REVAMP TEAM FOR BOISE '11'

Several Changes Made in
La Grande Football
Squad for Armistice
Day Game.

All efforts of the La Grande
high school football squad are
now directed toward the Boise
game which is to be played here
on Armistice day.

Boise is tough there is no doubt
about that. La Grande fans who
have seen the Boise team play
have been impressed by the
weight, aggressiveness and ability
of the Idaho team. John has
had one bit of hard luck, however,
which they are serious and that is
the loss of the first string quarter-
back. Randall, who was injured to
the Nampa game, Coach Kahan,
Draves mentor has considered that
two likely prospects are on hand
to fill this vacancy and no par-
ticular weakness will be felt in
this position.

The La Grande team on the
other hand will be at full strength
—and will need it. Sherwood will
be back to the lineup for the
Boise game which will bolster up
the team's chances to some ex-
tent.

The first team lineup which
MacFayin is working this week
seems to be an improvement over
the team that have played for
La Grande so far this season. The
principal changes are Strand from
center to end, Hummel from end
to fullback and Webb from back-
field to end. The backfield now
threw up with McKinnon playing
safety and calling signals, Sher-
wood and Kerr, halfbacks, and
Hummel fullback. The addition
of Hummel to the backfield seems
to speed up things to some extent.

BUSY BOXING WEEK PLANNED

NEW YORK, (AP)—The heads
of inactive warriors of pugilistic
glory will be uneasy this week,
as strong rivals peer into the
throne rooms on their way to bat-
tle for the right to challenge.

The most seriously threatened
will be Benny Leonard, ruler of
the lightweight for many years.
On Friday night, at Madison
Square Garden, Sammy Mandell of
Rockford will meet Jack Bern-
stein of Yonkers for the third time.
The winner of this bout will be
matched with the victor in the 84
Terrie-Luis Victor fight arranged
for November 23.

The ultimate winner of the in-
formal tournament will emerge as
the challenger to Leonard and in
the opinion of many critics he
will probably be the next champion.
There are doubts of the ability of
Leonard to make the lightweight
limit and a conviction that he will
be beaten if he does.

Victim, the fighter, Terrie is the
flash, Mandell the best rounded
fighter and Bernstein the veteran
of the challengers. Mandell and
Terrie are favored to meet in the
final.

Among the flyweights, with
champion Pancho Villa forced into
semi-retirement by an edict of the
state athletic commission, Al
Brown, a wiry Panamanian, will make
his downtown debut in New York
next week against Tommy Milton.

The two lads are regarded as the
best of the flyweight aspirants.
Brown looks good to the majority
of sports writers here and if he
defeats Milton he may be matched
with Frankie Genaro.

The third threat, though yet
vague, is the Jack Dempsey, heavy-
weight champion, now in New
York "righting the foot lights."
Sully Montgomery, former college
college football player will meet
Quentin Romero, Chilean slugger,
in the main bout of a heavyweight
tournament at the Garden Wednes-
day evening. Pat Lester and Tony
Puello, coast sensations, will be
brought along later to meet the
winners of the tournament.

The much discussed match be-
tween Romero and Luis Firpo may
become a possibility before January
1 if Romero survives his trials up
to that time and assuming that
Firpo defeats Charlie Webster in
their Newark battle November 17.

Thief, Boxed as Freight, Tells
Judge He Was Handled Roughly

BERLIN (AP)—Peter Ahrens,
a piano tuner, recently was ac-
cused for stealing goods from a
freight car. When arrested he
made a complaint against the
freight handlers' method of han-
dling goods in the car. Ahrens
in order to get into the freight
car, constructed a freight box,
cushioned inside, in which he re-
ceived himself.

TROJANS CUT BY TWO TEAMS

SAN FRANCISCO—The Pacific
coast conference race for football
honors became overshadowed in
general interest today with the an-
nouncement made yesterday at
Berkeley that after the present
gridiron season both the University
of California university, which
break off all athletic relations
with southern California. The
union followed discussions over
eligibility, as a result of which a
varsity player and one freshman
of the University of Southern Cal-
ifornia were barred. Several other
players were said to have been in-
volved in the controversy though
they were not mentioned in offi-
cial communications.

How the conference, as a whole
will view the break is a matter of
great interest on the campuses of
the three California institutions.

Live Viper Found in Stomach
of Nurse Who Died in Agency

CHICAGO, Switzerland (AP)—
When the stomach of a young
nurse who had died in a hospital
agency was opened a living viper
was found. The patient had been
put on a strict diet and the venom-
ous snake, which lay hidden in her
stomach, had been eating the food
of the young woman.

Only one explanation seems like-
ly, namely, that the girl, while on
a hike in the Swiss mountains,
drank from a mountain brook and
swallowed either a serpent egg or
a small living reptile.

OREGON COLONY IS PLANNED
THE DALLAS, Ore.—The 1900-
nations had contemplated estab-
lishing a colony in Oregon and Pe-
ter Verigin, leader of the British
Columbia religious cult, who was
killed in an explosion Wednesday
was in route to Spokane for a
conference in this connection, it
became known here.

W. W. Lamcoff, secretary-treas-
urer of the colony, was intercep-
ted at Arlington by a local sur-
vivor, after telegraphic and tele-
phone messages addressed to him
had arrived telling of Verigin's
death. Lamcoff had stopped to
transact business in regard to a
seized automobile, which had
been left here about a month ago,
when he and L. W. Verigin,
nephew of the dead religious lead-
er, were here. Lamcoff announced
that he would go immediately to
Trail, B. C., when informed of
Verigin's death.

If he substitutes it, he knows
it's good!

A high
grade range
at an
unusually
low price!
\$82.50

We know of no other range made in America
that compares with the Colonial Buffet Type for
range value; certainly no other range offers more in
quality, or in practical, constructive features designed
especially to meet Pacific Coast requirements.

The many years' satisfaction it will give you in
cooking and baking, and in the saving of fuel, will
far exceed its low price. Sturdy appearance, pleas-
ing design and plain smooth finish will quickly
arouse your desire to own one of these ranges.

Two Practical and Economical Features of the COLONIAL Buffet Type Range

—the French
Cooking Top
Heats quickly and uni-
formly, and holds the heat
longer than the partitioned
top. Being smooth and with
large flat surface, cooking
utensils fit snugly to it, in-
suring quicker results in
cooking. Steaks, eggs and
hotcakes can be cooked di-
rectly on this top, as on
hotel and restaurant ranges.

—the Wide and
Shallow Firebox
The correct design and
liberal proportions of this
Pacific Coast firebox insure
quick cooking and baking.
It brings the heat directly
up under the cooking top
and gives "volume" heat
flow around the oven. It's
a fuel saver, too. Duplex
grates for wood or coal.
