### HOPPERS ARE COMING OUT

(Continued from page 1)

They deposited their eggs in unnumbered millions in the soil, both in pasture lands and in plowed fields. In February some eggs hatched prematurely, in the warm sun of the mild winter, and this probably explains the presence now of occasional fully grown hoppers.

It was expected that the whole crop would hatch out early but such was not the case. A couple of weeks ago very few had appeared and farmers ventured to hope that some evil had befallen the hopper eggs and that they would not hatch, or that the young insects would die now. They are coming along now. The insect seems to be only one effective weapon in human hands and that in poison, which keeps the pest down if used generally and liberally. Nature can be counted on ordinarily to produce a parasite or disease which destroys the grasshopper when they become so numerous that they are out of balance with the world about them.

Squirrel poisoning continues much as in other years. One farmer recently plowed a furrow around his grain field and strung poison grain the length of the furrow. A day later he found hundreds of squirrels had stopped to nibble the grain and had been killed.

When the calcium cyanide was first offered by the enemy, called were heavy. Mr. Kinney reports, but less of the chemical has been used since then. Recent showers have put moisture into the soil so that the poison gas method will be quicker in action than during the dry weeks of earlier spring. This method is recommended to clean up fields after poison grain has reduced the number of squirrels somewhat.

### G. O. P. CAUCUS IS DESCRIBED

(Continued from page 1)

to be positive that this report was correct the Oregon delegates who sent a telegram asking him whether he would accept the nomination. Lowden did not reply and so the Oregonians voted for him as they had been instructed from requiring him to issue an official refusal.

The Oregon delegation was quartered on the fourth floor of the Cleveland hotel. Mr. Ivanhoe said that Cleveland made every effort to entertain the delegates in a royal manner. All places of amusement and hearty every conceivable sort of diversion was offered them.

On the second day after the convention came to order Mr. Ivanhoe with his family called in Washington by the occasion illness of his sister, Mrs. Mary McIntire, who was suffering from heart failure. He turned to his family over to his alternative, Mrs. McDonald and rushed to the hospital, reaching there very shortly before his sister died. He was held over in Washington for some time before returning and so missed the remainder of the convention.

# INDICT TEN ROBBERS

## MAKE SERIOUS ACCUSATION

### Participants in the Train Robbery Near Chicago June 12 Arraigned After Indictment.

CHICAGO, (AP)—Ten persons have been named by the federal grand jury here in an indictment charging them with participation in the holdup near Chicago on June 12 of a Chicago, Milwaukee & St. Paul mail train by bandits who obtained about \$2,000,000 in currency and securities.

Those named are James Murray, Chicago realtyman; Walter McCasman, in whose flat several of the suspects were arrested; Carlo and Ernest Fontano, Chicago gangsters; Max Greenberg, St. Louis, a member of Egan's gang; St. Louis gang, Willie Joe and William Newton, brothers, and Sam Grant and Blackie Wilcox, both escapes from a Texas prison. All are in custody except Greenberg, Grant, Wilcox and Ernest Fontano.

Later the prisoners were arraigned and the Newton brothers and Carlo Fontano were held under \$100,000 bonds each. McCasman was held under \$50,000 bonds. Murray who had been at liberty after scheduling more than \$200,000 in real estate, was rearrested during the day on a warrant charging him with having taken part in the \$3,500,000 mail theft at the Union station three years ago.

### Many Communities Will Celebrate July Fourth

(Continued from page 1)

tion listened to the report of the committee which has in charge plans for the celebration of the Fourth. Final plans were approved and contracts given to some of the money for the celebration, July 4 and 5.

The report showed an interesting and varied program without an idle moment, in fact, anyone attending all the events will need to eat on the jump.

Special attention was called to the increasing enthusiasm being displayed by the people of Baker and appreciation was expressed of the action of the business men in offering to close all day July 4. The Legion is attempting a good, clean celebration in honor of our independence and feels considerable pleasure in the confidence shown by the people.

The entire committee reported increasing interest in the Gophers or Liberty and Boy Scout games. The Legion names all the candidates and their friends of fair and impartial contests and that every vote deposited will be properly counted and no votes allowed unless accompanied with the money or numbered voucher. Votes will be counted at the Y. M. C. A. in public. The next count of votes will be this afternoon at 4:15 and again on June 25 and each day thereafter.

