Flower Show at Union

UNION, Ore., Aug. 4. (Special by Mail)—The flower show and carnival which was staged here Saturday evening under the direction of Mrs. E. E. Miller was one of the best which Union has enjoyed.

A fine display of flowers, which included many very rare roses, was shown in the front of the Cook Brothers Furniture Store.

After the parade the crowd gathered on Main street in front of the Ferguson Drug store where exhibition dancing was followed by a jitterbug.

Along the east side of the street were arranged several booths and shows which helped to defray the expenses of the show.

Mrs. Paul Schuster, wife of the new football coach of O. A. C., was the guest of Mrs. J. Donald Meyers yesterday while in this city.

Beauty Hints

THE LADY AND THE LIPSTICK Now is the time when you can tell a smart woman by her lipstick. For now, obviously rouged lips are quite good form—always providing of course, that they are correctly done.

By this we mean selecting the right shade, neither too dark a tone, nor too bright—the really smart woman wears a brighter shade at night than by day—and applying it properly.

First of all to be remembered is that the amount of lip rouge should vary inversely with the size of your mouth—for naturally red adds prominence to your lips and if they are large, you do not want this emphasized.

Put on your rouge with your mouth open, so that when you talk a dividing line will not show. Shade off at the outer edges and also at the corners of your mouth.

If your mouth is among the lucky few which can lay claim to being perfectly shaped, you may follow its outlines in applying the lip rouge, but otherwise you should work as an artist and make the outlines the way you wish they were.

Try to suggest a cupid's bow on the upper lip as you make the outline, and apply the rouge on the underlip in a tiny drop. Be careful not to get it too wide or your lips will look coarse.

It is important that the lipstick and the rouge should harmonize. If they are not the same shade, they should at least not clash.

However, it is now possible to obtain matching rouge and lipstick, such as Ashes of Roses, which comes in a dink, rich shade and Mandarin, which has a brighter tone.

New cases for lipstick, like new valetines always arouse a lot of interest among women and just now New York women are adopting the vogue of a new lipstick of the spiral order with a tiny mirror at the end just large enough to picture the lips.

Records Indicate California Squaw to Be 120 Years of Age YOSEMITE, Cal. (AP)—Apparently authentic records indicate that "Indian Lucy," a squaw living in the Yosemite Valley, is 120 years old. She is believed to be one of the oldest women in the world.

Lucy lives in a typical Indian tepee not far from Camp Curry, but keeps out of sight of the tourists. She has difficulty in walking, but otherwise retains full possession of her faculties. She can remember clearly the events of 100 years ago. She was living in the valley when the first white men made their entrance and finds pleasure in relating the details of their occupation.

German Profiteers' Automobiles. Now Serve as Berlin Taxicabs. BERLIN. (AP)—The placing of a heavy luxury tax upon automobiles and the ending of inflation profits with the new currency have combined to give Berlin some of the most elegant and luxurious taxicabs in Europe. These were formerly the private cars of wealthy inflation profiteers, who were obliged to get rid of them for a mere pittance when the government interfered.

BROTHER MAY DIE, IS BELIEF

UNION, Ore. (Special)—Rev. and Mrs. Arthur Hodge of the Presbyterian church seem to be having more than their share of misfortune just at the present time. Recently they went to Albany, Oregon, with the body of Mrs. Hodge's father, Mr. Bryant, who met his death in an auto accident near Ferry, and they had just reached Union on their return from that trip when Mr. Hodge received word to come immediately to Eugene on account of the condition of his brother.

This brother who served in France during the World war, had contracted tuberculosis from the service and is not expected to live more than a few days. Mr. Hodge left the latter part of the week for Eugene. His pituit is being filled for the few weeks by Rev. Quinn, of the Methodist church, the two congregations holding union meetings.

This station will be on a somewhat smaller scale than the standard station here, reports Tom Maxwell of the Fletcher company.

The Cove swimming pool is a popular resort for Union people, many Unionites driving over for a swim these hot days. A. C. Williams and family of Kansas City, Kansas, who are on their trip to the coast, stopped off last week for a visit at the home of Tony D. Smith.

They Saw a Revolution!

Chicago girls, several members of wealthy families, decided several months ago to show Brazilians just what a Russian ballet was like. But instead the Brazilians showed them a perfectly good revolution. Anxiety was felt for their safety, as no word was received from them for days after the fighting in Sao Paulo started. News, however, has come they are in Argentina now. Here are three of them: Viola Sherman, upper left; Frances Dagmare, upper right; and Adria Malar, below.

Some remodeling is being done at the S. E. Miller home in North Union. H. J. Kitchen and family were over from La Grande Saturday evening to take in the Rose show.
