International Livestock Exhibit to Be Held in Chicago November 29-December 6.

CHICAGO, (AP)—Under a special act of congress, official medals to all winners of first prizes and championships in the livestock classes will be awarded by the U. S. Department of Agriculture at the 25th anniversary of the International Livestock Exposition to be held here November 29-December 6. President Coolidge has accepted an invitation to attend the opening, according to an announcement by H. H. Hens, general manager.

Entries in virtually every department have established new records this year. A total of more than 11,000 animals probably will be entered in the nearly 500 separate classes, Mr. Hens said.

Thirty of the principal agricultural organizations of the country will hold their annual meetings in connection with the exposition, which annually attracts many of the leaders in the industry.

Three Scotch, one Argentine and three Canadian judges will select the best in each of the show grounds. Eleven hundred champion juniors have been awarded free trips to the show as a reward for excelling in their various class projects.

The arena show will occupy the arena each evening at which the leading light horses of the country will perform in addition to a variety program containing new entertainment features.

Poor Showings Made In State Controlled Firms

MANILA, (AP)—Summarizing the operations of all government controlled corporations in 1923, Governor General Wood, in a report to the legislature, points out the actual condition of government investments in business; the benefits obtained as well as losses suffered, and the measures adopted or believed necessary for the protection of such investments.

The corporations referred to are the Philippine National Bank, the National Development Company, the Manila Railroad Company, the National Coal Company and the Cebu Portland Cement Company.

Although conditions improved during 1923 the Philippine National bank realized a profit of \$1,000,000 from its investments in sugar, coffee, and other commodities.

The Manila Railroad Company, however, showed a deficit of \$200,000 with the reserves still \$5,000,000 below the legal limit, according to the report of the governor general.

The Cebu Portland Cement Company lost \$47,500 in its operations last year and had its indebtedness to the government increased by \$25,000 but rendered much benefit in producing high grade cement and in lowering the price of that commodity in the local market, the report says.

Continuing the report declares: "In order to get the benefits of this high grade cement manufactured in the Philippines and at the same time not have the government be responsible for the company's operation, the plant should be disposed of as soon as practicable."

The National Development Company is being liquidated, while the National Coal Company lost \$175,000 in 1923 with a further deficit of \$10,000 expected for the present year, according to the report.

Government Economy Forces
Out 28,000 Prussian Teachers
BERLIN, (AP)—Owing to the rigidly enforced economy measures of the government there are 28,000 graduated teachers in Prussia without positions and only slight chance of any obtaining work for which they have rated themselves.

In Berlin there are 1500 of them working as street car conductors, postal clerks, coal heavers, piano players in motion picture houses and other classes of employment.

The Spirit of Thanksgiving

THE pilgrims were a pious people who never failed to give thanks to the Lord for His benign help and guidance. But—they never failed to help themselves. They set the world an example of thrift and industry.

The pilgrims put their trust in God; and they lived out the old adage, "the Lord helps them that help themselves."

Savers Help Themselves.
