A MAN THAT HATH FRIENDS must show himself friendly; and there is a friend that sticketh closer than a brother.—Proverbs 18:24.

A Lecture

Recently a home woman—one who has never aspired to publicity or notoriety, but who has been a close observer of conditions, delivered the following lecture which is brief, and which she did not realize was a lecture, but it should be handed on, for it carries a world of good common sense in it:

"Many persons who are not parents will be. Being a parent is a large hunk of life, and the way to win at being a parent is to have successful children. During the past only the very wise have realized that a child's life is affected more before the fifth year is reached than ever after. Nine out of ten parents still fail to realize how quickly the human offspring becomes a thinking being. Personality, character, thinking machinery, all begin to open up almost when the eyes are open.

"In other words, the child's first look at life—long before parents usually dream that it makes much difference what the child hears or sees—is as important as anything connected with the future of the race, with the home, with parents, with you.

"The one visitor to your home who should always see you at your best is your own baby! A whole lifetime may be made successful or twisted out of shape by a few months of the right kind or the wrong kind of a first look at life."

Religious Advance

Possibly some may not have noticed it but there has been in the past month a religious advancement in La Grande. The series of meetings just closed has done good and every minister can feel that his efforts have been entirely worth while.

The opening of the new St. Peters church, installation of a pipe organ in the Presbyterian church, the lecture by Mr. Flynn on Christian Science, all recent events, tend to show that the drift of public thought is toward Christianity.

It used to be that communities had to be awakened in droves else religion was not working. The ranting evangelist had to come from some distant land to shake the sinner up and cause him to shout and tear his hair or a series of religious meetings would have been counted a failure. But that dry has gone with many other antiquated notions, and today the onward march of religion continues day after day within the individual, which after all is the final analysis of religion.

The individual has been interested in the late meetings and his interest is radiating to others. He finds it pays and others will learn it from him.

Thus, the seed planted in La Grande during the last month by the combined efforts of all the churches will grow and grow.

THE KIND OF TIRE DOES NOT MATTER

All look alike to us when it comes to vulcanizing. Smooth tread, or non-skids, or fabric or cord tires can all be effectively repaired and made over by our vulcanizers. Let us prove this to you and save you a lot of tire money.

THE OLD HOME TOWN

By Stanley

AFTER FOUR HOURS' QUESTIONING IN TOWN, SHERIFF BURBETT (WHO BEAT CLEY WALKER OUT IN THE RECENT ELECTION) COULD FIND NO ONE WHO KNEW WHY ALL FOUR WHEELS ON HIS BUGGY FELL OFF WHEN HE STARTED FOR HOME.

THAT BLIND DATE
"Can you tell me what shape is a kiss," he asked.

"Well, no matter," he said. "Just give me one."

"And we'll call the darn thing square."

If you don't dance, dance anyway. You can say what you are doing is the latest steps and none will know the difference.

Never laugh at a pig nose! You can never tell what's going to turn up next.

Some men are entirely too literal. For instance, the La Grande fellow who, on leaving a hotel room, read a card on the door: "Stop! Have you left anything?" And then went back and took the soap and towels.

Terre Castle doesn't need the publicity, neither do her former husbands, but they're both on the front page again.

Civilization follows the bathtub.

CHRYSLER SIX

It is almost amusing to watch a motorist drive a Chrysler Six for the first time. He realizes, of course, that the Chrysler Six "has something". Otherwise it could not have registered such an extraordinary success—it could not have so completely monopolized conversation.

Yet he is unprepared for the results the Chrysler Six delivers because all his experience has been based on totally different standards. He associates all the finer qualities of performance, driving and riding with cars of

higher price, larger size, greater weight.

Once behind the Chrysler wheel the revelation is not long delayed. He tries the Chrysler Six for power and pull, he lets it out for speed, he tests its agility and alertness, he demonstrates its braking efficiency, he takes some turns at smart speed.

And when he is through there is no case left for the heavy, the cumbersome, the wasteful. He promptly joins the army of Chrysler Six enthusiasts.
