

PARK SITE OF ELGIN AFFAIR

ELGIN — (Special) — Of all the community gatherings this season, the most enjoyable took place Friday evening at the Park, sponsored by the Ad Club and the Women's Club. Through combined efforts of both organizations a very attractive tourist kitchen has been erected at the Park and the picnic on this evening was to acquaint the members with this recently added convenience. The Ad club park committee and a similar committee from the Women's club had the preparation in charge and under the supervision of Frank Miller hot coffee and hot waffles were served to more than one hundred picnickers, who had prepared a delightful picnic supper. After the meal, H. H. Hug, president of the Ad Club, called on Mayor C. E. Bean and L. Dunham for snort talks. Mr. Bean compared the Elgin Park and its equipment with other parks throughout this state and Washington that he has known and Mr. Dunham reviewed the purchase of the park and its improvement up to the present time. There was a unanimous vote for another community meet to be held in the future.

Ed Alexander and family, of Walla Walla, Washington, are visiting at the home of Mr. and Mrs. Alexander in North Elgin. Mr. and Mrs. Berial Hug and family spent the day in La Grande recently.

Theodore Zies and granddaughter, Dorothy Hampton, of Emporia, Kansas, were guests last week at the home of Mr. Zies' brother-in-law, W. F. Weiss. They are making a tour of the west coast, having spent some time in San Bernardino, with Mr. Zies' son.

Mrs. Sadie MacNaughton spent Sunday in Elgin looking after business affairs. Mrs. MacNaughton now makes her home in La Grande.

Mrs. S. B. Williamson, Mrs. C. D. Huffman and P. M. Huffman, with Mrs. Lynn Hill and son, of Elgin, spent Tuesday with relatives near Enterprise.

Mr. Sarah Tuttle has been quite ill at her home here this week. Her condition shows but slight improvement at this time.

Mrs. Harry Thomas has as her guest her aunt, whose home is in Denver, Colorado. She came in last Wednesday and will stay about ten days here before continuing her journey to visit her brother, whom she has not seen for twenty-nine years.

Mr. and Mrs. Forrest Ryder and daughter, Evelyn, left Sunday morning for the timber camp north of Elgin.

Mrs. W. C. Hill has returned from Pendleton where she was called by the death of Jack Hill. She spent several days here with relatives.

Mrs. Quintus Wilby spent several days in town with her sister, Mrs. V. F. Weiss.

Huckleberry patches still attract pickers. Mr. and Mrs. W. P. Ballard returned the latter part of the week from Rock Hill with a number of gallons of berries.

Mrs. Earl Waldron, of Baker, spent several days last week with her parents, Mr. and Mrs. Dave Zweifel.

Mr. and Mrs. Robert Chandler, of La Grande, stopped at Elgin Saturday afternoon for a short visit with friends. They have been camping at Wallowa Lake for the past week.

Mrs. George Smith returned Sunday from a several weeks' trip, including a visit at Portland, with her daughter, Mrs. Lyons. Mr. Lyons was recently injured by electricity but is improving at this time.

Interest is being shown in the county fair at this time. Posters are being put up throughout the valley and preparations are being made by the local board for a more interesting fair than ever before.

Devils Fooled

Women are of no importance in China as they believe it is not worth a devil's while to bother about them. So elaborate precautions are taken to disguise small boys as girls to keep the evil spirits away. Formerly a little pigtail was sufficient but the devils seem to have caught on—so now the boys appear in fancy collars, earrings and brass plates to complete their disguise.

Ether Drinker Jailed.

REEDSPORT, Ore. — E. Done of South Range, Wis., was arrested in the jail here as a result of having drunk a quarter of a pound of commercial ether. He had bought it at the drug store here, saying that it was for use in starting an automobile.

Done had begged 50 cents from a railroad employe saying that he wanted to get a meal. He bought the ether instead and went to a hotel, where he rented a room and drank the liquid. The hotel proprietor called the police after smelling the fumes. Done probably will recover. He said he drank the ether because of pains in his stomach.

University Makes Film.

EUGENE, Or. — "A History of the World War," a motion now in preparation by Alfred Powers of the university extension division, will be released in September. Mr. Powers is cutting the scenes most important historically from about a dozen official war reviews which he is rearranging, reediting and re-adding to form a six reel film, to be included in the university loan collection.

Logging Operations Resumed.

MILL CITY, Or. — Logging operations have been started by the Hammond Lumber company at camp 17 near Detroit. It is expected they will get out about six cars a day for the present as they are hampered by the recent fire which burned out even of their bridges. Work is being rushed on repairs to their tracks and the output of logs will increase as rapidly as it is possible to get track and camps into shape.
