

NEWS of SOCIETY

One of the most appreciated musical events of the season took place last evening when the male students of Sacred Heart Academy charmed a large audience by their excellent playing of folk music.

Spanish Note To This

The orchestra selections were exceptionally well rendered, the Medley of American National Melodies receiving the greatest applause. The "Largo" from Dvorak's New World Symphony was truly inspiring in its soulful expression of musical thought.

The audience manifested exceptional interest in the representation of Russia by Anna Lily, Spain by Lillian Lamb and France by Lora McWilliams.

The home was beautiful with small tea tables attractively arranged with centerpieces of spring flowers. Subdued lights were also used, adding much to the effect.

Forty-four years ago February 2 the Christian Endeavor Association of the Presbyterian church was organized by Dr. Francis E. Clark at Portland, Maine.

Look At Them

You immediately notice the women whose appearance is most attractive—do you notice that it is the natural effect (even though artificial means are used) that creates that attractiveness?

BOBBED HAIR IS BASIS FOR MANY, MANY ARGUMENTS

LONDON (AP).—Arguments for and against bobbed hair are prolific, and have agitated the minds even of learned professors.

A beauty specialist, Dr. Jacques Bretton, takes exactly the opposite view. He condemns the modern craze for bobbed and shingled hair, and says many women have told him they wish they had not been bobbed.

Herriot Indicates Ailing Member With Apt Reference to Politics PARIS (AP).—Premier Herriot, who has just recovered from a swelling in one of his legs which kept him confined to his room for nearly a month, never once lost his good humor, in spite of the physical pain and the great mental worry over bitter political attacks leveled at his government during his illness.

PRINCE OF JAPAN SHUNS ALL REGAL SURROUNDINGS TOKIO (AP).—Prince Yasuhiro Chichibu, second son of the emperor, will sail for England in May for a stay of possibly four years.

TRAIL IN GOOD CONDITION. PENDLETON, Ore.—The Old Oregon Trail between Pendleton and Mencham is in excellent condition, according to Oscar Schultz who was one of a party of Pendleton men who spent Sunday on the Blue mountains skiing.

The World Wide Guild of the Baptist church will meet tomorrow afternoon for their regular monthly meeting at the home of Mrs. C. E. Happersett, 1201 O avenue.

New York — Four days in the laboratory has resulted in the production of new shades which promise to be extremely popular. They are eclipse blue and cold flame and are reproductions of the weird and beautiful light effects diffused last Saturday at the moment of totality in the sun's eclipse.

Miami—"Dentro is Agua," under the water, is where real Panamanians are wowed. Under the water, where the milliners have looked for colors with which to trim them and color them. The sea greens, the blues, the corals and the colors of the fish of the Florida waters are being faithfully reproduced on the hats now being worn here.

New York — Despite Franchis Village, "the snows of yesterday" are still upon many cities' streets, but the petticoat has entirely passed away.

New York — From now until Easter coats are likely to be distinguished by quilted embroidery. This environment lends itself especially well to the kasha coats now being designed in rust, platinum grey, rose and bronze.

Barber Strikes

Most barbers exact a tip from patrons, but Mrs. Blanche Manning of Cincinnati complains in a petition for divorce that she had to shave her husband three times a week and the only tip she got was a beating.
