

NEWS of SOCIETY

Social news must be in the hands of the society editor by 5:30 o'clock. Due to the fact that the social page is made up before noon, it is practically impossible to insert stories after that hour. Hereafter, items, no matter how important they are, that are delayed beyond that hour, will not be printed until the following day—News Editor's Note.

Dr. and Mrs. A. L. Richardson have as their house guests Mr. and Mrs. Clyde Bannister, of Los Angeles, California. Mrs. Bannister was formerly Miss Fern Wilkey and was for a number of years a resident of La Grande, her father being one of La Grande's pioneers. Mr. and Mrs. Bannister made the trip by auto and will remain in La Grande several days.

Mrs. Carl Tucker and children of Baker, visited yesterday at the O. E. Moran home. Mrs. Tucker is a sister of Mrs. Chas. Moran, who is now at the Moran home here. During the afternoon the two little Miss Tuckers rendered several beautiful selections on the piano, both girls being able to play very well. They returned to their home at Baker last evening.

LABOR TO AID LA FOLLETTE

WASHINGTON (By the Associated Press)—Financial support for the LaFollette for president movement is being sought from 20 or more national labor organizations in an appeal sent out by officials of the conference for progressive political action which endorsed the Wisconsin senator's independent candidacy at its Cleveland convention.

Each group was urged to make an immediate contribution, to be used in the campaign expenses and to aid in the solicitation of funds. The appeal was made by William Johnston, president of the International Association of Machinists, and Arthur E. Holder, chairman and secretary, respectively, of the conference. They said that detailed plans for raising an adequate campaign fund, chiefly by small contributions from those in the working class, would be laid before the conference's national committee when it meets here Friday to select a vice presidential candidate and perfect campaign plans.

HUNT'S LETTER
(Continued from page 1)

place by acclamation. Walsh then explained to party leaders that it would be most unwise to place him on the presidential ticket. He is up for reelection to the senate this fall, and is sure of sweeping his state for that office. But the fate of the Democratic presidential ticket is not so certain. He would be much more valuable to the party, he explained, as a real senator than as a problematical vice president.

In deference to his wishes—in fact to his demand—Walsh was reluctantly passed by.

Second choice of the large majority of delegates from the western field, to which the choice was limited, was Edwin Meredith of Iowa.

Meredith lives in the center of the great agricultural region which is the seat of the cramps which threaten to bring on political convulsions this fall. The trouble has been diagnosed out there as too much Wall street.

Meredith, as publisher of farm periodicals and in close touch with agricultural thought and sentiment, realized that a lift of explaining would have to be done to convince the mid-west that a New York attorney, with his office on Broad street just around the corner from Wall, and with J. P. Morgan as his client, is not to a considerable degree, influenced by a not representative of Wall street.

county and extending through Arlington, Blalock to Quilton, is completely macadamized, according to a statement just issued by C. W. Wanser, division engineer of the state highway department. The work was started several months ago by Lyon & Price, who has since moved camp to The Dalles-California unit south of Bu-fur. The state highway department is also meeting with considerable success with an experiment in oil on that portion of the Columbia river highway between Seufert's cannery, a few miles east of The Dalles, and the Deschutes river bridge. Antelope traveling over that unit of the highway report the roadbed in fine shape.

MARSHFIELD, Ore.—W. T. Callerton, rancher of the Gravel Ford district, was injured when his

A Woman's Way
"I tried for four months to get my wife to try Max's Wonderful Remedy, which I knew had helped a friend of mine who also suffered from stomach trouble. I finally had to bribe her with a new dress. The first dose produced remarkable results, cleaning up her complexion and restoring her appetite. She can now eat things she hadn't been able to for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Adv.