Legion men will meet at the city park Sunday morning at 8:30. Brought up and taken to fill the part of the park west of the five-man square for the Fourth.

At the meeting last night Bernie Baker gave a report of the state convention of the American Legion. Frank Rodgers was at the convention as a visitor and told his impressions.

### ELGIN'S PROGRAM ABOUT READY FOR 2-DAY EVENT

ELGIN, Ore., (Special to the Observer)—The stage for Elgin's big celebration and race meet on July 3rd and 4th is set with the exception of a few details yet to be worked out, but before the opening day every detail will have been completed and every committee will have done its duty in the preparation for the big event.

Every indication points to the attendance of a monster crowd on the two days, and every committee is working with a view of providing visitors with entertainment galore and keeping Elgin on the map as a celebration center of the highest class.

While the fourth will be the main day of the two, yet the entertainment being provided for the first day will be more than an ordinary celebration in itself. Each day will have a complete program.

The big attraction will be the "Days of '49 show." The committee in charge of this feature of the celebration has turned the preparations and management of the show over to Turner Brothers of Union, who are experienced men in this class of shows, and they promise something out of the ordinary in the depiction of old frontier days. This part of the program will be featured largely in the evenings and will be opened each evening with a big frontier parade. This show will be well worth coming miles to see, but it will be only one of many other events on the program for the two days.

The forenoon of the first day will be given over largely to small sports, participated in by youngsters. This part of the program will be carried out on the main street. Races will be given for the day and evening. From Myers is chairman of the committee in charge of this part of the program and he is lining up some good races and other sports for the young folks.

At 10:30 the program of the city park will open. Chairman Denham has secured W. S. Burleigh of En-

terprise to deliver the address of the day. Mr. Burleigh is said to be a speaker of rare ability and interest. Reading the Declaration of Independence will be a number on the program as well as singing and music. Following the close of the patriotic exercises the park will be given over to picnic parties.

A baseball game will open promptly at 1 o'clock at the fair grounds, and after this comes the day's racing program. The race committee has a tentative program about as follows: Boys' pony race, one-fourth mile, for boys under 14; one-half mile saddle horse race, saddle horses only; combination race, walk, trot and cany, one mile, free for all running race; one-fourth mile half mile ladies' race; half mile mule race; quick change race, three-fourths mile; relay race, three horses, one and one-half miles; mile race, pacing horse against saddle horse.

In all racing events first and second purses will be given. In terperated with the races will be boxing contests. Ten boxers will be on the grounds in the afternoon of each day. The second day's racing program will be similar to that of the first day.

A big feature of the second day will be the industrial parade which will for some time yet to be designated by the committee in charge. In addition to the floats by industries first in number, if not all, the fraternal orders of the city will take part, as well as the Sunday school organizations and the Ku Klux Klan. Horseback riders both men and women, will also be featured and purses are being hung up for each division participating in the parade. Last but not least of the entertainment for the two days will be music by the Elgin band.

### Violinist

Victor DePinto, now of La Grande, will appear with his violin at the Grande Home Valley Chautauqua. Mr. DePinto is capable and his numbers will undoubtedly be highly appreciated.

Glass Heart That Beats. DRESDEN, Germany. (AP)—A heart of glass which beats by the aid of a little electric motor and sends a red fluid coursing through glass arteries, has been placed on exhibition in the Dresden Hygiene Museum. The apparatus is approximately the size of a human heart and was intended to be of special interest for medical students to illustrate the functions of that organ.

### Al Smith Is Certain Of Bourbon Nomination

(Continued from page 1)

porting the Smith candidacy. "He's like I am," the governor explained. "A man may be wet, but if he is a public official he should enforce the laws—if the money for their enforcement is appropriated. A president takes an oath to enforce all laws of the land. But a city, or a state, or a nation gets only so much law enforcement as it is willing to pay for."

When the governor was not protesting out of town politicians or conferring with his lieutenants, he was answering telephone inquirers about his lost dog, Teddy, or making hurried trips to his wife at the Hills in response to reports that some stray pup picked up on the street was the international canine. Teddy continued among the missing, however, although the police force of the metropolis was on the lookout for him.

Governor Smith announced yesterday that Franklin D. Roosevelt, his national campaign manager, has been tentatively chosen to place him in nomination.
