TIGERS WIN AT ENTERPRISE

BRANCH TRIP ENDS; 2 GAMES LOST; ONE WON

The last game of the Wallowa county trip played Saturday night with Enterprise netted the all Grande quintet its only victory of the series. The game ended with the score 24 to 12 in favor of La Grande.

Noticeable improvement was made by the La Grande team all along and in the final game they had reached top form and so walked through the Enterprise five with comparatively little difficulty.

The regular La Grande lineup started the game with Unanimo center, Hammett and Zundell, guards and Glass and Lyman forwards. Larson substituted for Glass toward the latter part of the game.

Trip Encouraging.
The trip as a whole proved encouraging despite the two defeats and the La Grande team by Wallowa and Joseph, both of which had teams of veterans.

Referee Frank McKennon, who officiated at both games, called fouls very closely and as a consequence Glass was pulled from the game at Wallowa and Unanimo at Joseph. The loss of these men proved too much of a handicap to overcome in the face of the strength of the opposition.

The two noticeable weaknesses in the team were the lack of experience and independent thinking on the part of individual players and inability to shoot baskets.

The first is gradually being remedied as the team plays and will be practically eliminated by the time the dates for the tournament come around.

Missing Free Throws.
The lack of marksmanship in hitting needed baskets is a more important difficulty and a more costly weakness. Inability to convert free throws on foul shots cost the boys both games of the trip. At Wallowa 14 free throws were missed, at Joseph 12 and at Enterprise 13. This is not a good record, and according to MacTavish, a lot of work will be put in on this department of the game during the next few weeks.

But one game is definitely scheduled for this week and that with the Union team here Saturday. Attempts have been made to schedule a game with Pendleton for Friday evening but so far nothing definite has been decided on the matter.

CROSS WORDS SEND OREGONIANS ISSANE

SALEM, Ore. (By the Associated Press)—That advent of the cross word puzzle, like other similar fads, has contributed its quota to the insane population of the state is evidenced by a report issued by the state hospital here.

During the past few weeks five patients, from over a wide area, have become insane trying to solve cross word puzzles and have been brought to the state hospital for treatment. Of the patients, three are men and two women. Additional persons, it is said, have become mentally unbalanced by cross word puzzles and are receiving treatment in private sanitariums in Oregon.

Right in the middle of the cry to elevate the masses comes the news that more airplanes will be made.

Baker Quint Defeated By Wallowa Five

WALLOWA, Ore. (Special)—Baker high school basketball team was defeated Saturday night by the Wallowa five by the score of 21 to 11 in the second contest of their tour. Baker won its game Friday night when it defeated Elgin by 11 to 4.

For the first half Saturday night at Wallowa it was anybody's game, at half time the score standing 3 to 8. On the resumption of play, however, the Baker quint became demoralized and the local shot basket after basket, giving them the verdict.

Payne starred for Baker while Henderson was much in the limelight for Wallowa.

TO POPULARIZE SPORT EVENTS

NEW YORK (AP)—The program for the 1925 series of what is said to be the largest group of national and international indoor competitions in the world, was announced today by the Athletic League of the Y. M. C. A. of the United States and Canada.

These events, according to Dr. John Brown, Jr., secretary of the Y. M. C. A. Athletic League of the United States, will begin in February and extend over a period of months.

Their purpose, Dr. Brown points out, is to engage the masses, the active participation of thousands who ordinarily would not enter contests, and develop in the individual an all-around ability. The plan largely does away with difficulties of time and expense involved in travel, while at the same time the rules and scoring systems applied make possible an eminently fair competition among contestants who, in the case of many of the games, may be far away from each other as the two oceans.

February and March are to be given over respectively to the senior and junior hexathlon competitions in which, last year, 27,373 different men and boys took part in 26 states, the District of Columbia, and eight Canadian provinces.

Other events scheduled include: State bowling tournaments, Feb. 23; national bowling tournament, March 10; all-around swimming tests for men and boys, April 1-2; June 15; swimming championships, April 2, 4, at Cincinnati, O.; volleyball tournament, May 8, 9, at Des Moines, Ia.

Among new features to be added this year is the four-wall handball tournament, the finals of which will be played April 23, 24, 25, at Cleveland. The national basketball free throw tournament, another new event, will be contested Feb. 2-10, and is open to colleges, public schools, athletic clubs, Sunday schools and playgrounds. This event has been endorsed by Kiwanis International and is being promoted with their co-operation.

The basketball free throw contest originated last year in the Y.

KYW, Chicago, Ill. (Central, 135.4), 6:30 a. m., morning exercises; 1:30, table talk, Mrs. Anna J. Peterson; 3 p. m., studio recital; 5:02-6:15, news; 6:30-7, children's bedtime story, Uncle Hob; 7-7:20, dinner concert, Congress hotel; 8-8:20, Stella Wrenn, soprano; Irving P. Schuster, tenor; Ned Sawyer, tenor; W. E. Hunter, bag puncher; 8:20-8:45, speeches, auspices, American Farm bureau federation; "Monthly Analysis of Farm Markets," H. W. Moorhouse; 8:45-9:20, musical program; 10-11:20, evening at home program, Coon - Sanders - Original Night Hawks; 11:05, "Applesauce club."

WHAP, Fort Worth, Texas (Central, 472.3), 7:30-8:30 p. m., musical program, artists of Howie; 8:30-10:45, male and mixed quartet of Meala.

May Head Drys

Arthur Woods, former police commissioner of New York, is mentioned as likely successor to Federal Prohibition Commissioner Roy A. Haines, who, it is said, is slated to retire.

