

NEWS of SOCIETY

Social news must be in the hands of the society editor by 9:20 o'clock. Due to the fact that the social page is made up before noon, it is practically impossible to insert stories after that hour. Hereafter, items, no matter how important they are, that are delayed beyond that hour, will not be printed until the following day—News Editor's Note.

The regular Tuesday evening meeting of the Rebekah lodge of La Grande took the aspect of a farewell party, occasioned by the departure south of Reverend and Mrs. A. H. Sifton, of the Baptist church. The ladies of the order presented them with a nice piece of table linen. During the evening Reverend Dick, of the South Methodist church, spoke briefly.

Episcopal church spent a delightful afternoon yesterday when they held their regular monthly meeting in the parlors of the church. The first division of the A.D. had charge of the program and after an interesting time a dainty luncheon was served.

At the next meeting the second division will entertain and plans are being made for a pleasant social time.

The Ladies Aid of the Baptist church will meet tomorrow afternoon at the church.

personnel of the G. O. P. ticket has been definitely determined. Interest in who the Democratic candidate is to be almost as engrossing as it was over who should be Coolidge's running mate.

Of course, there is a reason. It is this: Republicans are praying that the ghost of the oil scandal will be laid for the period of the campaign. They believe that, with McAdoo as the nominee, the Democrats will be stopped from raising the issue of "oil." In case it was raised, Republicans would attempt to make it a boomerang, hitting Democratic as well as Republican heads. Especially McAdoo's.

And of all the issues the Republicans hope to keep subordinated, the oil scandal leads the list.

Senator Jim Watson, of Indiana, who recently arranged a brilliant "understanding" with the Ku Klux Klan of his state, was met by a friend who thought to have a little fun at his expense.

"Say, Jim," this friend said, "show us the Klan trip, won't you?"

"Can't do it," Jim responded promptly, with a smile, "unless you pull a pillow slip over your head."

Japanese Shin Submarines.

TOKIO, (AP)—Increased death allowances for submarine service have been adopted by the Japanese government to offset the growing unpopularity of the service owing to the recent series of fatal submarine accidents. In two disasters 127 men lost their lives.

For Street

Here's the three-piece suit for summer, as Paris sees it. A sleeveless frock of black crepe de chine with trimmings of white embroidery and a short, straight coat shabbily adorned. It is particularly recommended for street wear.

SOCIAL NEWS OF WALLOWA

WALLOWA, Ore. (Special)—Eugene Holmes of Portland, was in town the latter part of the week, attending to business matters. Mr. Holmes was for many years one of the leading merchants of the town and enjoys a wide acquaintance of friends who are always glad to see him return.

Frank Marshall, taxi driver, made a trip to La Grande Saturday, taking Mr. and Mrs. F. E. Engle there to meet their daughter, who has been away attending school.

Eugene Minnaugh, who has been here for the past few days, has been making frequent flights over the town and surrounding country with his aeroplane. On Sunday many people gathered near the landing field on the C. A. Hunter farm a couple of miles east of town, to watch the flights. It is stated that a few persons have gone up as passengers.

George Lathrop of Joseph, was here on business the latter part of the week. Mr. Lathrop has the contract for building bridges and stock passes on the Joseph-Armed market road east of Joseph. He reports the work on the new road is progressing nicely.

H. M. Maughan and wife of Powwaka, were out doing some trading the last of the week. Mr. Maughan recently finished sawing lumber at his sawmill on the ridge and expects to begin hauling lumber soon. He expects to be engaged in this work for about sixty days. He estimates he will be able to haul in the neighborhood of five thousand feet on each truck per trip. The distance the lumber has to be hauled is about 25 miles.

Several young people who have been away attending school at O. A. S. and other institutions, returned home the latter part of the week, among them being Misses Florence Coleman, Winifred Willet, Margaret McClaran and Miss Maulding. Lyle Baird also reached here the last of the week.

W. B. Heskett and wife and Mrs. Belle Feagins and son Joseph, of Joseph, were in town the last of the week. Mrs. Heskett coming here to consult Dr. Gregory regarding her health.

Mark Courtney of Leadville, Colorado, was among the Wallowa visitors the last of the week.

Ralph Andrews has a small crew of men working in the woods north of here making ties for the Idaho Lumber company. The ties are being made from small timber on the cut-over areas of the Bowman-Hicks Lumber company. There has been considerable activity in the timber work in the county during the past few months. A crew of several men have been engaged in making ties in the canyon south of Leadville, several thousand ties are reported to have been made at that place and are being hauled to the depot at Evans for shipping. Men familiar with the work say that good tie hackers are able to make fairly large wages at the work.

Prices High in Canada.

Dr. H. M. Thomas returned home recently from a ten day automobile trip into Canada, where he went to visit relatives living there, and to look over the country. He reports very high prices on many commodities selling there. Butter is selling at 80c per pound, eggs from 75c to \$1 per dozen at many times. The price of smoking tobacco and cigarettes are also said to be very high. The Prince Albert brand of tobacco 25c per can and Camel cigarettes 50c per package.

Mr. Thomas made the trip in his new sport model car and reports excellent roads nearly the entire distance.

Charles Potter returned home recently from a several weeks auto trip over portions of Oregon and Washington. He reports very poor crop outlooks over much of the territory he passed through.

John Anderson has taken a position in the repair shop of the Bowman-Hicks Lumber company. Mr. Anderson worked in the shop the greater part of the winter, but with the closing down of the mill for repairs a short time ago, was laid off temporarily.

T. O. Feagins and wife were in town from their home in the north woods the first of the week, doing some trading.

Local fans are looking forward to next Saturday night with a great deal of interest. Jim Noregard and Jack Otway will meet here on that date for a return wrestling match. Due to the fact that the men were quite evenly matched in their former encounter here, the coming event is expected to be a good one. Some good preliminaries are being arranged for the occasion. The match is being put on by the Legion.

Joseph Boon, who has been very sick at his home on Dry Creek for the past few days, is reported to be improving very slowly.

Chinese Coolies Leave Farms To Pull Rickshaws in Peking

PEKING (AP)—The police estimate that there are 70,000 rickshaws on the streets of Peking. All but 7000 belong to companies which lease them out to coolies at the equivalent of seven cents a day. More than 200,000 persons are dependent upon the livelihood gained by these coolies, it is said.

The average daily earning of a coolie is 25 cents a day, out of which he must pay his rickshaw hire. In spite of the meagre profits, say the police, country people flock to the capital and engage in the business to an extent that is causing a shortage of farm labor.

Traded domestic servants make good wives if they can find servants to do the work.

Youngest Page on the Job

John Mear, aged 10, of Portland, Ore., has the distinction of being the youngest page on duty at the G. O. P. convention, Cleveland, O. He is shown getting his instructions from Ralph Williams, vice chairman of the Republican National Committee.

RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenbur's, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenbur's has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, of Rochester, N. Y., the discoverer of Allenbur's, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenbur's decisively conquers this worst of all diseases and he has instructed druggists to guarantee it as above in every instance. Red Cross Drug Store can supply you.
