What The Future Holds For You As A Registered Nurse

Nursing is one of the most profitable and satisfying professions which any woman can enter.

ATTRACTIVE FEATURES OF THE WORK: The most inspiring part of the work is the privilege of assisting in the wonderful results which are being accomplished by Physicians and Surgeons, and other leaders in the field of research and practical medicine. The nurse's work is the most essential part of all these activities; and so she has a vital interest in every detail connected with them.

INSTITUTIONAL WORK: As Superintendent of a hospital, or a School of Nursing, as head nurse in hospital wards or operating rooms, as supervisor of dispensaries and clinics there are always opportunities for rapid advancement.

EDUCATIONAL WORK: As a Nurse Instructor in schools of Nursing and as an instructor in Red Cross courses in "Home Care of the Sick," the demand far exceeds the supply.

PUBLIC HEALTH: As visiting school, child welfare, medical social service, and industrial nurse, there are unlimited opportunities for full expression and use of all one's intellectual faculties, executive ability and instinct of service.

PRIVATE DUTY: As a private nurse, the scope of usefulness is boundless. Contact with the individual and the family and her service to them makes her a strong influence in the Public Health of the Community.

GOVERNMENT SERVICE: As an Army, Navy, Federal Public Health, or Red Cross Nurse, a young woman may serve her country in peace and in war at home and abroad.

MISSIONARY WORK: Home Missions in Labrador, Alaska, Mountain Regions of the South, and the Indian Reservations need nurses. Foreign Missions in China, India, the Near East and elsewhere call unceasingly for nurses.

HOME LIFE: As a mother, wife, or sister, a nurse's training lays the best possible preparation for a satisfactory family life.

Training school opens January First. Can accommodate a limited number of student nurses. If interested write: Helen E. Larson, Superintendent, Grande Ronde Hospital, La Grande.
