

THANK YOU

OUR fiscal year ended January 31st.

We are very grateful for the splendid business we enjoyed during the past year.

We feel that our efforts to give Unqualified Satisfaction and our endeavors to build a reputation for Dependability and Honesty have met with favorable response.

We are grateful to you for the part you have played in making the past year a Moral and Financial Success.

Our efforts for the coming year will be doubled to warrant the confidence you have reposed in us.

Westenhaver & Gilbert

Max Bradford's Versatile band.

Carlo Police Declare Cocaine Threatens Egypt

CALHO (AP).—The cocaine habit among Egyptians has grown to such an alarming extent that the commandant of the local police has issued an appeal to the public to assist him in keeping down the evil.

The Egyptian nation, this official declares, is destroying itself through the drug habit, which is demoralizing the youth of Egypt and filling the hospitals and prisons. He deplores the absence of statutes dealing adequately with the evil and asserts that if the laws were made more rigorous and received more support from the public, Egypt could yet be delivered.

ERNE NEVERS IS VERSATILE

PALO ALTO, CAL. (AP)—Ernie Nevers, the 200-pound blonde athlete of Stanford university is pressing for honors the best all-around athlete in the annals of the west.

Nevers is a star fullback on the football team, one of Stanford's best baseball pitchers, plays a rating good game at forward on the basketball team and can throw the javelin. He has given little attention to track because of his baseball activity.

In 1923, Nevers' first year of varsity football, his team lost the big game with California, but not until after he had ripped the line to pieces repeatedly and won a place on Walter Camp's third all-American team. Nevers got even in the spring when his twisting helped to win the crucial ball series against California. In the fall of 1924 Nevers had hard luck. He was hurt badly before the first scheduled game and was kept on the sidelines most of the season. But he got into the post-season game with Notre Dame at Pasadena, and, though his ankles were weak, played until the final gun. He and Layden, one of the Four Horsemen, were proclaimed the heroes of the day. While the Rockie Islanders' wing, Nevers came near halting them single-handed.

After the Pasadena game Nevers was elected captain of the 1925 team. His admirers expect his last year to be his best. Incidentally, Nevers stands high as a student. Nevers' record is reminiscent of Harold (Hrick) Muller's at the University of California a few years ago. For two straight years Muller was one of Camp's first string ends on the theoretical all-star football squad. Muller also was a strong contender in the field events. He competed in the high jumps, threw the javelin and the discus. In the 1920 Olympic games he placed in the high jumps. Muller now is an assistant football coach at California.

Otto Anderson and Merle Kuer, of the University of Southern California, have been football and track athletes of exceptional ability in the last three seasons. Both were on the Olympic team last year. The name of Jennie, Washington State College track and field star, is also a familiar name in Olympic pole vaulting. In another recalled when the all-around athletes of the far west are mentioned.

GREECE STIRS WITH PROTEST

ATHENS (By the Associated Press)—The tide of public indignation is rapidly spreading throughout the country, and everywhere associations and public bodies of all kinds, religious and lay, are passing resolutions of protest, assuring the Greek government of the support of the entire nation in demanding satisfaction for the expulsion of the Greek patriarch from Turkey by the Turkish government.

Athens university has addressed a protest to foreign universities, while indignation meetings are being held in all the chief cities. Whether the Greek representative at Angora will be recalled depends upon Turkey's reply to the Greek note.

An imposing massing meeting was held Sunday afternoon at the ruins of Jupiter's temple. The crowds subsequently paraded the streets shouting for vengeance against the Turks. Special police measures were taken to protect the Turkish legation.

IMPRESSIVE RECEPTION IS GIVEN EXPELLED PATRIARCH LONDON (AP)—The Most Rev. Constantine, ecumenical patriarch of the Greek Catholic church, who was expelled from Constantinople, was given an impressive reception when he arrived in Salonki, Greece Sunday night, says a dispatch to the Exchange Telegraph.

PARIS (By Associated Press)—Eight Turkish and Greek ambassadors visited Premier Herriot today. The premier advised conciliation in the crisis caused by the expulsion of the Greek patriarch. Constantines, from Constantinople, and urged both sides to avoid acts calculated further to stress the controversy.

Stoop, deceased, has filed in the County Court of the State of Oregon for Union County her final account, and that the court has set Tuesday, the 2nd day of March, 1925, at ten o'clock A. M., at the court room of said court, as the time and place for hearing any objections to said account, and in case no objections are filed, for the settling and approving of same. Dated at La Grande, Oregon, this 29th day of January, 1925.

Notice to Creditors.
Notice is hereby given that the undersigned has been appointed

Executrix of the estate of P. A. McDonald, deceased, by the County Court of the State of Oregon for Union County. All persons having claims against the said estate are hereby required to present them to the undersigned with the proper vouchers within six months after the date of this notice, and to present the same to the undersigned at the office of H. E. Dixon, La Grande, Oregon. Dated February 2, 1925.

EMMA McDONALD, Executrix of the Estate of P. A. McDonald, deceased. H. E. Dixon, Attorney for Executrix. Feb. 2-9-16-23-Mar. 2

LUMBER MART IS STRONGER

A rising demand features the lumber market, says the American Lumberman, Chicago, "Book and Douglas fir mills reporting to their respective associations were restricted during the first part of January, due largely to weather conditions interfering with domestic consumption, but a marked increase occurred toward the middle of the month, leading orders up to about normal and above production by a fair margin. According to reports received this week from the various producing sections, the relative position remains unchanged.

The largest movement seems to be to industrial consumers and large markets, while interior trade is still limited on account of weather unfavorable to outdoor work and the hesitancy of retailers to buy before they can definitely ascertain their future requirements. Of the new business booked by the mills reporting to the West Coast Lumbermen's association during the week ended January 17, 49 per cent was for delivery by cargo—20,418,750 feet to domestic ports and 21,885,000 feet to foreign destinations. This but figure is especially large, indicating that export business has had a definite development. The same week totaled 64 per cent of the total deliveries.

The demand for railroad and special material, oil field stock and special cuttings of all kinds is reported to be very strong. Export trade also is active, especially with South America. Orders from the West Indies are increasing, and some attractive business is also received from Europe.

Both southern pine and Douglas fir remain in short supply, and the mills are well supplied with orders. Consequently they are not aggressively looking for business, and prices are well maintained. Here and there some small mills are offering slight concessions, but these have not had any appreciable influence on the market. Heavy rains in the south have seriously interfered with logging and mill operations, and are making for further stringency.

The hardwood market remains in good position, with demand heavy for the time of year, and prices advancing from the most popular items. The outlook is considered very good by hardwood and softwood manufacturers alike.

If a million dollars in gold had been laid away in a vault each year from the beginning of the Christian era to the present, the total accumulated hoard would not today amount to as much as the telephone plant investment of the Bell system.
