

ARMISTICE DAY

Today is the anniversary of that glorious day when hostilities ceased on the western front and the great war was over. We pause in the midst of our daily toil on this day of rejoicing and yet of sad memories to pay tribute where tribute is due. And we pledge our renewed efforts to "carry on" in soldierly style the task they started. For out of cruel bloodshed and splendid self-sacrifice have arisen new confidence in the wisdom of our fathers and new hope for the future of our great country.

Station F-I-R-P-O-Broadcasting!

THIS shows the good Benor Fierpo, noted South American pugilist and fancy tumbler making his initial talk over the radio from a New York broadcasting station. The good benor's talk consisted mainly of grunts and growls and in a good number of places was probably not taken for static.

PRISONERS AT WORK ON ROAD

Wallowa County Places Gang of Six Convicts on Whisky Creek Market Road.

WALLOWA, Ore. (Special) — A crew of six hardy convicts of the county prisoners, who have been assigned recently to the task made by prohibition officers, are being used for road work on the market road on Whisky creek. The men are working under direction of Wiles Pines. The men are said to be doing good work, and apparently quite well satisfied.

The election has been the leading question in this section for the past several days. From latest reports it appears that the county officers will be composed of almost entirely new men, with only J. C. Conroy for county school superintendent, and Mrs. Ella T. Clayton, county treasurer, retaining the office by re-election. A very large vote is said to have been polled in all precincts in the county. This would indicate that the voters in general have felt a greater interest in the election of their lay makers and other officers, than for a number of years.

B. Gastin and wife left the first of the week for Portland, where Mr. Gastin will stay a few days. He has been in very poor health for the past several months, and on the advice of his physician has gone to the better climate in hopes of regaining his health. Mrs. Gastin expects to be away for about a month.

The much needed irrigation in this section has begun to come at last. During the past ten days frequent rains and snow squalls have wet the ground to a considerable depth. Many farmers are contemplating starting plowing in a few days, a number have been plowing for a couple of weeks, but before the recent rains the ground had

been very dry, making plowing very hard. The moisture which has fallen during the past few days will no doubt be of much benefit toward putting the moisture into the ground for the crops next year. The rough conditions will be greatly improved, should favorable weather continue for a few weeks. No freezing to speak of has occurred here yet, only a few mornings had the surface of the ground shown any signs of being frozen.

Dobbin and Hoffman have a large band of sheep at the Judge Couch ranch in the hills a few miles east of town, and during the last week have been busy with the sheep. As well as several hundred acres of hunch grass pastures. The rains of the past week have made the feed

very good for the sheep, the dry forage being softened up well. John Couch of Loop had the misfortune to lose a valuable dog last week from poison. It is thought that the dog had picked up a dead snake which had been killed from the poison of a coyote poisoned at a station about a mile distant from the place. A number of neighbors spent Tuesday evening at the Fred Haver home on Parham creek, receiving early election returns over Mr. Haver's radio.

Social Dress President MORGAN, (AP) — Official Moss can't look at social precedents since the Russian Revolution, especially coming out in full dress evening clothes at an entertainment arranged by the Soviet government in aid of Russian children. It was the first time members of the foreign diplomatic corps participated with the Russian government representatives in a public function. The ambassadors and ministers of all countries which have recognized the Soviet were present with their wives. The Russian capital and not such so many dress suits, all hats and every man's formal frock was at the social event. George Tschibrikoff, Soviet foreign minister, enabled a point of view to be given by donating his Red Army uniform, four disapproving lines, who produced in a solid white, the usual Bolshevik practice by wearing their evening clothes.

SPORT NEWS

FIVE GRIDIRON LINGLEN WILL CLASHES TODAY TRY COMEBACK

(City Special) — Besides the La Grande-Hills football game here today, several other intercollegiate teams are to battle on the gridiron this afternoon. Baker will play The Dallas of the latter city and is expected to defeat them by a margin of 20 to 0. Pendleton won from Dallas 21 to 7 and could defeat Baker only 2 to 0. The writer believes, however, that the Dallas will come out victorious.

Enterprise is scheduled to play at Wallowa and a Wallowa victory is almost certain on paper. But Enterprise plays her best games against Wallowa and is likely to upset the lower county boys if the break is right. Walla Walla plays at Pendleton, Hermiston at Athena, Waitsburg at Milton-Freewater.

Grand Opera by Telephone Heard for a Nickel in Munich

MUNICH (AP) — But a nickel in the slot and here tonight's grand performance in the grand opera house is the latest Munich delight. The telephone exchange has just opened four operations hearing halls in Munich suburbs, where long rows of pay telephones wait for customers eager to hear grand opera for 50 pfennings. Telephone subscribers may use their phones at home against a monthly fee for the open service. When the subscriber who listens to grand opera is wanted by another subscriber, the exchange interrupts the entertainment for the duration of the conversation. The transmission is entirely over wires and has nothing to do with radio. Subscribers, however, are allowed to hook up amplifier units and loudspeakers, as used in the radio field.

COMMISSION TO SEEK DATA ON ELECTRIC ROADS

WASHINGTON, (AP) — In its annual report form, to be sent out to all railroads about December 1 and returned by March, 1922, the Interstate Commerce Commission will request data on the use of trucks by the companies as supplementing regular service. Some of the country's railroads, including the Pennsylvania, utilize motor trucks on short hauls. Information regarding gasoline-propelled railroad cars and electrification of parts of roads, will also be sought. The longest stretch of electrified road that has come to the attention of the Commission is that of the Chicago, Milwaukee, and Saint Paul, from Harlowton, Montana, to Avery, Idaho, a distance of 44 miles across the Rocky Mountains. Over 600 miles of track of the Long Island, N. Y., Railroad are traversed by electric engines and in the downtown section of New York City, this type of locomotive is used solely. The New York, New Haven & Hartford road operates electric trains between New York and Stamford, Conn., and the New York Central between the Grand Central Terminal in New York City and Harmon, N. Y.

The police station safe was robbed in Endicott, N. Y., while the police force was walking his beat.

tennis world the position which she occupied in 1923.

Whether she is successful or not, it is her present intention to retire at the end of 1925. But "woman vary," said old King Francis the First of France, and among her friends and acquaintances Suzanne's emphatic expression of her determination to abandon tennis is received with some skepticism.

Suzanne is about 15 pounds over her best playing weight and she intends to take things easy, gradually rounding into form during the Riviera tournaments, playing doubles and mixed doubles. She may not play singles until the spring tournament of the Nice Tennis club next March.

Mlle. Emilienne Vlasto, French 1924 champion, finalist against

Mrs. Willis in the Olympic Games and Suzanne's most dangerous opponent in France, recently was defeated and probably will play no more tennis.

Monmouth Elects Officers Monmouth, Ore. — Howard W. Moran, local merchant, was elected mayor of Monmouth at the annual city election. He will succeed E. M. Rhoads. A. M. Arant was chosen city recorder, defeating J. L. Williams, incumbent. Charles C. Powell and Fred O'Rourke were elected councilmen. Two other councilmen held over. The election brought out the heaviest vote in several years.
