\$15,000 HOME CONTEST PRIZE

Some boy or girl in the United States or Canada will be the winner of a brand new home costing \$15,000 to erect. A home-lighting contest is being held annually and this is the grand prize that will be given. Other prizes will be scholarships in accredited universities or colleges. These are the international prizes. In addition there will be a medal prize awarded in each town where contests will be held. The winners will compete in the international contest for the grand prize.

The \$15,000 model electric home which will be given as the first prize is a beautiful home that won the prize in a contest among architects of the United States. It was selected by the judges of the architectural contest as being the best home that could be built for that amount of money.

After the winner of the home-lighting contest is selected by the international judges, he or she as the case may be, can then decide where the home is to be built. Any location in any town or city can be picked. Even if the winner or his parents do not have the means of purchasing the lot where he wants the house to be built, the necessary money for it can be borrowed easily.

THE OLD HOME TOWN

MOVIE HOUSE IS BEAUTIFIED

Following a period of improvement, the appearance of the lobby of Sherry's theater, both inside and out, has been brightened up considerably and now is considered one of the most attractive of its class in this section of the state.

The interior lobby has been augmented by the hanging of velvet portieres, which were prepared by Mrs. Trull, and which add much to its beauty.

The exterior work, consisting mainly of repainting and repairing, is in charge of Louis Elbert and a color scheme has been worked out rapidly, in keeping with the neat appearance of the front.

REMINGTON!

A magic name! The foremost painter of American life. His pictures are in every home—beloved for their red-blooded, two-fisted vigor! Frederic Remington's men are real men—brave, strong, powerful characters!

On painted canvas they thrill you—inspire you! That's why they have now been woven into a motion picture—a production of might—of tragedy—of humor. Just the kind of a play Remington himself might have made, could he have breathed life into his paintings. See
