

IT'S THE CUT OF YOUR CLOTHES THAT COUNTS

## The Society Brand Lonsdale

\$50

Here is a cut that is very good, that most young men like and wear well. A two button coat, with a low roll to the lapel; slightly suggesting the lines of the body; emphasizing height. The Society Brand Lonsdale. We have it in a wealth of fine woollens specially chosen for this model.

### They Wouldn't Move

The landlord tried to eject them, but the Gypsies who had leased this Chicago place refused to move. So the landlord engaged bricklayers to close up the doorways and windows in an attempt to scare the Gypsies out. The dip from within, however, brought police to the scene. The bricklayers were ordered to leave.

### WINTER DROPS ON WALLOWA

WALLOWA (Special). — This section of the country is covered with a light blanket of snow today. The storm struck here last night, in a regular blizzard form, and last for about two hours. This is the first snow which has laid on the ground for more than a few hours, which has fallen here this fall. Some snow is said to have laid on the ground in the timbered sections north of here for the past two or three weeks. The snow is said to be from four to six inches deep in the woods near Maxwell.

Logging operations are reported to be going steadily forward in the north woods. A number of contractors have been busy in that section for the past several weeks. The conditions have been very favorable for logging here so far this fall.

J. L. Maxwell of this place has been in the upper part of the country for the past several days buying cattle to ship to the Portland market. He left the last of the week with a shipment. Range conditions have been greatly benefited by the moisture which has fallen here during the past couple of weeks. The green grass has begun to start up in many places. Some of the roots in the hill sections were quite difficult for auto travel Saturday morning, due to the snow being drifted considerable in places.

### Sweden Will Stage Amateur Bouts For European Titles

STOCKHOLM (AP). — European amateur boxing titles in six classes will be fought for at Stockholm in April, 1925. The International Boxing Federation authorized Sweden to hold this year's carnival after England had declined a similar invitation tendered her, as the country of boxing, during the Olympic games at Paris. Teams are expected to enter the championships from Great Britain, France, Belgium, Denmark, Norway and Italy. In Sweden boxing is a comparatively young sport, but it is among the most popular. It was not until after the war that the sport was organized in this country, but the clubs already belong to the national governing body. Most of them have British or Danish trainers.

Put a gallon or two of HONEY in your radiator—then fill with water—it will not freeze. Once filled requires no further attention, except to replace water that evaporates. The honey will not boil out—does not require replacing. One filling with last indefinitely. Drain out in spring and use next winter. Will not boil out like alcohol. Not injurious to motor. CAUTION—Keep reasonably well filled with water, as if water entirely evaporates honey will cook on to cylinder walls. Use PURE HONEY.
