GRIDIRON DATE TO PENDLETON

PENDLETON, Ore. (Special)—A real big league college football game, the only one to be played in Eastern Oregon this fall, is pronounced in the fight between Whitman College of Walla Walla and the Oregon Agricultural College, October 7 at Pendleton. And it will be a battle royal, make no mistake about that. Little Whitman, despite the bear stories that emanate from the camp of the entire Pacific, is stronger this year than in years. Five veterans from the 1922 eleven, including Earl Tilton, proclaimed for many a moment as the greatest player in the Northwest, will be back on the job and together with the veteran of the 1923 squad will furnish a strong nucleus for "Big" Barbak to build his team around.

banquet rosters for both schools will gather for an informal dance at Happy Canyon.

Several others have signified their intention of getting out for the game.

SPORT NEWS

GRIDIRON SAW GOOD TURNOUT

"Glad now let's see you hit it, leave your feet, FALL ON THAT BALL!" Coach MacTavish speaking. Lined up behind him are the men in whom the football hopes of the La Grande high school are centered, some big hulks well along in their teens others mere boys but all on the field with the determination to become great football players.

This season's line of the gridiron witnessed yesterday evening after school at the first turnout of the season. From a mere glance over the material on yesterday it looks as if MacTavish will have his hands full for some time to come teaching the boys the rudiments of football.

Present day football isn't a game—it's a science and for that reason coaches all over the country are stressing the mental side of the sport. MacTavish held a lecture period after school Wednesday afternoon and another last evening. At these "skull practices" periods the men are given diagrams of plays told what each man does in a particular play at a particular time, drilled on the rules and in general taught everything about the game that can be given without actual practice on the field. The boys took a stiff workout. After kicking the ball around enough to warm up, the line-men were put on the blocking machine and the backfield men to running signals, practicing starts and running punts. Punting on the ball a little, high line practice and some general calisthenic work finished out the evening.

WILLS WINNER OVER FIRPO; NO KNOCKOUT

(Continued from page 1)

Jack Dempsey (lying out of the ring a year ago, the South American's attack was impotent and his defense was too crude to avoid the continual barrage of Wills' blows.

Wills employed all the tricks of his trade to stand off Firpo's charges. The big negro continually held Firpo with his long left hand, while he administered terrific punishment with stout right jabs to the head and body. At close range Firpo was bewildered, helpless and at times handled like a child by his dusky rival.

Several times during the fight Firpo complained of Wills' tactics. The handlers, too, protested to referee Danny Sullivan that Wills was unfair, but Sullivan refused to heed them, pointing out they had agreed to fight in the clinches as long as one hand was free.

The agreement as the fight progressed toward an apparently inevitable end became of increasing advantage to Wills. Paster and Shifter, the big negro dug rights and lefts into Firpo's body at close quarters, occasionally stung the Argentine with rapier-like shots to the head, and rained red rainbows on the South American's left side.

FIRPO CHARGES FOULS BY WILLS

JERSEY CITY, N. J. (By the Associated Press)—Luis Firpo charged after his losing battle with Harry Wills Thursday night said that he was repeatedly fouled by the big negro.

"Continual fouls by Wills made it impossible for me to fight my fight," declared the Argentine through an interpreter. Firpo asserted that Wills used unfair tactics when he dealt the blow that resulted in the Argentine's knockdown in the second round and declared the negro repeatedly used questionable tactics on the break.

The blow that sent Firpo down for a count of four was the only one that hurt him, he said.

The Argentine declared he would like a return fight as soon as possible. Firpo carried a swollen right jaw, a split lip and a badly bruised left side as his chief marks of battle.

The series of legal battles into which Firpo was forced for several weeks prior to the match lowered his morale, he declared, adding that when he was served with a warrant Thursday afternoon he became worried over the situation in which he is involved, growing out of deportation proceedings against him.

Firpo disclosed that he had sent a cablegram to an Argentine admirer Wednesday saying that if the fight lasted more than two rounds he could not win, because of his harassed mental condition.

WILLS DECLARES FIRPO TOO ANXIOUS TO HOLD

JERSEY CITY, N. J. (By the Associated Press)—"I would have knocked Firpo out if the Argentine had opened up more instead of fighting continually at close range," Harry Wills declared after his victorious battle.

Although it seemed to observers that the negro was doing most of the holding, Wills declared Firpo was the most eager to clinch and hold.

"Firpo is game and he knows how to handle himself," said the negro, "but his hardest punches didn't hurt me."

Asked about the blow that knocked Firpo down, Wills insisted it was fair and denied that he took advantage of the Argentine at any time. "I'm ready to give Firpo a return bout any time, anywhere—in his own home town if he wants it," added Wills.

Permit Declared Revoked. MAINSPIELERS, Ore.—It was reported here today that the permit of the Alpine Paper company organized at Coquille, has been revoked and the company may be reorganized. In connection with the suspension, it was stated by stock holders that the cause of the failure was that the promoters wanted to turn the Riverston mine into the company for stock to the amount of \$100,000, and the business would not warrant it.
