Claire Adams Claims It's Harder To Be Funny.

Claire Adams, who plays the leading feminine role in "The Girl in the Limousine," which is announced as the feature attraction at the Star theatre for two days beginning today, has come to the conclusion that, while dramatic work is hard, it is even more difficult to be a successful screen comedian. And Miss Adams, who worked entirely in dramatic pictures until Larry Semon selected her to play opposite him in "The Girl in the Limousine," a rapid fire farce comedy, is in a position to know whereof she speaks.

But while comedy acting is the more difficult, it is likewise more interesting, says Miss Adams, and it is possible that hereafter she will confine her activities entirely to comedy.

Sherrys to Have Will Rogers Comedy With Murray Picture.

People not married for many different reasons but Will Rogers in Hal Roach's latest Pathé comedy, "Gee Whiz Genevieve," wins the ventilated brown derby. Being a kind-hearted soul he marries a ranch and ready widow for the sole purpose of making a comfortable home for his dog. The dog makes out all right but Will isn't so lucky and his new spouse proves to be the bane of his existence. Through a great deal of hilarious uproar, Rogers is faithful to his dog, although his own wife is often in jeopardy.

Others in the cast include Marie Mosquini, Ema Gregory, Laura Rossing, May Foster Don Maines and Earl Mohan.

Celebrated Minstrels Coming to Arcade Monday.

No company before the public stands the wear and tear of time as well as does The Famous Georgia Minstrels soon to appear in this city. In the hearts of the theatre-going public it is always popular. The subtitle "Georgia" has been equaled by many, the object being to mislead the public but this aggregation has never been withdrawn from the American stage for a single season, and during the thirty-three years of its existence it has been kept up to a high standard and this year the management has equipped all previous efforts.

The announcement that they will appear at the Arcade theatre Monday, Nov. 2, will be welcome news to the minstrel fans.

Fred Thomson and "Silver King" Attraction Today.

How would you like to be going about seventy-five miles an hour on a narrow mountain road, racing up to the very edge and then stop within a few feet, having your front wheels looking into a valley hundreds of feet below?

That's what Fred Thomson does in his latest picture, "The Fighting Sap," coming to the Sherry theatre today and that's only one of a hundred daring things he does in this picture.

How would you like to be riding a horse at full speed, chasing another rider, finally catching him, then as you come to him, leave your saddle, holding the other rider from his horse both horses going at top speed, then, as you hit and hold him, both leaving the saddle, falling, toppling, twisting, turning, over and over down a steep mountain side, fully 100

feet below?
