Hay Fever Sufferers Can Stay At Home This Year

Complete Relief Reported in 95 Per Cent of All Cases Under New Treatment

No longer need thousands of Hay Fever victims go to the big expense of trips North, to the mountains and lakes, or ocean voyages, the moment the pollen begins to fly. For no matter where you live or how long you have had Hay Fever—no matter how many other treatments you have tried in vain—complete relief is positively guaranteed with the remarkable new internal prescription of a Cleveland specialist. Thousands of the severest cases were treated with this new prescription before it was released for general use. In 95 per cent of all cases every single symptom—all that terrible sneezing, itching eyes, runny nose, headache, fever, asthma and general misery—disappeared within 24 hours.

Entirely New Method.
It has been known for years that Hay Fever is caused by plant pollen floating in the air. Formerly it was thought that these pollens merely irritated the sensitive eyes and nose of certain persons. So various local treatments—salves, sprays, inhalations, etc.—were tried, but with little benefit. Of course they did not at all help the headache, fever, etc.

But now it has been found that the pollen contains what is known as protein matter, and that this protein matter is absorbed into the blood through the thin membranes of the eyes and nose, thus causing an actual poisoning of the entire system. And at last Science has found a way to completely neutralize this poisoning, and so entirely banish every trace of the trouble.

Why New Prescription Disperses Every Sign of Hay Fever
Naturally, no mere surface treatments like salves, sprays, inhalations, cauterizing, etc., can possibly get at this internal poisoning. Serum treatments have been tried, too, but are only par-

tially successful. But after 8 years' intensive study and experiment in the clinical treatment of thousands of cases, a new prescription has recently been developed which is entirely different from any other hitherto known or used. It is known as Dr. Platt's Rines Prescription, and is taken internally in capsule form, acts directly to completely neutralize the protein poisoning throughout the system. The amazingly prompt relief seems little short of miraculous, but this is easily understood when it is realized that Rines Prescription goes direct to the cause and removes it.

Results Positively Guaranteed.
So Hay Feverites can rest easy right at home this year, and need not suffer the slightest inconvenience. The minute the attack begins, all they need do is to take Dr. Platt's Rines capsules, and they can forget they ever had Hay Fever. Rines Prescription is not to be taken beforehand, but only at the time of attack, when the poisoning is beginning. It at once neutralizes this poisoning.

Results are positively guaranteed. If you are not completely free of all distress within 24 hours your druggist is authorized to instantly return your money. So have not the slightest fear of Hay Fever this summer and fall. Simply be prepared with Dr. Platt's Rines.

Free Trial Offer.
Just now, through a special introductory arrangement, you can get a 3-dose sample package entirely FREE. Simply go to any of the drug stores named below and ask for a trial package of Rines. But be sure to ask for your free package within the next three days—this offer is limited. Rines may be obtained at:

THE FINEST OF SHIRTS

Quite noticeable in the new shirtings bearing the mark of the Arrow are the permanent colorings in patterns never exploited before in men's shirts. These we offer with every confidence in the ultimate satisfaction they will give the wearer. Men a bit critical will find in the collection uncommon combinations, but always in colorings that are subdued by their splendid blending.

Arrows have Clupeco Shrink neckbands. They are cut on scientifically correct body patterns and are tailored in a shop where the best is none too good.
