The Meaning to You of a 571-Store Buying Power

The fact that we are opening 96 new stores this year—giving 571 in all—has little interest to you except as to how these many stores benefit you.

Compare the results obtained by an engine of 1-horse power with that of one of 571-horse power! How insignificant the little engine becomes!

The 571-store buying power of this Company continuously assures you the lowest possible prices for a uniformly reliable quality of goods.

Buying most we buy for less, and selling most we sell for less. Our buying and selling power means that you have a saving power here that is peerless.

Patent Office May Auction Models of Old Inventions

WASHINGTON, (AP)—What to do with all the old-time models now in the custody of the Patent Office, is awaiting solution, and efforts will be made at the coming session of Congress to clarify the situation.

The demand for space in the Patent Office needed for the models from their exhibition cases at the end of the last century, but the Government has had to continue paying space rental for them. A proposal now being considered is to have a commission appointed to sort out the models that might prove of historic interest, and perhaps sell the others at public auction.

The general requirement of having the inventor submit a model with his patent application was discontinued about 1880. Today the law directs that the Commissioner of Patents in his discretion may require a model furnished.

Trunk Used in Robbery.

ALBANY, Ore.—Loss of \$7000 was sustained by J. Heman, local woman's clothing, when thieves loaded his store of great quantities of expensive cloaks and suits. The work was systematic and all the models were packed into boxes and promptly carried away from the building by motor truck.

Prison Warden Returns.

RALEM, Ore.—A. M. Dalrymple, warden of the Oregon state penitentiary, returned from Salt Lake City, where he attended the annual conference of prison officials. The warden had no comment to make with relation to the six escapees during his absence.

Engine to Have Hearing.

SCIENCE, Ore.—The hearing before the state public service commission of the petition of the Southern Pacific company to raise its street railway fares from 4 cents to 5 cents in Eugene will be held in Eugene instead of Salem, as previously announced, according to notification received from the commission by Mayor Parks and City Recorder Gilmore.

Eugene residents who are opposed to the fare advance raised an objection to holding the hearing in Salem and a request was made by city officials to transfer the hearing to Eugene. It will be held at the courthouse September 11 at 9:30 a. m.

all located in Pleasant Home Addition in the City of La Grande, Oregon.

That said proposed improvement will consist of constructing a Portland Cement Concrete sidewalk on "X" Avenue (north side only) from North Spruce Street to a point Twenty Hundred Sixty (2400) feet East of North Spruce Street, all on the above named street located in Pleasant Home Addition in the City of La Grande, Oregon.

The above proposed improvements are to be made at the expense of the property in said improvement district that will be especially benefited thereby, in accordance with the plans and specifications therefor adopted and now on file in the office of the City Recorder of said city.

Dated this 27th day of August, 1924.

J. E. STEARNS, Recorder of the City of La Grande, Oregon.
