advertisements. It pays.

MISTAKES IN BUYING ARE COSTLY—AVOID THEM BY READING ADVERTISEMENTS
