An ensemble sport costume of a flannel and embossed cretonne is one of the really new contributions for Palm Beach. The flannel is a soft shade of powder blue and the cretonne has rose-colored figures. The pleated ruffle about the gown and the coat give it a youthful feeling.

New York.—The latest handkerchiefs is made of delicate lace and satin ribbon with a front insert of chiffon. It is of distinctive proportions, but is worth the money it costs on the theory that "every little helps."

Venturesome Youth Lands in High Ancestral Halls

LONDON (AP)—From a poky little cabin aboard a tramp steamer to the luxury of a Jacobean mansion, was the quick change of circumstances experienced recently by the 17-year-old Earl of Suffolk. The earl had been knocking round the world in the steamship or Mount Stewart, sharing the hard life and food of sailors for about 18 months, when the death of the old earl was announced. The young man's ship had just arrived at Nantes with a cargo of nitrate from South America, and he immediately sold goodbye to his shipmates and hurried to the family seat, Charlton House, near Malmsbury.

People in the district are wondering whether the young earl will settle down to society's ways, or whether the travel temperament inherited from his American mother, a daughter of the late Levi Leiter of Chicago, will lure him away to fresh adventures.
