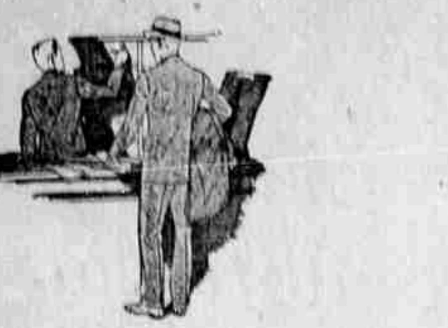
IT'S THE CUT OF YOUR CLOTHES THAT COUNTS



Service

Service is not an extra that we throw in because we are so good natured. We give you good service because it's good business. We want you to come back, and we know you won't unless the purchases you make here continue to please you after you have left the store.

The things a man buys at a store like this are very personal. If he invests in a suit that doesn't wholly satisfy him at the time, it's certain he will think less and less of it—and of us—every time he wears it.

When we sell you a Society Brand suit, we know perfectly well that three months from the day you bought it you will like it even more.

DISEASE COST IS COMPUTED

PORTLAND, Ore. (Special)—It is desirable to recognize that from the president of the United States to the laborer in the factory or on the farm, all citizens not physically incapacitated, are, or should be, workers. The fundamental needs are responsibilities of all citizens and as to the maintenance of health are similar, and we cannot solve the problems of the laborer unless we consider him one of the great army of gainfully employed. There are over 400,000 individuals gainfully employed in the state of Oregon.

Sickness is a hazard to which all are subjected and to which many fall victims. Those who are disabled by sickness suffer losses of time, cost of care, which varies from slight hardships easily borne to those which absolutely ruin. There are today over 9000 wage earners in Oregon confined to their homes on account of sickness. The workers lose on an average of seven days annually on account of sickness. Four hundred thousand wage earners lose 2,800,000 days annually on account of sickness every year. At a daily minimum wage of $3 this means a loss of $8,400,000. Three million three hundred thousand dollars is spent anually for doctors. An equal amount is spent for nursing and hospital care. Four million dollars is spent for drugs, mostly self-prescribed.

Forty per cent of the deaths are preventable or at least postponable. The estimated value of the average life is $2500. In a state of this size with an annual death rate of 8000 — 2000 of these deaths are from preventable causes. At an average value of $2500 this would mean a loss of $22,500,000. The total amount loss from preventable disease is:

Wages lost	$ 8,400,000
Services of physician	3,300,000
Hospitals and nursing	3,300,000
Drugs of all kinds, patent, etc.	4,000,000
Loss by death	22,500,000
	$41,500,000

Disease costs the state of Oregon over forty millions annually. As these expenditures do not consider many of the other expenses incident to illness, the expenses in reality are much greater. Sickness undoubtedly causes a tremendous loss, and to a certain extent is preventable. It certainly costs less to prevent disease. Public health is purchasable and within natural limits, a community may determine its own death rate. Take health work from uncertainty and place it on sure ground. Make it a potent factor and it will pay.

Surely if we are rich enough to spend $15 per capita for tobacco, $5 for candy and confections, $4 for patent medicine, fakes and drugs of questionable value, $1 for cosmetics and 75c for [illegible] we should be willing to spend more than 10c per capita for the most essential part of life — health. Every community must estimate its own requirements and appropriate accordingly.

Notice.

TO WHOM IT MAY CONCERN:

Whereas, The State Game Commission of the State of Oregon is authorized under Section 8, Chapter 66, General Laws of Oregon, 1921, to open any closed season or close any open season in any county or district of the State of Oregon for the hunting, shooting, killing, taking or having in possession, alive or dead, in whole or in part, of game animals and game birds; therefore,

Notice is hereby given, that the State Game Commission of the State of Oregon has made and entered of record and does hereby issue the following

Order:

That for the purpose of protecting certain species of the wild game life of the State from extermination, and for the purpose of propagating and increasing such species of wild game as hereinafter mentioned, the State Game Commission of the State of Oregon hereby gives notice that the open season for hunting, shooting, killing, taking or having in possession, alive or dead, male deer with horns throughout the entire State of Oregon, as defined in Section 16, Chapter 153, General Laws of Oregon, 1921, shall be and is hereby declared to be closed for the year 1924.

Notice is also given that the State Game Commission of the State of Oregon hereby declares an open season for the hunting, killing and taking of male deer with horns throughout the entire State of Oregon. Said open season shall be and is hereby declared to be from the 10th day of September, 1924, to the 21st day of October, 1924, both dates inclusive.

Notice is also hereby given that the change in the open season made by this Order in nowise affects the bag limit or other regulations provided by law respecting the hunting, shooting, killing, taking, or having in possession alive or dead, in whole or in part, such game animal, namely: Deer.

Any and all persons hunting for, shooting, killing, taking, or having in possession, alive or dead, in whole or in part, any deer in violation of this Order shall be prosecuted as by law provided.

Dated at Portland, Oregon, this 14th day of April, 1924.

OREGON STATE GAME COMMISSION.

The Apartment and Small Home

MUCH to the delight of the couple assuming the first responsibilities of a home, they find the combination dining and living room suites exactly what they need.

Furniture equally as suitable for dining or living room is the kind to buy.

A novel library table that may be extended to six feet or so, if desired, is the prime factor of the combination suites. Individual pieces are as distinctively serviceable as are the table and chairs.

Our present displays feature combination suites of this type.

Time to Face the Facts

"So much has been said against the use of patent medicines that I have had a strong prejudice against them. But after many years doctoring with six different doctors without results for acid indigestion, gastritis, constipation, appendicitis and other ailments, I was told to [illegible] I was encouraged to try Mayr's Wonderful Remedy, seeing what it had done for a friend similarly afflicted. I also was entirely relieved of my trouble, and am sure this medicine will do all that is claimed for it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Adv.

6-room house with one acre ground located on North Fir St. Electric lights, water and sewer connection. This property can be purchased on very easy terms of $100 cash and balance on easy monthly payments.
