

NEWS of SOCIETY

Social news must be in the hands of the society editor by 9:30 o'clock. Due to the fact that the social page is made up before noon, it is practically impossible to insert stories after that hour. Hereafter, items, no matter how important they are, that are delayed beyond that hour, will not be printed until the following day—News Editor's Note.

The paragonage of the Presbyterian church was the scene of a wedding yesterday afternoon at three o'clock, when Miss Anna Sokol was married to Kenneth Coons, with Reverend Ross performing the ceremony. Both young people are from Cove and expect to make their home there in the future. They were accompanied from Cove by Mr. Coons' brother, George Coons.

Mrs. A. T. Hill will leave this evening en route for Eugene where she will attend the Synod of the Presbyterian church. The main speakers during the Synod will be Robert Spoor, of New York, and Billy Sunday. Mrs. Hill expects to be gone a week.

The Loyal Sisters will meet Wednesday afternoon at the home of Mrs. J. T. Harvey, Jr., with Mrs. J. T. Harvey, Sr., and Mrs. J. T. Harvey, Jr., as hostesses.

Jack R. Bull and Miss Emma Neal were united in marriage yesterday afternoon at two o'clock at the paragonage of the Presbyterian church, with Rev. William Crosby Ross officiating.

Fashion Notes

Consistent in One Thing.
Paris.—In one thing, at least fashion today is consistent. With the helmet hat one must wear steel earrings. These are very long.

Less and Less Clothing.
Paris.—As the summer advances gowns become less enveloping. Afternoon frocks now have no sleeves, and there is an attempt to revive the fad for wearing no stockings.

Golden Slippers.
New York.—Golden slippers are here again. In the opera pump models they are extremely effective. They are made of gold kid-skin and worn with "skin" hose.

Crope Coat Blouse.
New York.—The crope blouse or crope de chine is a happy thought for summer. It may be embroidered, beaded or plain and still be in good style.

Crotonne Tents Gowns.
New York.—Crotonne is reap- pearing once more today—not as a humble material, but as a haughty ornament. In applique, it rivals the black lace gown.

Locust Swarms Throw Horses.
At South African Race Meet JOHANNESBURG (AP).—Locusts have appeared in such swarms in various parts of the dominion that they have interfered with the outdoor life which features the spring months here. The races at Springs, the Ascot of South Africa, were disrupted when a huge cloud of locusts descended on the course and stands while the races were in progress.

Pacific seized the fashionable crowd and with the bookmakers and attendants they ran for shelter. The horses were enveloped in locusts as they ran, and could not be identified. When the animals stepped on the living carpet many of them slipped and fell heavily, injuring their jockeys.

New Marine Air Bomber.
SOUTHAMPTON, Eng. (AP).—Successful tests have occurred with a new air-marine bomber built for the Spanish government by an aircraft firm here. The plane easily "took off" as well as came to anchor on rough water. Pilot, gunner and observer are accommodated in the forward position of the boat and the bombs are carried in the hull.

Snake Pest in Germany.
WEILHEIM, Germany. (AP).—A pest of adders has made its appearance in this agricultural community and done much damage to stock. The snakes attack calves, many of which have died, and an adder brigade has been formed to exterminate them.

GIFTS FOR THE BRIDE

You should endeavor to give the bride something that will stand among the other gifts for the beauty and originality. It doesn't have to be expensive.

Richardson's Art & Gift Shop

Jade Green

Jade green crepe is the material used for this attractive gown. It introduces the popular brand trimming in white on the neck, sleeves and pocket. You can copy the effect on any tube frock and have something distinctive and smart. If you prefer a belt you can wear a narrow white ribbon or leather one. This type of gown will be excellent style all fall and as far ahead in the winter as style artists can look.

NEW OVERLAND COUPE LIKED

Unusual interest among feminine motorists has greeted Willys-Overland's announcement of its new two-passenger Overland coupe. Not only is it a light car embodying the manifold advantages of the entire Overland line, but it combines with these a driving comfort and convenience almost incredible in a car of these dimensions, according to announcements received by Gettles and Hanks, local dealers.

Nowadays, with the male members of the family requiring the use of the car during the day, there is a definite need for a second car in a good many homes, a car that can be used for shopping and visiting by the women folks of the home.

The new coupe has proved itself to be ideally adapted for this purpose. Ventilating windshield, Duca window regulators, rear window curtains are little touches that appeal to feminine taste. Coupled with these features is the ease of parking, and unusual riding comfort due to the 136-inch spring base. Its ease of handling in congested traffic areas because of the exceptionally large steering spindles and bearings are decided factors in this new car intended for feminine use.

The new coupe is equipped with doors that are over 21 inches wide, thus providing easy entrance. The body of exceptionally heavy metal is sturdily reinforced. Unusual pains are taken with the painting operations, fourteen coats being applied to give the car its lasting durable finish.

The interior of the body is finished in durable, long grain Spanish leather upholstery. The seat cushion is over 45 inches wide, being ample to accommodate three medium-sized people. There are 15 inches between steering wheel and cushion, rendering it convenient for the car to be entered easily from either side.

A roomy rear deck provides ample space for packages, which is an additional convenience for ladies' shopping. Its hinged cover is provided with a lock and is protected against dust and leaks.

German Socialists Increase.
BERLIN (AP).—Figures made public at the recent national convention of the Socialist party of Germany show that the party has 1,250,000 members, who pay dues, of whom 126,000 are women. The party now has 159 newspapers.

HUNT'S LETTER

(Continued from page 1)

reporting here predict, has not been adequately estimated by even the most cynical prognosticator. Perhaps, because of the super-heated atmosphere in this city during recent weeks, this is a distorted view. But the politically wise say that the Ku-Klux movement just now resembles the sweep of Klad Nothingham back in the early 50's which reached extreme bitterness and vindictiveness not yet paralleled in the Klan situation.

The blistered heel which brought death to Calvin Coolidge Jr., from septic poisoning came lots just after he had completed plans for a vacation which he and his older brother John had mapped out for themselves this summer.

The boys' visit with their parents at the White House following the close of the school year at Mercersburg academy, where John was graduated in June, was to be followed by a six-weeks stay at Camp Devens, Mass. There they were counting on having a routing good time until late in August, when they were to return to Washington for another little "home visit" before returning to school. Calvin, Jr., was to return to Mercersburg for his senior year, while John is slated to enter Annapolis—his father's alma mater—in September.

One disgruntled Democratic delegate at the New York convention, after the eightieth fiddle had been cast, remarked to any and all who cared to hear for a vacation which he and his "This party sure did pick the right emblem! No, not a donkey—a plain jackass!"
