

STATE WOULD STAND 'LOSS'

North Dakota Depositors May Levy Tax to Reimburse the Accounts Guaranteed by Law.

BISMARCK, N. D.—North Dakota voters will cast their ballots in November on an unusual constitutional amendment—one which proposes to bond the state and tax its people to reimburse depositors of state banks which have become insolvent. Petitions bearing more than the required 20,000 signatures have been filed with the secretary of state to initiate the amendment, and unless court action should result, the amendment will go before the voters.

The amendment, sponsored by the Association of Depositors in Closed Banks in North Dakota would turn the proceeds of the bond issue into channels to be added to the funds of the guarantee fund commission, to reimburse depositors of banks in the order of their closing. State banking officials estimate the total of deposits in closed banks at \$29,000,000.

The fund established under the state's guarantee of bank deposits law, by assessment of state banks who are required to be members, has not been sufficient to pay depositors of closed banks and due to the desire of the guarantee fund commission to seek an interpretation of the law, no payments at all have been made. The \$5,000,000 bond issue, together with funds on hand amounting to about \$1,000,000 and heavier assessments on solvent state banks would result in the eventual reimbursement of all depositors in closed banks, according to William Langer of this city, a lawyer, who is the leader in the campaign for the amendment.

The association sought to initiate the measure before the June primary, but failed to get the requisite number of signatures. Creators of petitions were hired to be paid out of the funds repaid the depositors at a fixed compensation.

After all, was it really worth it? King, who waited 2000 years and didn't get any more publicity than the whole and the pore-sick.

New German Oil Sold Under Written Guarantee Rubs Out Rheumatism

A remarkable new discovery of German Chemistry, called Huhler Oil, for the relief of rheumatism, Gout, Sciatica, Neuralgia, etc., is revolutionizing the medical world. This marvelous oil seems to kill rheumatic pains just as effectively as these other German pain killers—Novocain for painless dentistry and Aspirin for headache pains. Rheumatism in very many cases is due to internal abscesses (such as a blind pus pocket in a tooth) which give off poisons, and which are carried in the blood to the joints and muscles. Huhler Oil when applied to the affected parts seems to quickly penetrate and be absorbed by the body tissue. Even in the most severe and stubborn cases almost instant relief has been obtained.

So remarkable have been the results from the use of Huhler Oil that the American distributors have authorized local druggists to dispense it to rheumatic, got it and neuralgia sufferers in this city with a positive written guarantee to return the full purchase price of the first bottle if it does not bring wonderful relief. All sufferers should promptly take advantage of this guarantee. For sale at:
