## Beige Wool Frock

There is a decided charm to this frock of beige wool because it does so many unexpected things. The front fastening is most original, as is the fitted band which begins at the fastening and is carried over across the back and fastened on the other side. The braid running through the slits in the front and the close-fitting cuffs are other notes of interest.

Yesterday afternoon at the parsonage of the Presbyterian church, with Reverend William Crosby Ross performing the ceremony, Miss Ruth Littoral, sister of the bride, and Miss Nellie Behrens, sister of the groom, acted as witnesses. The happy young couple will make their home on a farm one mile north of Summerville.

Although there was some disappointment because the Worthy Grand Matron was called to her home at McMinnville on account of the serious illness of her husband, the members of the Order of the Eastern Star spent a very interesting evening Wednesday, with Mrs. Minnie C. Leason, past Worthy Grand Matron of Ontario, Oregon, substituting for Mrs. Burdett. The meeting was held at the Masonic hall and a large crowd was in attendance. After an excellent talk by Mrs. Leason a delicious luncheon was served.

## Fashion Notes

London.—Fashionable female London is spending its mornings nowadays lounging around the dressmaking establishments of Bond street run by impoverished nobility.

London.—Aside from the conventional headress of brides, veils have temporarily disappeared except as additional trimming to the rolling trim of the high square-topped hat of the director mode. Even in this case the veil never gets farther south than the nose.

Paris.—Yellow and brick red is the latest color combination sponsored by some of the best dress-makers among them Drevolle. That designer has just brought an afternoon dress of waxy metal lace embroidered in wool with the red and yellow color scheme, and finished at the bottom by a broad yellow fox band.

Paris.—Sad and interesting and sophisticated—that is—the effect Miss Harrison of the Fashion Gazette created today in a black velvet beret turned up sharply at the left side above her blond hair and decorated with three plaits of velvet.

New York.—Blond satin opera pumps are the vogue for evening wear and blonde kid pumps, extremely plain and without straps, are the smartest foot covering seen on the avenue.

New York.—The knee flare silhouette—that is the most attractive departure so far this season from the long slim lines which have obtained so long. Evening frocks by prominent designers now flare at the knee by means either of pleats, accordion or otherwise of rods which give the same freedom of movement and grace of contour.

New York.—So much fuss was made over the removal of corsets at dances by the modern flapper that those who wear them now usually leave them on. The latest mode is of satin broche with elastic insets, but lightly bound to give the desired flat back effect.

## TAX REPEAL COST \$39,000

SALEM, Ore. (Special)—A total of \$39,952.28 was expended by C. C. Chapman in behalf of the repeal of the state income tax law, according to the report filed by him with Secretary of State Kester. Contributions amounted to \$38,427.95, leaving a deficit of \$1,524.33. There were 1881 contributions, of which 1147 were from outside of Portland, or 61 per cent. In amount, Portland contributors paid 60 per cent of the total. The average Portland contribution was \$31.57 and the average contribution from outside of Portland was \$7.54. Every county of Oregon was represented in the contributions.

Chapman's contributions and expenditures began November 23, 1923, and he expended \$18,113.92 before June 30, 1924, at which time the repeal petition was filed. The expense up to that date consisted of the cost of initiating the measure and of investigating the effect of the state income tax law upon investments. From June 30 to October 15 the expense was for educational campaign work, consisting mainly of disbursements for services of field men and traveling expenses involved in exhibiting the documentary evidence as to the deterrent effect the law was having on Oregon investments. After October 15 the expense was mainly for newspaper advertising to get the facts of the case before the voters of the state.

Chapman received no compensation for his services, he states in his affidavit, and gave nearly a year of his time in the belief that he was "rendering a service to state welfare." His accounts are verified by Whitcomb, Phenbrink & Co., certified public accountants, and by a committee of contributors.

## The Good I Do

New beauty, new youth at your call By Edna Wallace Hopper

To every girl I offer the beauty help that France gives me. The help that made me famous. To every woman I offer my aids to perennial youth. The aids which keep me, after 40 years of stage life, looking like a girl of 19. I am doing enormous good. I know that from the thousands of letters which reach my office daily. But I want more to share that good.

**My Youth Cream**  
My Youth Cream is a remarkable creation, combining many factors. It contains products of built lemon and strawberry. Also all the best helps science gave me to foster and protect the skin. It comes in two types—cold cream and vanishing. I use it as a night cream, also daytime as a powder base. Never is my skin without it. My velvet complexion shows what that cream can do. The cost is 50c per jar.

My Facial Youth is a fluid cleanser which I also owe to France. Great beauty experts the world over now advise this formula, but their price is too high for most women. It contains no animal, no vegetable fat. The skin cannot absorb it. So it cleans to the depths, then departs. All the dirt, grease, grime and dead skin come out with it. My Facial Youth will bring you new conceptions of what a clean skin means. The cost is 75c.

**White Youth Clay**  
A new-type clay, white, refined and dainty. Vastly different from the crude and muddy clays so many have employed. The final result of 20 years of scientific study. It purges the skin of all that clogs and mars it. Removes the causes of blackheads and blemishes. Brings a rosy afterglow which smoothes and softens. Combats all lines and wrinkles, reduces enlarged pores. No girl or woman can afford to omit it. It multiplies beauty. And many women seem to drop ten years after one application. My White Youth Clay costs 50c and \$1.

**My Hair Youth**  
The cause of my luxuriant hair, thick and silky, finer far than 45 years ago, I have never had falling hair or dandruff, and never a touch of gray. A concentration of product containing many ingredients, I apply it with an eyedropper directly to the scalp. There it combats all the stifled hair roots. It tones and stimulates. No man or woman will omit it when they see what Hair Youth does. The cost is 50c and \$1 with eyedropper.