HORSEMEN ARE DEADHEADS AT OLYMPIC SHOW

VICTORIOUS IN SECOND HEAT

PARIS (AP)—A total of 549,254 spectators, 150,481 of whom were deadheads, attended the Olympic games last summer, according to official figures.

The large percentage of the deadheads has been the subject of comment by the government, which advanced the funds for the erection of the stadium. Under that head were classified guests of the committee, officials of the various nations represented, friends of the athletes and politicians.

The polo match at Saint Cloud in July had 578 paid admissions and 1022 deadheads. The yacht-racing competition at Moulon shows 27 paying and 573 invited guests, while 5478 enjoyed the regatta at Le Havre without disbursement for tickets and only 153 paid for the pleasure. At the target shooting at Chalons there were 1319 invited guests, and not one single paid admittance.

The Paris competitions proved to be the greatest event of the sort since the renewal of the games in 1896. Forty-five nations, 3700 athletes and 1200 officials participated, but the work of organization and staging them was done by the smallest staff on record. This consisted of only 150 employees. About 150 officials, trainers and managers accompanied the American Olympic team to France. The games attracted a record number of newspaper correspondents. A total of 724 press cards were issued, 514 to foreign reporters and 210 to Frenchmen. The foreigners sent 13,574 telegrams carrying a total of 696,676 words.

DUDEK AFFAIR BEFORE FRENCH BOARD TODAY

PARIS (AP)—The "affaire Dudek" will come up for examination and a possible ruling at a special meeting of the French boxing federation Thursday. Paul Rousseau, president of the federation, said the decision in the case of Johnny Dudek, the American boxer, who "walked out" on his engagement to fight Fred Bretonnel, would be communicated for ratification to the International Boxing union, the National Boxing association of the United States and unofficially to the New York state boxing commission.

If further investigation into Dudek's failure to carry out his contract with Bretonnel here proves necessary, the federation will make no decisive ruling Thursday but American boxing organizations will be requested to suspend Dudek until the inquiry is completed.

Danny Fresh will meet Edouard Mascart in the headline bout January 27, vice the Bretonnel-Dudek contest. Bretonnel will also fight Paul Fritsch the same evening.

FINN DISTANCE RUNNER PLANS LARGE PROGRAM

NEW YORK (By the Associated Press)—Paavo Nurmi, who ran his total of indoor world records up to 12 Saturday night at the Brooklyn college games, has four races on his schedule this week, the most strenuous program he has undertaken since his three successive nights of racing recently at Chicago and New York.

Nurmi ran one of the greatest races of his career in breaking a record and establishing another in Saturday night's career, but in the face of his performance he met defeat due to his generosity in giving away too great a handicap to a fellow countryman.

The phantom Finn will share the spotlight of the week, however, in all of these events with Ugo Frigerio, famous Italian walker and Olympic champion, who makes his American debut Tuesday night, the first night of the double-barreled Millrose Athletic association track and field carnival at Madison Square Garden, which looms as the outstanding athletic event of the winter season.

Nurmi's race on the first night of the Millrose meet, over a distance of three-quarters of a mile promises to put the also antelope to one of the severest tests of his American campaign. This distance is a trifle short for Paavo and will give his opponents, including Jole Ray, Lloyd Hahn, Leo Larrievie and Jimmy Connelly, a better chance to win than at any other mark.

On the second night Nurmi will compete in a mile and a half race for the Rodman Wanamaker trophy, which has been won for the seven successive years by Jole Ray.

Frigerio will make his first start in a three-mile walk in which he will concede liberal handicaps to his opponents. Nurmi and Frigerio are to make their other appearances of the week in the Morningside meet here Friday night and the Boston A. A. games Saturday night. The Finn is slated to run 4000 yards at the Morningside games and 3000 meters in Boston.

M. C. A. at Charleston, S. C. Within two weeks 11 states in the South will be included in the title championship. Individual finals resulted in a tie between L. M. Sack of Vanderbilt University, and R. H. Stephenson, a sailor stationed at Hampton Roads, Va., each scoring 62 baskets out of 75 trials. Called to sea duty, Stephenson was unable to compete in the throw-off and the James Allan trophy was awarded to Sack, who shot 64 baskets. Southern V. M. C. A. College at Nashville, Tenn., won the team honors.

Detective

James Cohen, 12, decided four men he saw leaving a neighbor's house in St. Louis were burglars. All carried heavy sacks. He followed them. They boarded a street car and he did. Noting a police station he had the motorman stop while he went in for assistance. His courage and good judgment won him a police department medal. President Brockman of the police board is seen here pinning it on him.

HUGE STADIUM IS NEEDED ON PACIFIC COAST

PAULO ALTO, Calif. (AP)—The athletic stadium at Stanford University which seats 65,000, is expected to be enlarged to accommodate 90,000 by next football season.

This would provide the largest football stadium in the country. Plans for the enlargement following the big game with California November 22, when 90,000 people overflowed the California stadium at Berkeley, which seats 76,000. Those who could not get into the stadium occupied a hill-top just above it. Next fall the game will be played in the Stanford stadium and efforts will be made to take care of the throng sure to want tickets.

The Stanford stadium was built five years ago. Designed by professors in the engineering department of the university, it was hollowed out of the earth and the tiers of seats rest against terra firma. The earth for the sides was thrown up from the excavation made for the playing field. At present it is a horseshoe, with an open side used as a straightaway for track events, to supplement the enderpath that encircles the field.

Some people marvel at the way birds fly south for the winter. Since they have nothing else to do they would be foolish not to enter large.
