OUTBURSTS OF EVERETT TRUE

By Condo

YES, MR. COLLECTOR I OWE THE AMOUNT YOU MENTION AND I'LL WRITE OUT A CHECK FOR IT RIGHT NOW.

LET'S SEE—JUST WHAT IS THE EXACT NAME OF THE FIRM?

THE CONSOLIDATED ANSLO-INDO-AMERICAN IMPORTING & EXPORTING ASSOCIATION, INCORPORATED.

"INCORPORATED" IS RIGHT!! IF THAT FIRM COULD HAVE THOUGHT OF ANY MORE WORDS, I SUPPOSE THEY WOULD HAVE KEPT ON INCORPORATING THEM!! EITHER BRING ME A RUBBER STAMP WITH ALL THAT VERBAL HASH ON IT OR WAIT ANOTHER MONTH TILL I FIND THE TIME AND THE PHYSICAL STRENGTH TO WRITE IT OUT MYSELF!!!

EXPOSITION OPENS NOV. 1

PORTLAND, Ore. (Special).—Just one month after the fire, the new home of the Pacific International Livestock exposition was ready for the public to view. The contractors have promised to have it done and ready for actual occupancy by October 25th, and the great exposition will open its doors to the public on the morning of November 1st with a larger and more beautiful show than ever in its history, reports claim.

The new structure is modeled in general after the old one, for the arrangement and plan of the former one was hard to beat. The stadium has been enlarged, however, and forty feet have been added to its length, and the seating capacity has been increased to 5,000.

The horse department has been enlarged and improved, as has the poultry department, while the beef and girls' clubs will have a department exclusively for their exhibits.

Magnificent animals from all over the United States will show what breeding and scientific care can do with the race of dairy cows. World record animals of various breeds are promised and the dairy department will be a union of beauty and utility not to be surpassed anywhere in the world. The breeders of cattle vie with each other for numbers and excellence, and there is always a spontaneous struggle in the show ring between breeders for the coveted blue ribbon.

Collected within the walls of the immense exposition building are not only the finest dairy cattle to be found anywhere in the world, but hundreds of other animals, representing the time, labor and thought and work of centuries to bring them to as near perfection as the ingenuity of man can compass. Now is this all. The products of the soil in their glory of color and fragrance, the accomplishments of toys and

girls in useful endeavor and other things worthy of study and enjoyment will be found at the Pacific International Livestock exposition, November 1 to 5 inclusive.

Motor Figures Given By State's Secretary

SALEM, Ore. (Special to the Observer)—During the month of September there were 2979 passenger cars, 236 trucks, 76 motorcycles, 4 motor vehicle dealers, chauffeurs, and 2950 motor vehicle operators licensed, from which the total fees aggregated \$53,421.29, while during the same month a year ago there were 3119 passenger cars, 224 trucks, 85 motorcycles & dealers, 921 chauffeurs and 4149 operators licensed, and the license fees therefor amounted to \$56,194.92, as shown by a statement today issued by Sam A. Kuper, secretary of state.

These figures are indicative of a slight decrease in motor vehicle license activities during September, 1924, as compared with the corresponding month in 1923.

Comparing the number of licenses issued during the respective years we find that during the year 1924 the increase over the previous year is second to that of the year 1922, when there were 31,846 more licenses issued than during the previous year 1922. These comparisons show that during the year 1924 a total of 118,415 licenses were issued, which was 14,825 greater than during the year 1923. In the year 1923 a total of 103,590 licenses were issued, which was 15,951 more than in the year 1921. The year 1923 shows a total of 106,412 licenses issued, and that number was 31,344 greater than for the year 1922. Up to September 29, 1924, 184,587 motor vehicle licenses have been issued, which is 18,225 more than issued during the entire year 1923.

Delving into the records more closely it is found that in no one year has less than 65 per cent of the total cars licensed during the year been registered and licensed up to April 1st, and that this percentage has run as high as 75 per cent. The records further show that from 33 per cent to 50 per cent of all the licenses of the year

Los Angeles Classes Cranks As Menace to Community

LOS ANGELES (AP)—Henceforth writers of "nut" and "crank" letters will be investigated if they can be identified and located, it is announced by Chief of Police H. Lee Heath.

The chief says such letters will be sent to the department's bureau of public relations, which will dispatch investigators. Where necessary information will be turned over to the county psychopathic commission, and a speedy disposal will be made of any person deemed a menace to public safety.

est of victory.

Also, while an outsider, trying to get in, may indulge in a hard-fought and long campaign, a similarly strenuous battle by one already in would be interpreted as meaning that he was badly scared. And that would be an unfortunate impression, causing all faint-hearted followers to abandon his cause.

Coolidge's viewpoint is that for a candidate who is already in office to indulge in much speech-making indicates that he is on the defensive. The fellows who are leading the offense, he argues, must talk. But the best program for the man already in is to stand pat and say nothing, and exude an atmosphere of unshakable confidence.

The president says he never knew a candidate to lose anything by talking too little, so he's striving to talk even less than usual.

After his demand that Charles Dawes be named as vice-presidential candidate of the Republican party, G. O. P. leaders are more than ever certain that Senator Brookhart's parents were clairvoyant when they named him Smith Wilman Brookhart. Because of Brookhart and his challenge there are now a lot of wild men around Coolidge-Dawes headquarters.

If he advertises it, he knows it's good!
